## **The Princess (Hells Royalty, #1) Jessica Wennberg**

Meet Katilyn Wesson, she's almost 21 and should be having the time of her life...only she's not. She is being chased by Hell because she is the one and only witch who also happens to be the daughter of Damien, the King of Hell.

Katilyn has moved to a small town in the South in the hopes that she can keep hiding for just a little longer, at least until she has her full powers when she turns 21. It's just that she wasn't planning on meeting Jace Matthews, a guy who has turned her world on its end and has created more problems than she ever wanted. His interest in her only fuels her desire to shut her heart away just like she did many years ago when she was burned from another love.

With the addition of wolves actually wanting to help makes her question some of her actions and it creates an environment that she is not comfortable with. Not all the dark creatures want to see her in Hell, some actually want her to win and set them free.

Just when Katilyn thinks she has everything all figured out her blue eyed stranger from her dreams becomes real and gives her information that will change her whole outlook on everything she has ever known.

Will Katilyn be able to make all the right decisions or will she be caught in all the drama and taken back to Hell to rule by her father? Will she ever be able to open her heart again for someone to love her? Will she be the one who saves everyone from Hell or will she be joining the ranks of those who torture the innocent?

## **From Reader Review The Princess (Hells Royalty, #1) for online ebook**

### **Angela says**

I really enjoyed reading this book! I love supernatural suspense and this one was great! Can't wait to see what happens next!!!!

---

### **Heidi says**

I am not sure what I expected from this book, but it blew my mind. It had a few editing issues, but the story was mind bending. Katilyn is an awesome character who is stronger than everyone around her. A demon/witch hybrid fighting off evil. There really wasn't a lot of action in this book, but you were gripped by the story. I must say, the author knows shock value. It seems Katilyn has three very strong prominent men who love her, and now I can't help but wonder what will happen with this as well as her father Damien. There is so much more to discover that I am sure book two is a must read.

### **Samblueeyes says**

If anyone likes supernatural thrillers, this is the book for you!!! One of the greatest books to read! Well worth the time. Has everything from werewolves to vampires to witches and more! I would hihgly recommed this book.

---

### **Patricia says**

I found this book in the Goodreads Giveaways, and couldn't wait to see if I won a copy so I bought it. Very well put together story with multiple twists, the only thing I didn't like is her inconsistent use of contractions; sometimes she used them, sometime she doesn't and it makes for uneven reading in spots. Regardless of this, I enjoyed the book a lot and recommend it to everyone who likes paranormal stories.

### **Samantha says**

This wasn't a bad read but it was a bit slow.
