## **The Billionaire's Affair** Julie Farrell

Warning: Contains steamy scenes a-plenty, a handsome dominating billionaire, and a thrilling ride full of secrets and spies!

Ever since she walked out on him seven years ago, hotel manager Sarah Newell has regretted leaving her college sweetheart Dylan Quinlan behind. Destiny, however, has a sense of humour. When she crashes into a room at the luxury hotel to find Dylan with a knife at his throat, she knows he's still trouble. She wishes she could walk away and continue running her beloved hotel as if she never saw him. But unfortunately for Sarah, he has a touch that makes her soul sizzle.

Handsome businessman Dylan Quinlan's biggest regret was letting Sarah go. But - more pressingly - he's regretting his affair with the wife of a Russian associate. The Russian gangsters want him dead, and they're determined to uncover his family's darkest secrets. He still wants Sarah, though, and this time he's not letting her walk away. He's prepared to use every seduction trick in the book to keep her by his side. But for that to happen, he needs to keep them both alive.

As if being thrust back into each other's lives after all these years isn't enough, can Sarah and Dylan's love survive this dangerous and exciting adventure that all started with the billionaire's affair?

## From Reader Review The Billionaire's Affair for online ebook

### **Patsy says**

#### **ENJOYABLE, INTRIGUING BOOK!!!!**

I loved the first book, but I think this one is even better. It hooked me from the first page and I couldn't put it down. It's full of twist and turns, drama, action, steamy romance, suspense, and even a murder. I loved the chemistry between Dylan and Sarah. I thoroughly enjoyed this intriguing book and would highly recommend it. You need to read the first one too. You will love them. There is a cliffhanger, but let's hope Joseph's book comes out soon. I can't wait. I received this book as a gift for an honest review. Patsy Sacco

### **Steve Cann says**

This second cracking entry in Julie Farrell's Billionaire romance series concerns Quinlan brother Dylan - and is set in London, where he returns to a hostile reception... he's now in big trouble due to his affair with the wife of a powerful Russian businessman.

One thing he hadn't bargained for though was running into old flame Sarah, who re-enters his life due to a strange twist of fate at the beginning of the story - the spark of their old romance immediately becoming rekindled, and soon to burn red hot!

But, there's not quite time for them to rest easy yet, as danger lies ahead for them both as they endeavor to prevent the blueprint of Dylan's brother's priceless invention falling into the wrong hands - and they both become drawn into a world of espionage, high drama and even higher stakes.

As always, Julie's beautifully crafted and descriptive writing style is to the forefront. As a reader you always feel you're right there amongst the action, truly experiencing at every turn the whole range of emotions and sensations the characters are feeling and experiencing themselves.

This sequel to The Billionaire's Kisses is bristling with tension, plot twists and a very high steaminess count, as Julie weaves yet another intriguing and entertaining story that definitely sets the pulse beating hard and keeps you guessing right till the end.

I'd highly recommend this book - this is definitely one affair that you will never forget!

### **Linda says**

I'm really getting into this series by Julie Farrell. This is the 2nd in the series with a prequel (which is Free) from the author.

---

### **Isha Coleman says**

Dylan Quinlan has a tendency to act without thinking. For that reason he always ends up in bad situations. Sarah is more staid and level headed. Dylan was Sarah's first love but his impetuous nature is ultimately what tore them apart and sent them separate ways. Thrust back into each others lives seven years later, all the same feelings are there. Yet this time Dylan's bad decisions bring on a whole world of trouble. Suspenseful, fun and engaging entertainment. I received a copy of The Billionaire's Affair by Julie Farrell for an honest review.

---

### **Heather says**

Dylan Quinlan is in London running Grafton Tech, which the brothers acquired in Book 1. Dylan enjoys the ladies but somehow, this time he picked the wife of Russian tycoon Vladimir Orlov. Natalia Orlov and Dylan are being threatened in a hotel room when the hotel manager Sarah hears the noise.

As luck would have it, Sarah is Dylan's college girlfriend and the only one he's truly loved. Unfortunately, sometimes life gets in the way and true love isn't enough. Dylan had put Sarah on a plane home after graduation so that she could take care of family issues after the death of her father. They both feel like the other has walked away and neither of them is really ready to give each other a second chance.

I enjoyed the twist and turns of this story and the continuation from book 1. I would not try to read these out of order, as there's too much back story that matters going forward. My one concern is that if you read book 1 and go straight to book 2, is that the two books felt too similar. I did read a couple of other books before going on to book 3. The similarities were not enough to take me away from the series, just remember to space them out a little more.

### **Zeinab Dh says**

I got this one in exchange of an honest review and let me tell you its starts with aloha my god how awesome it is. From the start is was full of action and how the old lovers reconnected and it all starts anew. It full of action from all sides not only romance but suspense. There were many aspects to this book that I had no idea would be included but I loved them. I loved each character even the bad ones sometimes those are the best. Besides we each change from day to day imagine form years to years. As always Miss Farrell writes amazing work and this is also another successful one start it now you will adore it.

## **Franteld Wessels says**

This book is super.

As i read the book i wondered if Dylan & Sarah will let each other into their hearts and with all the drama that is happening wonder if they will survive...

The story is well written and kept me on the edge of my seat. I honestly struggled to put the book down.

Its an amazing pove story and the characters grow as the book progress. I will recommend this book but you'll have the start from the beginning.

I received an copy from the author for an honest review.

## **Lorraine Brattin says**

### **What an incredible book.**

Julie Farrell wrote another riveting tale about the Quinlan brothers. Really had a good time reading about Sarah and Dylan and following the trail of suspense in this book. Laughed at the interaction between the brothers and I really love Joseph the youngest of the 4 brothers. Ready for book 3.

---

## **Lucy says**

This Dylan and Sarah's story, the story does follow on from The Billionaire's Kisses (book 1) and The Billionaires heart (novella) so I would recommend you read both of those first.

I was hooked from the first page, I loved that this book was full of love and romance BUT it was also action packed with many twist and turns :) can't wait for book 3, Joseph's story

## **Roxie's Reviews says**

"Love may fade but never dies"

This is an amazing Billionaire series!. The story line is fantastic and the characters are awesome!. In this one Sarah and Dylan were young college lovers who had to part. Now years later they meet up again they are still very attracted to each other. Only Dylan has troubles with a Russian gang, and he pulls Sarah right into the middle of it!. Sarah is worried if she lets Dylan to close she will just get her heart broke again as Dylan is now a billionaire playboy. What with trouble with the Russian's , and fighting what their hearts want. This makes an amazing Romance full of suspense,action and scorching hot romance!. This is a must read book!

---

## **Monique says**

THE BILLIONAIRE'S AFFAIR starts with a bang! We jump right into the action as Sarah comes face to face with her old college beau, billionaire tycoon Dylan Quinlan, whom she hasn't seen in many years. Flames are rekindled, but there is a lot of danger ahead!

And it's another winner for Julie Farrell! THE BILLIONAIRE'S AFFAIR features a lot of action, and not only in the bedroom! It's super sexy and scorching hot, but very suspenseful as well; there are several plot twists I never expected. I loved the characters, even those I love to hate. People are not who they pretend to be, new relationships are formed; nothing is as it seems.

---

Ms. Farrell's writing is as descriptive as ever: her attention to detail, to the settings is always spot-on. And her prose, oh her prose! She knows just how to put words together and turn them into perfect sentences, which make a perfect book. Let yourself be seduced by another Quinlan brother!

---

### **Judy C says**

Mature adults!!

Dylan Quinlan was the brother that interested me the most. I really enjoyed his story. He's reckless and gets himself in trouble. Oh my favorite. His past plays a big role into shaping the man he's become. Sarah is his first and only true love. She and her love has left an imprint on his heart. She is smart, level headed and has to leave college early when her dad passes away to care for her mother. Fast forward to one of Dylan's reckless ways which happens to put him right in the grasp of a man with a knife. This man wants to kill him because he believes he's having an affair with a married woman. now that's a great way for an old couple to get reacquainted and you get a great start to the book. I'm a huge fan of this series and I can't wait for the next book and Julie writing. It has suspense, Quinlan family humor, and hot love scenes.
