The Kingdom of Eternal Sorrow C.G. Garcia

In ancient times, when Seni's World was a united, single kingdom, many prophecies were born. One foretold the arrival of a golden-haired woman with the ability to perform powerful and terrible spells that hadn't been seen for centuries...

...and Allison McNeal's life was changed forever.

Sucked into another world through a "rip" in the fabric of reality, Allison awakens with powerful mage abilities she has no idea how to control and discovers she's fated to fulfill an ancient prophecy where a single decision will ultimately determine not only which of two warring kingdoms will fall, but also the fate of a world moving closer to a prophesied time of possible annihilation.

In a world where many see her arrival as a curse and others as a powerful means towards a dark end, Allison's only guides are a young Mage-general struggling with his own dark past of secrets and betrayals and the Brothers in Divinity, a secretive order of priests and mages whose only loyalties lie with their god.

From Reader Review The Kingdom of Eternal Sorrow for online ebook

Nancy Phy says

Great story

I enjoyed reading this book. I love the characters. I only wish that her sister could have come too. What happened to her sister when she vanished from the car. I would recommend this book to anyone that loves fantasy. I think that young people would enjoy this b.

Hayley says

This book was an enjoyable read for the most part. Some parts were too descriptive while others were a bit slow at times. The story itself is unique and refreshing although the "love story" is quite frustrating throughout. I am currently reading the 2nd book in the series and I will review when complete.

Rebecca says

Disappointing. Non-ending and needs editing. The general lack of concern for her sister, especially initially makes no sense. 2 star

Sharon Hatt says

Astonishing fantasy involving a girl ripped from Earth through a portal to a strange world where she is believed to be a mage of legend destined to save (or destroy) all mankind. Very well written with fantastic storyline and imaginative characters that suck you in and don't let go! If you are a fan of fantasy then this is a must read.

This book was received in exchange for an honest review

Mrs L Lloyd-baker says

Good fantasy

Nice story and easy to read. Good build up of the plot and people on the story. Love the magic

Brittany says

I just wasn't a huge fan of this. It was a hard read. It was almost like a long intro. The story was super slow. I just wasn't in love with it. The girl was way to whinny but supposed to be a hero? Yeah, a little too unbelievable.

Julie Powell says

This is a good beginning to an epic tale that has all the ingredients to satisfy fantasy lovers.

Well-written with realistic and believable characters and good world building.

Sucked from one world to another, the protagonist must come to terms with her true identity and learn to control the powers she didn't know she had.

Trouble is on the horizon...

Enjoyable.

Ayanami Faerudo says

The MC is overpowered but doesn't have any control with her powers.

I like the world. Bit of a been-there-done-that story though.

Oh, not a broody, arrogant bad boy of an LI. Instalove? Maybe. They haven't acted on their feelings, yet.

I also like the side characters. I want to know their stories.

Ryan M says

At first, I was not too sure about this book, but after the first chapter I could not put it down. From the start, you're tossed into a family drama in the modern world with hints of the supernatural, not what I thought I was getting into based off the synopsis. However, that is just a hint of the main character (Allison) life before she is whisked away to an alternate world where magic is real. I have always loved stories with alternate worlds/realties where the impossible ends up to be possible. In this new world, Allison discovers she has immense powers and must learn how to use them before she accidentally hurts those around her and she is also needed to fight an evil that is bent on destroying this world and the world she came from. She is part of a prophecy that keeps unfolding throughout the book. The story ends all too soon leaving a good cliffhanger that should segway into the next book, I can't wait to continue reading this fantastical story. What will happen to Allison, will she learn to control her powers in time or will she end up being used as the catalyst for the end of the world?

Paz says

Historia envolvente y personajes complejos e interesantes.

Victoria says

Is a great book to read

Jennifer says**Needs an editor**

Made it 15 pages before I gave up. Too many adverbs, adjectives, and grammatical errors. Someone cannot "almost immediately nearly" fall to the ground. That was where I gave up.

Volpot says

3 stars. So-so. Not much happens

Carol Bosselman says

Story could be good but there are two things that prevent me from wanting to read further:

It is incredibly wordy. Everything is described over and over, multiple adjectives and adverbs, and explanations are repeated ad nauseum. Trim it back and concentrate more on the story.

Second, for someone who overcame issues with her stepfather, Allison is weak. Yes, I understand she's been through a major upheaval, but she shows no spine whatsoever. I find it hard to believe she will pull together to be a heroine when she whines and cries and berates herself constantly.
