**Summertime in Somewhere** Becca Boyd  
*This is an alternate Cover Edition for ASIN: B011A8ZZKK.*

BOOK TWO IN THE LINE OF FIRE SERIES, and part of the Somewhere, TX continuity saga.

Tande Walker is swimming in love. Her brother met his soul mate, her best friend is engaged, and to top it all off, Tande has the town's biggest wedding to plan for. All she can focus on is the job she has to do to get Brent & DJ across the marital finish line.

But someone does not want this wedding to take place.

They've been getting veiled threats for weeks, but when a creepy gift shows up and shakes up everyone's nerves, Tande takes matters into her own hands. She's going to get the police to take her seriously if she has to take hostages to do it.

Marcus Edison has spent his whole adult life getting over Tande. She broke his heart, walked away from Somewhere, and put him in her rear-view. And for the brief moments he's allowed himself to hope she might come back, all she wants is a quick fling.

But he's not interested in flings anymore. And he's over Tande. Completely. At least, that's what he's told his family, friends, and coworkers. Not that they believe him. All it takes is one look at her, ready to mow down the whole Sheriff's Department, for him to get crazy on whoever is threatening her.

He'll do what he can to protect her, if she'll even let him, but when some of the threats start getting personal, he doesn't care if they're friends, benefits, or frenemies. He's sure he can let her walk away again, as long as she's alive...

## From Reader Review Summertime in Somewhere for online ebook

### Nicole says

R.L. has delivered another great story from Somewhere, Texas.

I found myself routing for Marcos from start to finish, and occasionally wanting to shake some sense into Tande. As the story develops, we realize there's more to her reluctance to be in Somewhere than just one night of embarrassment. Tande stands up against one hit after another, feeling the constant need to prove herself and try to salvage her reputation. All Marcos wants is for Tande to return his love.

This book had a longing love story mixed with a bizarre mystery that kept me turning page after page, long after I probably should have put it down to do some work. :)

My only wish for this book would be a little more on their relationship and their past together. I think that's always my complaint, though. If wanting more is all I can come up with, then I think that's not too bad.

---

### Heather Micozzi says

He let her go once, will he do it again?

R.L Rebecca Syme? draws you in from the turn of the first page. This romance, mystery, suspense will have you on the edge of your seat as one disaster after another engulfs Tande as she tries to prove she is an incredible wedding planner after the debacle that happened the last time she was in Somewhere, TX. Reluctantly, she agrees to have Marcus help her with security. From the crazy fans who are there to get a glimpse of the wedding to \_\_\_\_\_, causing all of the disasters. This page turner will have you on the edge of the seat trying to figure out who is behind everything.

Will Marcus and Tande be able to put their past behind them so that this day and wedding is a success? You will have to read to find out. Who doesn't love Somewhere, TX?

The added bonus you get from R.L. Syme's books is a fabulous recipe! Who doesn't enjoy a nice treat at the end of an awesome story?

I was given this ARC book from the author for my honest opinion, and my opinion is R.L. Syme knocked this one out of the park. It is a must read. I can't wait to read more from Somewhere, TX!

---

### Rhonda Campbell says

A great story full of suspense.

Tande had me all over the place. First thinking she was a heartless witch, then feeling sorry for her. But finally understanding her better, I had to emphasize with her situation. Her strong, independent, overachieving and stubborn side makes sense. And it was definitely being slung at her from every angle.

Marcus is an ex-marine who is now in law enforcement. You would think he would be a typical alpha male, but Tande has him so tied up in knots he can't move past her. Poor man had my sympathy from the start. Every time he gets on track she knocks him off again.

---

### **Heather andrews says**

Even in a bad situation Marcus can find humor to make sure his girl is alright, "he cleared his throat, a hint of laughter there. "Next time you say anything, could you be more specific about the anything you want to hear? Save me the time?" There were no naughty bits in the story, but I still enjoyed it.

---

### **Ellen Anderson says**

Well let me start by saying how much I enjoyed this book. R.L. Syme has written a page turner that I didn't want to put down. Wait a minute, I didn't put it down until after I finished it sometime this morning when the alarm clock was already going off. Good thing I didn't have plans for today, had to catch up on that missed sleep. LOL

Really enjoyed Marcus and Tande's story. Probably could have used a little more information on what ended up happening to the bad guy, but I'm sure most have their own opinions on that anyway.

While I have only rated this a four star, don't think that means it wasn't a great book. I think the only thing keeping me from giving five stars on all of Ms. Syme's books is the fact that her Somewhere, Texas books are written with a group of other authors. From what I have been able to figure out this evening, I believe these characters and some of the events talked about, may very well have been written about or mentioned in one of the other authors books. So while everything would seem crystal clear to someone who read the entire Somewhere, Texas series or saga as these authors like to call it, makes it a bit tougher for someone like me that only reads Ms. Syme's contributions to the series. To me it's like there are bits and pieces missing. I also enjoyed catching up a bit with Joe, Aiden & Claire from previous books.

\*\*This ARC was given to me by the author in exchange for an honest review.\*\*

---

### **Itsy Bitsy Book Bits says**

Threatening notes and the feeling that something isn't right can go a long way. Tande and Claire can't afford to let this wedding go to ground. After bad press involving Tande Walker and Marcus Edison at the last big wedding held in Somewhere Texas for Marin Conley and Preston Beckett, Tande hasn't been in the public eye or even meeting clients, Claire has done it all. Until now. Find out what happens when Threats hit a little close to home and fans are involved.

Tande Walker needs serious damage control following a disaster of an event. That's what brings her back to Somewhere Texas for a wedding that could potentially save her career. When the groom is famous there is bound to be some hiccups. Tande won't let anything deter this wedding. Brent and D.J deserve the best. Claire and Tande plan on delivering just that, until some things start to go wrong.

Marcus Edison, is not the goof anyone would expect. He is the kind of guy that will work straight through his days off when someone he cares about could possibly be in danger. Throw into the mix the history and chemistry between him and Tande, and you have the ingredients of something explosive. Seeing her at the station wasn't expected. Last February wasn't his fault.

R.L Syme does an incredible job of telling this compellingly mysterious story. I have to admit that I am usually one that can figure out where a story is going pretty quickly, however with this story I couldn't put it down because I just didn't know. I suspected, but I didn't know.

Find out what happens as Tande and Marcus work together to find out what exactly is going on. You won't be able to turn the pages fast enough to find out if the explosion is fireworks or emotion.

### **Nicole Laverdure says**

A real page turner!

I love R.L. Syme / Becca Boyd's stories set in Somewhere, Texas! FIRE FIGHT really pleased me! This author grabs your attention from the first page until the very end. This story is a wonderful, well written, romantic suspense that will captivate you, chapters after chapters. I loved her two main characters Marcus and Tande.

Tande is planning a wedding for DJ and Brent, and meeting her ex boyfriend, in Somewhere, Texas, wasn't part of her plans. Also, someone doesn't want this wedding. Why? Who? Marcus and Tande are both so stubborn, and if they want to start a new relationship, they'll have to trust each other. Can they forget their past, move on, and build a solid relationship, based on trust and love. In the end, they will soon realize, that they were meant for each other!

FIRE FIGHT is a fun suspense filled with romance and intrigue!

---

### **Toula says**

Tande comes back to Somwhere in Texas for a wedding she has to plan . It's one strange thing after another. It's a wedding for a singer and all his fans are in Somewhere in Texas . Someone is Stalking the singer . Thing is someone is stalking her also . They know everything she does and everywhere she goes . Example she goes to the sheriff office ( and that is where she sees her lost love ) Marcus . They both are trying to fight their feelings for each other . Sure enough when they go back to the hotel room things go real weird . There are roses for her and a note saying she shouldn't have gone to the police. It's one thing after another . One accident after another . It seems someone is trying to ruin the wedding for her . And to top it off She and Marcus have a history that the newspaper spread all over it .

Who is stalking the singer .... Who is stalking her and ruining everything. Will Marcus and her work things out ?????

---

### **Marcie Wegner says**

I felt like I was missing something. The storyline was wonderful. The main characters have a good backstory and motivations. I believe the characters and some of the events talked about in Fire Fight must have been written about in either the first book in the series or in the Somewhere Texas saga (which I have not read). To someone like me, who this is their first introduction to R. L. Syme, it feels like pieces are missing. Don't get me wrong. I think that if I had read the rest of the series I would be raving about the story. As it is, I think it is a good read, just be prepared to feel a little lost if you haven't read the first book and perhaps the Somewhere Texas saga. This book was given to me by netgallery in exchange for an honest review.

### **Joyce says**

I enjoyed this book , some suspense and adventure .

Tande is a Wedding planner and moved away from her home in Somewhere Texas .

Tande and Marcus have a explosive relationship, and they try to stay away from each other. After being caught naked in a closet at a high profile Wedding she was hired to do.

When things start going bad at her best friends wedding so goes to the police for help guess who is the only that will help her Marcus.

---

### **Dina Bushrod says**

I love author R.L. Syme's stories of the people from Somewhere, TX, and this story is no exception. We have a big wedding of a homeboy country star and his beautiful Somewhere, TX bride. The wedding planners are both home girls but now living in Austin. But there's trouble brewing as one of them, Tande, is getting threats and all she wants is the wedding to go off without a hitch and get out of her hometown as soon as possible, a place she never wanted to see again. A place where the man she's loved forever, Marcus, chose to come back to instead of staying with her in Austin, even though he says he loves her. He does still love her and being around her, when she wants no part of him is hell. Stubbornness and secrets keep them apart. But they will have to work together to try and discover who's sending the threats and even started a fire at the site of the wedding. But they are captured and their lives threatened, will they both survive? Well I've already said too much because I don't like giving spoilers. Don't miss this stand alone story of the people from Somewhere, TX and if you haven't read the other books go get them now, you won't be sorry you did. You will run into others throughout the series that you've read about before. I recommend this book to anyone who enjoys reading about great people, their stories of success and losses, plain craziness, and loves lost and some found all in an amazing Texas town.

### **Jessica says**

FIRE FIGHT by R.L. Syme

She walked away once and he let her go, but when her life is on the line, can he watch her walk away again?

Tande & Marcus.. the tension between them is palpable off the pages.

Tande helps organize weddings and when she comes back to Somewhere, TX for DJ & Brent's wedding she isn't looking forward to running into Marcus. She needs the business so she has to go.

"A rocketing heartbeat took her voice and she had to close her mouth to keep from panting, which pissed her off more than the inferior treatment."

I love when two people fight their emotions so much. It adds so much to the story. To know these people have strong feelings for each other but they are either too scared or too stubborn to do anything about it!

Anyways! While in town for the wedding Tande starts getting threats, so she goes to the police department, but is disappointed because no one takes her serious.

I had my guess as to who was making the threats, but R.L. Syme kept me guessing until the last chapters. The ending was so intense. I kept yelling at my kindle.. "No, don't do that!" "Would you just listen to him" lol I think I yelled at Syme's last book in the Texas saga Fire Away. I love when I get so into the book that I feel like I can yell at the characters!

I loved the whole Saga! LOVE SOMEWHERE, TX!

---

### **Margaret Sholders says**

I am a fan of R.L.'s books. She has given us the active story line to keep us wondering what is going to happen next. She has developed her people to believe in themselves but not necessarily to the good. Tande and Claire are owners of a Wedding and Party business in Austin. Tande used to live here in Somewhere and didn't want to come back. They are managing a country singer's wedding. There are fans who cause problems, someone is sending threats to Tande and she is seeing her past love. Marcus still loves her but they always fight. There is a fire, the dresses get destroyed and Tande disappears. Spoiler. You really have to read this story if you want to know how the Wedding ends and what happens with Tande and Marcus. You won't regret it! I have this book for an honest review for NetGalley.
