The Perfect Wife Blake Pierce

Criminal profiler in training (and newlywed) Jessie Hunt, 29, discovers that dark secrets lurk in her new suburban town; when a body turns up dead, she finds herself caught in the crosshairs of her newfound friends, her husband's secrets, her serial killer caseload—and the secrets of her own dark past.

In THE PERFECT WIFE (A Jessie Hunt Psychological Suspense Thriller—Book One), Criminal profiler-in-training Jessie Hunt is sure she's finally put the darkness of her childhood behind her. She and her husband, Kyle, just moved from a cramped downtown Los Angeles apartment into a Westport Beach mansion. Kyle's promotion has them swimming in money. And Jessie is on the verge of getting her Master's degree in forensic psychology, the last step in her dream of becoming a criminal profiler.

But soon after their arrival, Jessie begins to notice a series of strange developments. The neighbors—and their au pairs—all seem to be hiding secrets. The mysterious yacht club Kyle is desperate to join is rife with cheating spouses, and with troubling rules of its own. And the notorious serial killer being held at the psychiatric hospital where Jessie is completing her degree seems to know more about her life than is normal—or safe.

As her world starts to unravel, Jessie begins to question everything around her—including her own sanity. Has she truly uncovered a disturbing conspiracy buried within a sunny, wealthy Southern California beach town? Does the mass murderer she's studying really somehow know the origin of her private nightmares?

Or has her tortured past finally come back to claim her?

A fast-paced psychological suspense thriller with unforgettable characters and heart-pounding suspense, THE PERFECT WIFE is book #1 in a riveting new series that will leave you turning pages late into the night.

Dee DenBleyker says

This is a very exciting new series for Mr. Pierce and introduces the reader to Jessie Hunt.

Jessie is young, super bright and married to the man of her dreams. She is in the process of finishing up her education and about to embark on a career with the FBI as a profiler. She and her husband have just purchased a home outside of LA where a young woman has been murdered. Jessie is on the trail and is determined to solve this crime no matter where it might lead.

I stayed up half the night reading this psychological thriller...just couldn't put it down. Mr. Pierce is way out front in this genre and definitely knows how to keep a reader entertained, engrossed and on the edge.

Is it bad to say I loved this book?

spoiler

I'm not usually one for a 2nd person point of view book but it was very nicely told (if you can even use nice in this ?) It wasn't hard to keep track of at all which is what usually happens.

Jessie oh poor Jessie. She finds herself moving to "suburbia" for her husband Kyles job. She hates that she had to move out to the suburbs she was used the city life. She was in school working towards her masters degree in forensic psychology. She finds herself Interviewing someone that has to do with her past.

Something that is so messed up you wonder how is she still living after this?

After that it all unravels. Boy does it unravel fast. Kyle isn't all who we all think he is. He's full of secrets, secrets you'd think you'd put together but being "in love" makes you see otherwise. I had suspicions but not at all NOT EVEN CLOSE TO what it ended up being. He's a scumbag. Ugh

Loved this book! I kept thinking about it when I wasn't able to read it. I had my own conspiracy theories going on.

Although to be honest I probably won't be reading the rest of the Jessie hunt books. I loved this one so much I'd like to think she got away from it all and lived a good life.

Highly recommend if you can handle crazy messed up books.

Takes a lot for a book to be "un-put-downable" but this one was!!! Don't miss this great book! Pierce has not a homerun!

Kristal Richardson says

It started off slow as I had to get to know the characters and back story but this turned out to be pretty good. Looking forward to the next book!

Fast read

I thought this was a fast, fascinating, first read of this series. I've never read this author before but am so glad I did now. The ending (and don't cheat and read the last page) was like w-h-a-t. It makes you want to immediately read the next in the book in the series. I mean like immediately, as in I'm done with this review because I'm going to read it now. Enjoy, I know I did.

Judy says

Loved this book!

I am so happy I finally read a book by Blake Pierce, and what a twisted story it is...My favorite kind, the more twisted the better.
If you like twisted you should read this now?

Bitsy Weber says

Terrible

I couldn't even finish it, it was so ridiculous!! I'm not one of those bra burning women, but I can't stand it when women are made out to be dumb as stumps either!! I won't read another of the Jessie Hunt books, that's for sure.

Dr. Simone J. Simone says

Well THAT Was a Surprise!

Jessie cruised for a slap-down in her masters program not knowing that one has to be a doctoral student to make those kinds of demands. Yeah, right. As if it would get you anywhere. But she asserted herself, and it worked. Until

Terrific book from start to finish!
