Kristal Taylor says

Oh my gosh this was the best in the series. An awesome ending. So unexpected, all I could say was wow.

Kaylynn Johnsen says

You have to admit she names her kids some pretty interesting names.

Tammy Hoover says

Daughter doesn't become a nun.

Spanish husband of Fury doesn't take as long to win her man as mother with Regan. A bit disappointed Regan and Sirena never make it back to Java. Values. Luis and Fury much happier than Alvrez daughter Amalie and Cato.

Kathy says

Did not finish this book. Just can't get into it. Maybe another time.

Lori Russie Judkins says

This is the last of a series. Not really happy about the ending.

Tara says

Got this one today (1-27-12) at the 2nd-hand store for \$0.50.

Shawna Troyer says

I liked this story, but it was so obviously a sequel. I never read the story of Furana's mother Sirena, but this book gives a good overview of what happened previously. However, I feel that *had* I read the first, much of this would be skimmed over.

Fredell Boston says

Swashbuckling fun and romance with mystery thrown in. Fern Michaels does a wonderful job of recreating the the pirate filled world of the South Pacific. She adds some intrigue with the primary characters Furana (Fury) van der Rhys and Luis Domingo fighting to maintain their identities but wanting to be together in this world of the Sea Siren and her new incarnation - Amalie. Fury thinks she wants to become a nun, but her love for Luis and here beloved Kites (the bird kind), Gaspar and Pilar, keeps here from doing so.

Kathy Monroig says**Great story**

I really enjoyed this book with its surprising ending and story of true love between human and animal. I can't wait to start the next book.

LouLou Cabour says

The only reason this got 2 stars is that the writing is not bad. It's the story that is stupid. It started out okay, but then came the business of the birds, which in itself was stupid. And then the whole pirate business. Dumb, just dumb.

Marnie says

This series finished up real nice. I was worried, being that the books were beginning to sound a bit repetitive. Good job Fern Michaels. As always, I look forward to reading more of your books.
