HE IS A GOOD BOY.

## Shadowdenizen says

4.5 stars, rounded up because... well, it's Lockjaw!

As a longtime fan of the Inhumans (and the Pet Avengers!), and an owner of a Lockjaw plushie, my opinion is admittedly biased, but I loved this title!

I didn't expect much at all from this comic. Boy was I surprised. I enjoyed the art and found Dennis a charming star in this. I'm not sure how Kibblesmith (which is a great name for a creator on a pup comic) pulled off such an optimistic/fun story while portraying Dennis' angst, but he did. It worked to make me both happy to be reading this take on the Marvel world, while also hurting for Dennis to have some good luck for once. I'm cheering you on, guys!

(I'm experimenting with a personal checklist in order to understand what I look for in the genre. This got 36.75/50)

A comic book about a giant dog? YES!!

I am not an Inhumans fan at all, but Lockjaw has everyone's attention and love because he's.... a dog! I had no idea what to expect from this, but I'm pleasantly surprised. I like the portrayal of D-Man, it shows a real life aspect to a superhero.

The story did get pretty depressing though on the Dennis side, something I wasn't expecting with a comic book based around a dog.

Overall I'm happy with issue 1 and excited for issue 2!!!

This was super cute! I'll probably read more of them

**Sergio says****Teleporting doggies rule!**

Nice to read a story in a comic that didn't depress me or deal mostly with folks in tights punching each other. Not saying folks in tights punching each other is always a drag. Anyway this is a fun book and I'm looking forward to seeing where the story goes.

**Ido says**

He is so cute (Lockjaw) but the story not so good...

Queer content alert!

Lockjaw is a good read. The end.

No but really who is this treasure of a writer, because, sir, I will send you all the dog photos. I don't know how this could be so good but damn son, it's GUNNA GET GUD.
