The Pretty Ones

Robin Mahle

The Pretty Ones Robin Mahle

A string of inexplicable murders brings Special Agent Kate Reid back to familiar grounds in this latest action-packed thriller.

It's no secret Los Angeles is known for beautiful people, and when victims begin to turn up on the streets of South L.A., beauty seems to be the sole motivation of a vicious killer. With prompting from long-time friend and reporter, Marc Aguilar, Special Agent Kate Reid soon finds herself assisting the LAPD and Detective Ray Sharpe, a veteran homicide cop hesitant to relinquish control.

As the death toll rises and public outcry reaches a fever pitch, the rest of the BAU team arrive to help. With tensions already high, Kate and Agent Nick Scarborough's precarious friendship begins to get in the way, neither eager to address the strains of the past few months.

A breakthrough in the investigation soon arrives in the form of a reluctant witness, but no one is prepared for the unfathomable explanation behind the horrific murders. The lives taken and the reasons why shatter any remaining illusions Kate has about the world in which she lives. But will this mark the end of her world, or will it be a catalyst for change?

Robin Mahle is thrilled to present another exciting installment in the Kate Reid series.

KyBunnies says

Review to come

Lisa Richards says

Great Book

I love reading all of Robin Mahle's books. Only on Kate Reid series so far but will start the next series after.

Veronica Sutton says

5 Stars!

Each one of the Kate Reid novels have been fast moving, exciting, with interesting characters. The Pretty Ones is no exception. If you like police/FBI dramas, start with the first one, All the Shiny Things. Enjoy!

bonnie kirchner says

The Pretty Ones

This is the patrolling this series. I really wish there were more. This is a five star series. I would have loved it to go on. I do hope Robin Mahler writes more books in the Kate Reid series.

Sarah Hammar says

Great book

This is the second book in this series I have read. It was a great read. It caught my attention at the beginning and to the end. I had no idea for sure who the killer was until the end.

TE says

In The Pretty Ones, Kate and the team are hunting a serial killer while trying to get their personal lives in order. There were a couple of parts that were kind of disjointed and hard to follow but all in all, not a bad read. I would have given it 3 1/2 stars if I could have.

For those who want to know: This one has language and violence.

Patricia Hankins says

Gooooood.

This series was the best. The excitement and knowledge and trust of one another combined, with the personal relationship is mind blowing. All's well, but all does not always end well

Kim says

I received this book free in exchange for an honest review. This is one of the best books I have had the privilege to read. Robin Mahle is a truly gifted storyteller. Kate is with the FBI BAU in Washington when she gets a call from a friend in New York who is an anchorman for a broadcasting station. He has information on a series of bizarre murders involving women in south Los Angles. At his prompting and with the consent of her superiors she calls the detective on the case and offers to consult on the case which after some hesitation is accepted. Together with LAPD and her team from BAU they work to catch a monster.

Susan says

really good story line, could be ripped from the headlines

Marilyn Buehler says

This is book #6 in a 7 book series. Once you've read Book 1, you have to finished them. A strong main heroine, other characters fit in very well. A good mystery, solved by Kate and her FBI cohorts.

Dr. Simone J. Simone says

The Most Delicious Book Yet!

This story flowed in a way that pulls the reader into it as if it's their daily life. These people certainly don't get enough sleep. Neither do I, especially with not being able to put down these books! This is a wonderful series!

Judy Churchill says

Another stunner! Tickled that Kate and Nick seem to be getting their relationship together as they work to

solve these heinous crimes. I hate to see each volume because it means I'm that much closer to saying goodbye to these characters I've come to know and love.

paige sisserman says

not what I expected --spoilers--spoilers--spoilers

I like books in a series..these were enjoyable even with the gratuitous sex.. they were silly scenes that I just skipped over. but the whole series was ruined for me when kate jumped into bed with Nick..fortunately, I didn't pay for the books. I was going to try the author's other series, but I'm sure to be disappointed..

Mary says

I'm glad to see Kate finally dealing with her feelings towards Nick--I had definitely been feeling like Dwight had, that she and Nick couldn't keep living in the in between.

The mystery was super creepy with many twists.

LooseBoots says

Another brilliant story. FBI intense drama / thriller at its best. Kate is almost at the end of her probation period and is leaning towards become a profiler in the BAU. Plus her personal life comes to its rightful conclusion putting her personal demons to bed.

Cracking story once again .
