## **The Forsaken** Laura Thalassa

Since her Awakening, seventeen-year-old Gabrielle Fiori has known the devil wants her as his own, and that when she dies, he'll finally lay his claim. Evading death should be easy. But when a prophecy linking her to the lord of the underworld is leaked, supernaturals-both good and bad-come together for one purpose: to kill her, the girl they believe is the anti-Christ. Andre de Leon, Gabrielle's soulmate and the king of vampires, will do anything to save her from a fate that's been predestined for thousands of years. Even if that means killing. Even if that means dying. But Gabrielle harbors a secret: death is only a matter of time. The magic that flows through her veins, changing her from human to vampire, is killing her. Her heart is slowing, her lungs strain for breath, her body sickens. The world has forsaken her, and unless fate can save her, she'll be damned to hell and the devil that waits for her. And this time, it'll be for good.

### Ari Reavis says

This whole series is so great. I read it in 3 days. Could not put it down. I cried towards the end of this book. Any book that can invoke those kind of emotions is an A+ for me.

Whenever I find a series that I enjoy, so much so that I go & check out what other books they've written, & then I find that they've released a bunch of other highly rated series... I feel like I've hit the jackpot. So lucky that I've found a new, potentially favourite author & I just can't wait to read more of their books & start this new epic author love. Laura Thalassa & this series she has written is this. This book is as amazing. SO GOOD. So Gabrielle was a little stupid in making deals with the devil, I don't even care because it's SO GOOD, & that ending!

What did I think? I think that Laura Thalassa needs to write faster. Like, way faster, because I need book #5 yesterday.

I'm going to assume that if you've read book #4, you've probably read the first three as well. Wow. This story, this story! You never know where it's going to go, and even better, how it's going to end. At this end of The Forsaken, I have no clue how Gabrielle is going to get out of this mess. It seems impossible. I also have no idea how Andre is going to keep it together. Book #5 is the last one of the series, I think, and I seriously hope Ms. Thalassa has something up her sleeve to rescue these poor, doomed souls. Because I'm at a complete loss here.

This series has grown on me so much, that I find myself theorizing possible outcomes! And none are as likely as the next. Yeah, so I just need the last book now, thank you!

I have to gather my thoughts before writing a full review. I'm completely speechless...

*"Welcome to hell, my queen."*

Well that was a fucking ride.

## **India Leigh Reads says**

This book picks right up where the last one left off. *Literally*. Andre and Gabrielle are jumping from the plane. They are on a race to attempt to change Gabrielle's fate on becoming Pluto's consort. There isn't anyone to trust because almost every paranormal group wants Gabrielle dead. They'll get their wish granted soon- if they don't kill her themselves- because her heart is slowing and Gabrielle knows she's dying.

The Devil wants his precious siren/vampire mix more than ever. He knows she's dying and will be in his arms before another lunar cycle.

*"Come, consort," said Pluto. "I've laid you in my bed, touched your bare skin with my fingers and spoke of eternity with you."*

Is it bad I'm torn? I hate the man in the suit-but he's showing another side of himself to his consort. I'm finding myself more and more excited for Gabrielle's moments with the Devil.

But don't worry- I still love Andre, our beloved vampire king. In this book, Andre and Gabrielle get closer than ever. (view spoiler)

Oh and we can't forget Leanne and Oliver. Where Gabrielle goes they go. They're just as determined to stop fate from claiming Sabertooth as well. I need Oliver to be my best friend. Every scene he is in I laugh out loud. The T-shirt he gave Gabrielle- *I kissed Satan and All I Got Was This Shitty Shirt*. Seriously Oliver.. You're my favorite pixie stick with attitude.

The ending left me with wide eyes. After I type this review I'm diving straight into the next book. No shame I've read the first 4 books of this series in a week... don't judge.

## **Kelly Clare says**

Something about this story has always seemed a bit lacking to me, though well written (you notice I have read all 4 so far). I think the authors other works are better built. I still love the relationship between andre and gabrielle and of course, Oliver is amazing as always.

### **Initial Reaction:**

The Forsaken by Laura Thalassa picks up right where The Cursed left off (SPOILER NOTE: If you haven't read the previous books in this series, there are minor unavoidable spoilers in this review). Andre and Gabrielle are on the run as the clock on Gabrielle's life begins to wind down. She is more vampire than human now and if she's going to escape the Devil, she needs to find a way to NOT die. Easier said than done for this heroine ;)

Laura Thalassa has done it again! Not only has she left me with a massive book hangover but also a cliffhanger I can't handle!!!! My favorite characters are back and of course I love them. The world-building and prophecy surrounding Gabrielle are delved into a bit more and overall this is just a fantastic bridge to the end of the series :D

Gabrielle and Andre are two of my all-time favorite characters. Gabrielle is independent, a bit naive, and willing to do whatever it takes to save those she loves including giving herself for them. Andre will do ANYTHING to save his soulmate, and I do mean ANYTHING! He's handsome, a bit rough around the edges and for a man/vampire who hasn't had human emotions in hundreds of years does a pretty good job of having emotions where Gabrielle is related.

This book, more than the others, focuses solely on Andre and Gabrielle, their relationship, and their ultimate separation. It's darker than the other volumes as Gabrielle faces her death, but also more romantic as Andre and Gabrielle come face to face with their feelings for each other. They've already admitted they love each other, but it goes much deeper than that in this installment to the series. I can honestly say it tugged on my heartstrings more than once!

Overall this book, while short, is perhaps my favorite of the series so far. As I already said you get a more in-depth look into Andre and Gabrielle which I loved, but there's also this time element that Gabrielle is fighting. As the clock winds down, the author conveys (very well) this sense of dread and foreboding that has followed Gabrielle through the whole series. Is this book a bridge to the end? Yes, there's not a lot of character growth/development and it doesn't really deviate from the series main plot as we get closer to the end. Is it still enjoyable? ABSOLUTELY!!! If you're already a fan of the series, don't put off reading it!! If you're not, I suggest starting with book one and working your way through especially if you like young adult, urban fantasy :D

### **Felicia says**

I love this series! I can't say it enough! Every book I've written by Laura has kept me roped in from beginning to end. And after I've finished it leaves me wanting more!

This series is a 5 book series. I feel like the plot has to be ridiculously thought out and well written to keep someone intrigued for five books. And boy is it definitely both!

From the beginning of book 1 to the end of book 4 I have not ever wanted to put the book down. There is always something happening to peak your interest. Whether it's the devil story line, the love relationship between Gabrielle and Andre, the non stop action, or my favorite gay fairy Oliver!

And let me tell you do I LOVEEE Oliver! Along with all the other wonderful reasons I love this book he is definitely among the top. His lines of dialogue constantly have me cracking up. He is definitely a highlight of this book! One of my most favorite characters of all time. :D

Laura is surely becoming one of my favorite authors. (:

actually 3.5

won't lie, I fought back tears near the end for chapter about how Leanne, Andre, and Oliver where facing it. Anyway, I'll try to keep this review as spoiler free as possible, because a lot shit goes down.

Annoying as fuck as always ~~Gabrielle~~ Soulmate and Andre are on the run. Soulmate questions EVERY SINGLE EFFING THING they do and also COMPLAINS ABOUT EVERYTHING, even though she's on the run for her life.

"Like, omg, we have to camp on the ground? In a tent? NO."

"Like, omg, I have to walk through sewers though it might save my life? Ew. NO."

Andre steps it up in this book in spite of Gabrielle fighting it the entire way (there is literally no answer for why she does this.) Instead of trusting him, she just hides everything from him. Yea, remember how that's gone before? Ugh, this girl. Anyway, back to Andre. He is kicking ass and taking names and doing everything in his 700 years of vampire power to protect her.

Oliver and Leanne step it up too being as loyal as ever. EVEN THE DEVIL STEPS IT UP. Hinting that he may not be as cruel as he seems...maybe?

**THE ONLY ONE WHO DOESN'T STEP IT UP IS GABRIELLE. ARGH!!** I'm sorry I'm so bitter.

After "The Coveted", "The Forsaken" is definitely my most liked out of the series so far. There is death, anguish, it's uh..generally not a happy book, but it's written well. You can feel Andre's desperation, Leanne's place as a seer where she's stuck between a rock and a hard place, and we even get to see a more serious side of Oliver.

The book doesn't leave us on a rip your heart out cliffhanger since Laura Thalassa pretty much spells out to you what's gonna happen, but it was raw, and I almost cried.

This paragraph contains spoilers- but not a big one. Anywho, skip it if you don't want to know:

Overall a good read with a really good ending. Cannot wait to read the finale to this series. I'm interested to know what role Divine Power will play and how Gabrielle once again outsmarts the devil. I sincerely hope Leanne plays a greater and more powerful role as well. Till then!
