A great continuation of this series. It starts just where we were left by the cliff hanger at the end of the last book. What follows is a maze of twists and turns, miss communication, secrets and animal instincts taking control. I really enjoyed this book and can't wait for the next book to come out especially after the little taster of it at the end of this one.

Alisha says

A great continuation of the series! The Sanctuary Series is an interesting new adult shifter series that combines elements of paranormal, native american mythicism and romance. I definitely recommend this series to those that enjoy paranormal romance and I can't wait to read the next book in the series.

Susannah says

Can't wait for the next book !

My only complaint would be that there is a wait between books! This is such a great series! waiting as patiently as possible

Kim Lovelace says

River's book's!

River's book's!

This series is one of the best I have read in a while. I can hardly wait until the next book comes out. Great writer please hurry with the next book.

Emily Victoria says

How I've been longing to discover the twist and turns of this thrilling series! A marvellous tale, so pleased to receive this gift from Charlotte, thank you again for producing a book I couldn't have imagined my bookshelf without and for creating an adventure to whisk me away on.

Can't wait to read the 3rd instalment!

Liz Wood says**Double WOW**

I love this series... wolf shift-changers aren't that uncommon as a story lines go, but very few that I have read do it so well. The plot is well developed as are the characters. The dialogue flows, and the emotional responses feel real. Cannot wait to read the rest.

Natalie says**I enjoyed it very much!!!!**

The second book was as good as the first! River is a stronger women, and now that the truth is out about Eli and Jonathan,it will be interesting to see what Shula does!! I am anxious for book 3!

Rebecca says**Now that's what I label a Fantastic Read**

This older reader is happy & relieved to finally read this book. Ready for Book 3. Thank you for your wonderful storyline.

Alright, way to stress me out! LOL, so River wakes up, and finds out that Jonathan's not just gone, but they are told he died. Poor thing, she goes into complete mental mode. Like depression times 5. And then, things and secrets are kept from her, like that Jonathan isn't exactly dead, and when she finally finds this out, she's a woman on a mission. River has an amazing character. Jonathan is also quite a good guy. He goes home to find out something completely amazing and yet heartbreaking. In one sentence, he finds out he has family he didn't know and that he's loosing family he cherishes. It's like mind blowing, tear jerking, completely heart wrenching. WOW. All in the mean time, there's conspiracies and amazing things happening back in River's world.

I can't lie, I am obsessed with this series. I absolutely cannot wait to see what's in store for book three, because the twists and turns just make me wanna bite something LOL I'm so impressed with how much I was not expecting from this book, and I can't even tell you the good stuff because I would ruin things for you! Ms Abel, you always impress me, but really I can't wait for you to really gimme some goodies in book three!!! 5 AMAZING WOLFY PAWS!!!

I skimmed through quite a bit of these first two books, and found I had no desire to continue On and was happy to sign off with book 2.

Christina says

Absolutely loved this book! It is just as good, if not better, than the first one! It held my attention so well that before I knew it, it was after midnight and I had to force myself to put it down and go to bed, LOL!! The story flowed wonderfully with no slow spots or areas that just seemed like there was too much going on too fast and picked up right where the first book left off! It sucked me right in and I felt every emotion right along with the characters! I laughed out loud, I cried, and at one point I was yelling at my kindle, lol! I highly recommend this book!!

Bobbi says

There were so many twists and turns in this action packed story. Eli and Gabriel won my heart throughout this story. River is so strong trying to keep it together after the tragic events from book on River's Recruit. Reuben is starting to get on my nerves but I understand he is just trying to help keep the peace. This story has love, loss, and adventure all wrapped up into one. I am anxiously waiting for the next book in this series.

Yvonne Daniels says**Great**

you will fall in love with the characters of this series. River and Jonathan are loveable and this series will make you feel loved and you will want to smile about some of their trials and be sad about other's . This is one of the best series. I know I will want to read it again

Samantha says

I was a little disappointed where this book led. It started to turn around towards the end. I can't wait for the next one.

Danielle Rastetter says

Still good....

Often the sequel is not as good as the first but that was certainly not the case here. I enjoyed this book and hope to read more by Abel.
