Reaper's Justice

Charlotte Boyett-Compo

Reaper's Justice Charlotte Boyett-Compo

An Ellora's Cave Aeon *Naughty Nooners* story set in the world of the ***Western Wind series*** , but can be read as a standalone story.

Kasid Jaborn never thought he would find his soul mate. He had given up hope of ever knowing the gentleness of a woman's hand upon his body. Locked down behind the steel doors of the Reaper compound, Kasid runs into the one woman destined to be his. In the sweltering heat of the closed building where the Citadel's air-conditioning has failed and tempers are beginning to flare red-hot, Kasid and his ladylove start their own raging inferno.

Elaine says

Cheeky :O

Rebecca (everyday reader) says

A futuristic romance of two destined to be lovers finding each other. Good read!!

Belinda says

Hot and sweet!

Jessie Morgan says

Gypsy meets Reaper and the sparks fly, sort of. I found myself wondering, 'Okay, what's going on?' all through the book. It's like a short that was ripped out of a larger work, and I might like to read that larger piece if only so I can finally figure out what's happening and why. And I'm sorry, but one of my biggest pet peeves is writing a story that takes place in another time or place and using modern day Earth slang to do it. This is not Buffy the Vampire Slayer or Xena: Warrior Princess--and IMHO, the writers of both ought to be lined up against the Hollywood sign and shot. The author also switches back and forth between character POVs at the drop of a hat, making the story even more difficult to keep up with. The dialogue was stilted, the sex flat and kind of disgusting--love juice? Seriously?--and the plot strange. And yes, some of us actually do read these things and expect a plot.

MsBDiamondDiva1 says

This was a quick read before bed. One good thing about this short story was the complex world she explained in this book. I love the fact that you got a factual background of the main character and a steamy love scene.

Stacie says

Kasid Jaborn meets his mate but she runs from him when he meets her. He thinks that she is afraid of him but she is not. Justice realizes that he is her mate because her grandmother had foretold that her mate would have a viper tattoo. The story did not really explain about the Reaper's world but it was good for a very short read.

Caro says

I really enjoyed reading this book. A great steal for a freebie. It's short, but totally worth reading. I liked the characters and the world that was introduced to me. This definitely got my attention and has me wanting to read the rest of the series. There were emotions, some meat and background, steaminess, and some definite mind talking that loves some humor. Although it all seemed a little fast once the ball started rolling, I enjoyed the ride. I liked the environment and would greatly enjoy getting to know the other characters. This may be another author to add to my 'list' and I'll be keeping an eye out. Enjoy!

Elaine says

I really enjoyed this short little story!

It's funny, because just when I say I'm not a big fan of PNR, I read and love one with those elements.

This is a hot hot read, and is a perfect example of what you can read to pass the time waiting on someone, something, or just want a 30 minute picker-upper!

Mandi says

There is a lot lacking in this short story. Not worth the read, sorry to say.

Nichelle says

Ok I liked this. But will have to say some of the terms within it, needed to have explanations so we knew what they meant. As well as some of the terms kinda made me shudder. Such as Love Root and Love handle. But all in all a great read.

3.5 stars for me.

Rachel says

*downloaded for free on ARE

KyBunnies says

Very good book. Enjoyed it. Just wished it was longer. This was a free book in the Kindle Store.

Lucinda says

I enjoyed Wyndriver Sinner and was looking forward to this book as well. It wasn't bad for the little slice of the Reaper universe, but it was mostly just Kasid and Justice meeting each other and having a lot of sex. Although it was good to learn Kasid's history.

Kelly says

Enjoyable, but the sheer amount of worldbuilding that was touched on (parasitic critters who gave the Reapers their powers, the worlds, the *vastness* of everything) definitely showed that this was one piece of a larger series. The characters were interesting and the sexy times were sexy. Good stuff, that.

-Kelly @ Reading the Paranormal

Reaper's Justice was a free Kindle book I downloaded on 08/22/10 for the Why Buy the Cow? reading challenge.

Megan Riverina Romantics/Meggerfly says

3.5 stars 3/5 hotness rating

Though I was slightly confused as far as the world in this quickie I liked it. It was funny too. "Love root" was used LOL! I loved Justice's sister's advice.
