3.75 - definitely hot in the love scenes And loved the cat-n-mouse chase at the end. well written and you feel the fear and the rejoicing with how it all plays out. however, even though a novella, the love they feel for each other feels very forced and I spent a lot of time trying to figure out if the friend was a friend or going to be a backstabber, so the friendship felt fake.

### Kim says

I would love a series started from this story...I loved Jessie, Tru and Rick's story!

### Sharon says

I purchased this e-book from Barnes & Noble and read it on my Nook.

3.5\*, rounded up for GR

Jessie is a waitress at the bar that Rick and Truitt go to. Rick and Truitt have both flirted with Jessie and do so each time they see her. Both want to take her home with them, so they proposition her together, and each time she declines. Then one night, she gets falsely accused of stealing and fired. On this night, she accepts their offer. Then, the morning after, she is accused of murder and then soon after kidnapped by a serial killer terrorizing the city.

Whew! There is so much packed in this novella! I did enjoy the ride, lots of hot sex. Good, likable characters. Jessie didn't need saving and I appreciated that. I do think Jessie let Rick and Truitt off a little too easily. I think more groveling was necessary after what they did (or in this case didn't do).

### **Soulful love**

what a ride. from a night where she lost her job, to having a hot 3-some, to being number one suspect for a murder, to being taken by a serial killer. how much drama can you stand? the love love of her men is heartwarming and endearing. love Maya Banks!!!!

Library, audio  
Crap  
Don't know if it's the author or just a lousy book....

### **Biba says**

I loved this book. It was so much better than I was expecting. I loved Jessie and Rick and Truitt. I loved all the angst too, I think that was my favorite part. I'm not sure I would have forgiven Rick and Truitt that easily though, Jessie is just such a nice person I guess. I wish there was more to the book, like a sequel, wanted to know more about Jessie and the boys.

### **Martina Spinaci says**

la protagonista si fa due poliziotti. insieme. La Banks è molto esplicita e fantasiosa nei suoi racconti.

### **Rachel says**

Outside of the sex scenes (which were HOT AS HELL), the book was a bit to corny and predictable as well as unbelievable. It is what it is though. \*shrugs\*

### **Cassie says**

Love this book! Although I am partial to Maya Banks and think she is a fantastic author.

Just another story for transition before reading the good ones. :)

**Doris says**

2.5 sweet but a bit lacking for this reader. Too shallow in plot and character development for me. Way too goody goody... sorry.

**Angel Padillo says**

Maya Banks is just a fantastic storyteller!
