## The Omen K'wan

After the incredible success of Animal, K'wan is back with the second, bloody installment in the new Animal saga. Secrets are revealed, sides are chosen and bodies are dropped...it's on!

The man ordered to take Animal from the world turns out to be the man who brought him into it. Animal finds himself torn between his hatred for the father who had abandoned him and the man who had taken everything from him. An uneasy truce is formed between father and son to take down a common enemy and finally grant Animal his freedom from the blood debt he's carried for so many years. But when the ghosts of Animal's past catch up with him he learns that nothing is what it seems, and everything is subject to corruption, even his love for Gucci.

## From Reader Review The Omen for online ebook

### Locksie says

Truce or Not?

Book two in the Animal series, is admirably written and reveals a few surprises as the much loved main character Animal, reunites with loved ones and has to come to terms with an appearance from the man who abandoned him.

Once thought to be dead, Animal is very much alive with vengeance etched in his soul. But before he can give his enemies what he feels they deserve, Animal is still being held captive by Priest, the man sent by, Shai Clark to kill him. What Priest reveals to Animal has his emotions all over the place and in order to settle old scores with Shai, an unorthodox approach is necessary...

Animal II: The Omen, comes in with a sharp storyline, crisp and short snap shots of previous important facts pertaining to the star characters and packed with 'shoot 'em up' action.

This is crime drama at its best! A recommended read!

Action & violence continues. These are some tough characters. The introduction of Black Lotus helped make this an even better page turner..

;;;;;;;;;;;

The correct order to read the Hood Rat Novel series is: Hood Rat, Still Hood, Section 8, Welfare Wifeys, Eviction Notice, & Animal. FYI readers: "The Leak" is a prequel of "Welfare Wifeys"; "The First & Fifteenth" is intro to "No Shade"; "No Shade" is a prequel to "Eviction Notice"; "Ghetto Bastard is the beginning of the Animal series. This is why the books are listed in such order.

In the 3rd installment of the Hood Rat Novel Series: Section 8, Animal is mentioned on page 48, but he's

fully introduced on page 80; however, his first-time wrecking havoc is on page 91 as a frail, little, wild-haired boy who introduced himself as Animal on page 92.

In my opinion, The Leak should be a prequel to Section 8.

This book explained so much about Animal's character. It was a good story & great read, on to Animal III: Revelations!

I Loved this book! This was very well written! I am hoping for a part three. I want to know what's gonna happen with Gucci, Sonja Red, and Animal. I would also like to know more about Black Lotus.

Let's just get straight to the point...K'wan brought the unexpected in Animal II. He made us second guess all the scenarios we had conjured up in our head. He totally had us going to the left while he was busy ramming the story straight down our throats. Hands down one of the best novels we have read in 2013.

So coming into this book, I was definitely #TeamGucci and #Team Porsha, but Animal II changed my opinion of them...UGH! I came to the conclusion that our 556 Book Chicks friend Lawrence may have a point...they not made for this life. Gucci got the duck mouth because Animal slept with Red Sonja while he was a fugitive for 2 plus years...really? How about you jump out the window with your friend, Gucci. And then Porsha on Zo-pound ass like they been together some years. A street man cannot hold down a nagging woman and survive in the streets - she will get you killed. The only thing I can give props to Porsha for was convincing Zo to leave his gun at her house that night...other than that she gets no respect from me. And I'm sorry Gucci might have earned a body or two in this book, but she almost let everyone die before she pulled the damn trigger. So I want her and Porsha to exit stage right. But Frankie's Angel can stick around...maybe her and Zo can hook up later! What??? Don't hate the game...if you a fan of K'wan's you already know anything and everything is possible.

But I have to say when Gucci told Animal his ass had been on vacation "swimming in ho soup," I was dying laughing. "Ho soup" really K'wan? LOL!

Ohhhhhh and K'wan finally let Swann's secret out the bag. And Lord knows everything he has you thinking up until the secret is finally released will be oh so very WRONG! I thought for sure Swann was playing...nevermind it don't matter anyway what I thought because it was WRONG!

I absolutely loved the story line written for Animal, Ashanti, Kahllah aka Black Lotus, and Zo-Pound! Just when you think they were down for the count...K'wan dropped kicked someone and kept the ball moving forward. I am preparing you to expect the unexpected...do not blink, sleep or breathe while reading Animal II.

But I am real curious how K'wan is going to bring up the status of King James. Because to me King James did not prove under no certain terms that he was boss material. And Lakim had a valid point that Ashanti was

stepping up more like a boss and making decisions for them. Lakim was throwing serious shade on Ashanti throughout the book. And although I hate to say it Ashanti might have to put a bullet in Lakim sooner rather than later...just wait you will see.

And Monika and I were discussing how K'wan got down on the sex scenes in this book! OMG!!!! K'wan damn near had a side story of erotica in Animal II. That scene with Zo and Porsha in the tub - had me looking back at the book cover trying to remember what the hell I was reading. 'Porsha placed one leg on the side of the tub so that Zo could get a better angle and drove her pelvis into his face. When she came, her legs shook, and she feared that she might fall, but Zo's powerful grip on her waist steadied her while he continued to lap at her.'

WAIT...WAIT...WAIT...just when you get to the epilogue and you think everyone is on their HEA...there is a knock at the door. And it is the knock to end all knocks! Gucci don't answer that door girl...don't do it!

Please believe K'wan put it down in this book. He gave you everything you were looking for...plus things you didn't even ask for. K'wan brings the heat in novel after novel...and we can't applaud him enough.

Animal will do anything to get his revenge against Shai for what happened to Gucci. Priest does what he can to keep the peace between Animal and Shai, but no matter what he says Animal already has mind made up that Shai has to pay. Animal is not the only person that has beef with the Clark family, but King James also is at war with them. Secrets are revealed, the past has been told, and like with any war there will be some casualties. Who will be left standing at the end of the war?

I have loved every book that Animal appeared in and this one was no different. This book picked up right where book 1 left off and brought back the characters many of us love or hate. The manner in which the story was told kept my interest from beginning to end. K'wan knows how to give enough details for you to visualize the story and have it truly play out in your head without being overwhelmed. This is a book I would definitely recommend and I will be waiting on his next release.

Just when I thought this series was pretty much wrapping up K'wan just hooks me again. This is one of my favorite urban fiction series. It's original. There's a lot of character development for the ones who matter and I just couldn't get enough of this one. I listened to all of them on audio so far and that's the best way in my opinion. The narrator is Cary Hite (favorite urban fiction narrator) and there's sound effects and everything to really pull you in. Just when you think you've got a few things figured out it goes in a different direction.

K'wan is certainly one of the best and still pumping out original content to this day.

Animal ll The Omen by K`WAN is my fifty-fifth book that I have received and read from Goodreads. I felt that this book was well written. I would like to see the author write a follow-up book to see what the author does with the characters. I have not read any of this authors books, but I would not hesitate to purchase his next book.

In this book Animal is portrayed as a real rough gangster, that has a real knack for not being able to get

himself killed. In this book you have cops that are dirty, and don't play by the rules. Animal is united with his father, whom he does not know. His father is also a gangster, his father goes by the name of Priest, and on top of all of this he has a sister that he has known nothing about. Animal has a vendetta against a fellow gangster by the name of Shai, and he is going to kill him for what he has done to his friend Gucci. Priest does what he can to keep the piece. In the book their are several different families at war with each other. I will leave it up to you to read the story and see who is standing at the end of the war.
