Biker Daddy Nikki Wild

Sinner

Before I met Lucya, the only lady in my life was my daughter. And I liked it that way.

The last thing I need is another crazy woman driving my life into a tailspin – being a member of the Rogue Tide is crazy enough.

Lucya comes from the wrong family. The Russian mob wants to wipe my club off the map, and she's the leader's *niece*.

But she's got something I want. Something I *need*. I can't stop myself from taking her – and *keeping* her. Whatever it takes, Lucya Maximovich is going to be mine – mind, heart, and especially body.

Lucya

I'm not a mafia princess, but I'm close enough. The Russian mob begins and ends with my uncle.

And that makes loving Sinner a *very* bad idea.

But I was never good at following the rules. Sinner wants to own me, and I *want* to be owned. When he touches me, all bets are off.

Our love will tear this city apart – I know it. Uncle Alexei doesn't take kindly to betrayal, and sleeping with the enemy is the biggest betrayal of them all.

Biker Daddy is a standalone romance with a HEA and absolutely no cliffhanger! For a limited time, ebook editions of *Biker Daddy* come with special bonus content from Meg Jackson and Nikki Wild

Sue says

Lucy and Sinner...hot biker with a sweet child and a mafia princess...what more could you ask for? The story was sweet, sexy, violent and crude at times, but I enjoyed it and the meeting of both underground worlds was exciting. This edition had two bonus books in the back, one of which I had already read but it was a good deal for the low price.

***** 4 ***** "sleeping with the enemy" stars

Debbie Murphy-Marotta says

Great book

Just wanted to say thank you for writing this book I love that I bought one book and got a nice surprise of a lot more books they were all boos I didn't want to put down so thank you for writing this wonderful book keep them coming

Rhonda Beard says

This was a great mix of mafia and motorcycle club book. I was pleasantly surprised by this as I had not read one of this particular authors books before I grabbed it because of a well done ad on Facebook and I am so glad that I did. There was enough suspense, sex and funny times to make it a great quick read.

Anna Aurora says

4/5 stars

Mary B says

Sexy characters and lots of good sex. Was a pretty good read. I would read other books in this series!

Carol says

Choices Made

A scintillating book that's angst, is about making choices and has diverse characters. This steamy romance has a H/ h, Sinner & Lucy, who are both charming, interesting, and have an instant attraction. But, obstacles are in the way, both have strong family ties and their families are bitter enemies.

Things happen that culminate into disastrous situations. Resolutions are found and Sinner & Lucy find their happiness!

April says

4 Stars

Good short read, nothing epic, but worth the read if you like this genre. There was one discrepancy that bothered me when describing the H's father but other than that I enjoyed it.

Janice Somers says

I absolutely love reading MC stories. This one was one of the best and I Loved Sinner and Lucya. They are the new Romeo and Juliet, West Side Story, and with this being MC and Mafia it just made it better. Yes, I aged myself, ok. Throw in Sinner, is a daddy who really worships her. When Amy, Sinners' daughter, got sick he takes her to the clinic to see her doctor and meets Lucya. Instant attraction and they arrange for a date where they discover not only they had met before but that he was part of the MC and she was part of the Russian Mafia family.

They still have a one night stand and the attraction grows stronger.

This is such a great book and can be read in one sitting but, it stays with you even after you finish.
