One group on the Jersey Shore, another in Laguna Beach. Both have the same summer-tastic setup: total strangers sharing a house. No one sleeps, no one cleans, and everybody parties. And to pay their ways, each housemate slags through crappy summer jobs while recuperating from the night before. Ah, summer shares!

In the Jersey house, cheating and misleading are the name of the game as roommates hook up and hash it out. And at Laguna Beach, surfing is just one of several popular, uh, pastimes. But some of the people in this share are keeping secrets—dangerous ones that could blow the roof off their massive house on the beach. How will these clashing personalities survive two months together? With plenty of drama to share!

I actually read the double edition book with laguna beach as well but haven't read the second part and wanted to rate them separately. This was a fun summer read and it was better than I thought it would be.

### **Lillian says**

Light and fluffy, easy beach reading, loved the ending of the first story!!

---

### **Morgan Lemke says**

This book was really good! it is about 7 strangers living in the same summer house! some are naughty and some are looking for attention. over all, they all have their own little secrets and problems and this house helps bring them all together. Not a book for kids who have not matured.

---

### **Kate says**

Horribly written book that is trying way too hard to be like a trashy TV show.

---

### **Lu Ann says**

This a book of adolescent literature that is a summer light-read. Although teenagers may relate to the topics of independence, friendship, first loves, coming-of-age, and sense-of-self, parents should be warned about the use of language, sex, and illicit use of drugs and alcohol, which makes the content suitable for more mature readers.

### **Jessica says**

Pretty good,a bit confusing in some parts though

It's no Lifeguard trilogy!

There are seven random strangers staying in a house together. Can't be a simple, non-scandalous book, right? Not so much.

Curt wants a job for his band, and his girlfriend, Avery, wants to spend more time with her boyfriend.

Polly wants to get a life, or at least a boyfriend.

Owen is just a guy hanging out.

Lucas is a surfer dude who just wants to catch a good wave.

Sabina is an ex-spoiled princess who is used to having a disposable income and not having to have a job. Her parents put her in the house to gain some independence.

April is a girl who has had to work for everything that she has and is trying to take a break from taking care of her mom and grandma.

This book sounds scandalous and crazy, but it's really just a fun book with a little bit of flirting.
