## **The Boss's Daughter** R. Thomas , A.L. Jennings

After the boss of the Abbate crime syndicate is laid to rest, his family's future is thrown into disarray. His widow, Isabel, struggles to find a way to deal with the new incompetent boss, while simultaneously keeping her family's many skeletons in the closet. Her daughter, Carmen, stumbles upon some of the dark truths from her family's past, learning more than she ever wanted to know about the family business and even more about herself. Throughout the family, trust is broken and loyalty is called into question. With rival families looking to take advantage of the power vacuum, the Abbates must navigate a labyrinth of greed, ego, deceit and lascivious secrets to maintain their family as well as their business. Which secrets can be contained and which ones will cause a dramatic shift in how the business is run? Filled with mischievous schemes, brazen plots, erotic trysts, and romance, *The Boss's Daughter* will keep you hooked to the very end. *This book is intended for mature audiences.*

# From Reader Review The Boss's Daughter for online ebook

## Megan Brain says

It's very sexy. I couldn't put it down for even a minute. It has a very good story line and it'll keep the readers hooked to the very last page, wanting more.

---

## Irene says

I was really looking forward to loving this story. Unfortunately, I was incredibly disappointed. The story as a whole fell flat.

I don't mind sex scenes. In fact, I love them. I would usually be the last person you would find complaining about them but, in this case, I had to say something. It had nothing to do with the writing, the writing is fine. It's the placement, the timing. It was off. They felt very random throughout the whole story, like the author(s) stopped at each scene and just decided, *Hmm, I'll put another one here*. It was all quite disjointed.

Another thing was that the story lacked development. It felt like the story was all over the place. Things were happening, but there was no forward movement. Also, the title is misleading. You get a glimpse into everyone's POV, but you have no clear protagonist. It was all over the place.

You could make the argument that this isn't story-driven, and relies heavily on the sex scenes so it shouldn't really matter, sure. But even *those* books have a well-developed plot integrated into them that all flow cohesively. This book had *so* much potential and I really wish I loved it.

---

## Xanetta says

Although it started off a little slow the book gained speed and fluidity as it continued. I've never been one to read mafia or harlequin type novels; however, this series may have changed that. Multiple scenes were so gripping I literally had to put the book down and walk away to cool off. I'm not sure if I should be envious or afraid of the two main characters...either way they have my attention. Now bring on book 2!

---

## Donna Wetzel says

I liked the story. The characters were well developed. I would have given it a higher rating if there wasn't a sex scene every few pages. They didn't add to the story; only trivialized it in my opinion.

---

## Christina says

Wow! Very interesting plot and the characters are incredibly fascinating.

---

## **Tami says**

I haven't received my copy yet, just received notice I had won.

12/10/13

Received my copy and hope to start soon. Have 9 others plus my current read in front. 12/17/13

Started 1/12/14

Finished 1/13/14

After Carmine's death, his family's future is in jeopardy. His widow, Isabel, tries to deal with the incompetent replacement boss, while the kids Anthony and Carmen start bickering more and more. Carmen is struggling in her own life with work issues, when she discovers some things about her brother and uses it as leverage to get him to help "clean up her mess". Carmen grew up relatively naïve of the family business but is about to get a crash course to see if that is what she wants in life.

Please pay attention to the little blurb "THIS BOOK IS FOR MATURE AUDIENCES" Sex, Sex, and More Sex. It was almost like the story was an afterthought. The story line was good, and ran pretty fast, if you cut out the sex scenes the author could have developed the characters a lot more and made the book interesting. The ending seemed very abrupt to me, like the story still had a lot more to say.

---

## **Carmen Giovanella Cruz says**

Ain't gonna lie. I love the main character was named Carmen.xD

This book would have gotten a 5 star if the ending didn't leave me with dread. Wth?! That's a first that a book leaves me like that. To me the ending was half HEA. I liked that Isabel finally showed emotion. She did a full 360. Her life before to me was just sad. To live her life like that. I don't judge people who live that lifestyle. Everyone gets around a different way. But when Carmen choose to live like that and what she did in the ending, let's just say I wanted to shoot her. Like I said shitty ending.

But I did liked the thrill of the book. It kept my attention. And the sex scenes....Mad fucking sexy. The characters weren't the only ones breathing hard. I do agree with other reviewers that the sex was distracting. Since it made me want to find a leg to hump.

So in the end, do I recommend it? Maybe. Like I said the ending ruined it for me. If the ending was different it would have been a 5 star. That being said I would read more of the authors books.

Won thru the Goodreads Giveaway.

### **Tianna Green says**

For full disclosure I received the book for free through Goodreads First Reads.

I loved this book! It kept me guessing on what was going to happen next! So much suspense! I absolutely love the ending! I would definitely recommend this to family members/friends!

---

### **Amanda White says**

I won this book from a Good Reads giveaway. It's a different take on mob families and what people do to survive in a world of criminals . A very erotic tale, blackmail, murder, lies all the typical crime family behavior with a lot of "romance" .A good book for adults who like crime stories and action or drama and romance.

---

### **Haven Gordon says**

Disclaimer: I won this book from a Goodread's First Reads giveaway, but it in no way shapes my review.

This was an awesome book that was filled with suspense that made it a definite page turner. R. Thomas did a great job capturing the characters and their personalities. I wasn't really drawn in to their sex scenes. I kind of flipped passed those pages, but other than that this book was fantastic. I would recommend this book to friends especially if they were into mafioso thrillers.
