Hopeless Kingdom

A.K. Koonce

Hopeless Kingdom A.K. Koonce

What's more powerful than magic?

Revenge.

King Tristan wasn't prepared for a prisoner quite like Zakara Storm. The three beautiful fae men led her to her imprisonment and it's hard to see who is friend and who is foe in the dangerous and destructive kingdom.

A savior is all the humans want. Freedom is what the fae seek. Survival is all Zakara knows.

She'll survive, even if she has to watch the whole world burn to ash.

This is a reverse harem series, recommended for readers 18 and over.

Yasmin says

"I'll have to use the only weapon I possess; My alluring and delightful charisma, of course" eye roll.

Darrio seem like he threw his bother at her and then has the audacity to say 'Choose one'.

I like the series just not everything.

Michelle says

I have to say first, I loved this book! It was a good continuation of the series.

The character development in this book was phenomenal. I felt like I understood Zakara and her men better. They are so different from the types of characters and relationships that I usually read, and I definitely enjoyed the change.

The plot was a good mix of action and romance, and this story commanded my attention completely from page 1.

The ending of this story left me wanting more, and I cannot wait to see what happens next for Zakara Storm.

Rachael says

Another book that you don't really have to focus on. There are a lot of adult themes but I am starting to really like the characters. The storyline isn't strong but honestly, if you're reading a book like this, there usually isn't. ?

Leanne Clugston says

I loved the first one, but this one, holy moley! I couldn't put it down, it gave me so many more questions about what it going on, and I'm glad that I found this series when it was already complete, having to wait for the next one might well have killed me!

Kara, Darrio, and Daxdyn - oh my god. HOT as the fire that Darrio controls :o just - wow - I need to know what happens to bring Ryder into it all, I have to know everything to be honest - I'm about to jump into book 3, because I need all the answers.

Highly recommending reading!

Jessica Robbins says

Well now she is a prisoner and has to save herself go figure. Men should really be more useful especially with multiple around but what can you do. I was loving how she stayed mad at them but not to the detriment of the story. Great world building, lots of action, and some awesome steamy scenes. I am so hooked on this series by this point and look forward to book three. Highly recommended to fans of paranormal reverse harem romance novels. I loved it so i give it 5/5 stars.

Autumn Miller ~ autumnbookreads says

4.25 Stars

I really liked this installment in The Hopeless series. It was fast paced, constantly had my attention, and I did not want to put it down for the life of me. Time just flew by while reading it and before I knew it, I was finished.

I complained in my last review about Zakara. I found her annoying because she let her pride get in the way of her personal well being. If she needed help, she would not ask for it, even if it got her killed in the process. While she was still like that in this book, her "I don't want your help" personality was definitely toned down. It made her character a lot more enjoyable for me.

As far as the guys and her relationships with them go, they are progressing well enough. I love the love/hate relationship between Zara and Darrio. They always push each others buttons in the best of ways and I highly enjoy their relationship.

As far as Daxdyn goes, I like the way that his and Zara's relationship is developing, but I do have some problems with it. I feel like A.K. Koonce just decided to flip a switch between them in the middle of this book. There has been an attraction between Zara and Daxdyn, but I don't feel like there has been enough build up between the two of them to constitute as a relationship.

So far, I have felt an extreme disconnect with Zara's relationship with Ryder. Just like Daxdyn, there has barely been any build up between Ryder and Zara besides attraction. I need their relationship to develop a lot more if I am going to connect with it.

Overall, I really enjoy this series so far. While I have been having some disconnect with Zara and her relationships, the plot to this story has been great. Though, I do have a small complaint about the beginning of this book. The flow between the first book and this one felt a little off for me. I wish that A.K. Koonce would have transitioned between the two a little better. On a happier note, I will be reading the next book, Hopeless Realm .

Book Addict says

This book is even better than book 1 in this series! From page one until the very ending it was impossible to put this book down. In the book we see Zakara, an amazingly written MC, comes to life as you read and you can feel all of her emotions and really start to understand who she is. We get the chance to read more of the connection between Kara and Darrio, and they are great together! When she sees him smile for the first time is a special moment! But not only is she getting closer to Darrio she starts to connect more with Dax and on some level Ryder! This book keeps the reader captivated, it is full of emotion, power, and love! Do yourself a favour and read this series. Highly recommended!!!

Jordan says

Wow okay that was amazing. Literally just finished it and already want to read it again. I'm seriously in love with this series.

Kara is as badass as ever and the guys are just as great. Faced with imprisonment by the king, Ryder's stepbrother, Kara is trying to escape, unsure if she can trust the guys who brought her here. This book was great because you really got to learn more about the guys and see Darrio and Daxdyn get a lot closer to Kara. I really really have a love hate relationship with cliffhangers... hate for the obvious reasons but love because it gets me so excited for the next book and ensures that I keep thinking about it until release day! Seriously though, April 17 cannot come soon enough for book 3: Hopeless Realm!!

Kayla Pipkin says

Zakara is taken as a prisoner by the King Tristan.

But it's not exactly your typical imprisonment.

She needs to survive.

At any cost.

This story picks up right where book one left off.

You will definitely see more intimacy in this book.

As well as the relationships developing.

I thought we got more information as to what exactly is going on.

I know in book one I felt a little lost on what was going down, but we are slowly getting answers.

Again, it ends on a cliffhanger.

This book was mainly told in one point of view.

However, the epilogue is told from one of the male characters.

I need to know what will happen next.

I'm excited to follow their journey.

I highly recommend this series.

If you haven't started it yet, go do it now.

Jaime (Two Chicks on Books) says

I just love A.K.'s Books and this series is my favorite of hers! I love how the deeper we get in this world the more curious I get about it! I hope we find out more in book 3 because even though this reads as fantasy I can see something maybe dystopian-ish about it too. I can't wait for book 3!

C.J. says

This was good but I got a bit frustrated with the characters. It was as if they all knew something but it wasn't being addressed in the story. Why they returned willingly and seemingly surrendered didn't make much sense, especially why they didn't tell Kara beforehand. Kara forgave their deception too quickly as well. Other than that it was good and I'll carry on with the series.

Lynn's books says

More plot

We learn more about secrets and pasts involving Darrio, Dax and Ryder. Kara just leaves me with more questions. I don't think her dad was as simple in status as she believes. The end of book 2 just shoves you off the edge...right over the ledge. A true plot twist. Gotta go onto book 3. I need to know how this plays out. How is Kara going to proceed, what exactly can her powers do, what monsters lie in wait for her, how will she find her guys, what will happen to them on their journey to reunite...?

Katherine Bogle says

You ever just get so into a book you don't feel time passing until it's the middle of the night (or morning lol)? Well that's how *Hopeless Kingdom* made me feel. Time slipped away, minutes turning into hours as I devoured the world of Kara and her fae.

So much happened, from romance, to plot, and lots of character development for Kara, Darrio and Dax. I can't wait to see where this series goes, and I can't wait to get to know Ryder more (which I'm thinking will happen in book 3 because of the end of book 2). Now if only book 3 was available sooner.

5 stars. Didn't have the same issues from the first book, so bravo to the author!

Cassandra Cobb says

A.K. Koonce has done it again! She has a way of using a writing style that is easy to follow along with, both for story development and character personality, but also allows you to be able to immerse yourself into the world she has created. Great to see more development for Kara and her men, though we are kept on the edge of our seat in regards to just what is happening. After the way *Hopeless Magic* ended, and subsequently how *Hopeless Kingdom* began, it was really becoming hard to see just who was on Kara's side, and who opposed her. With the way we've ended this book I'm intrigued to keep the story alive with *Hopeless Realm* when it lands!

Victoria (nocturnalintimacy) says

Kindle Unlimited.

The plot doesn't become any clearer in book two. If anything, it becomes more convoluted with twists, but no satisfactory resolutions. This is especially disappointing because I think this premise had potential to be very fun.
