Wolf

Lisa Lang Blakeney

Wolf Lisa Lang Blakeney

A one-click, *damn I read it one night*, sexy boss romance and fated love story with the perfect alpha as*hole.

From bestselling author Lisa Lang Blakeney, comes a new **standalone**, billionaire boss romance set in the world of professional football.

How many ways do I need to say-I quit?

URSULA

My family thinks I'm crazy, my astrology chart says it's a mistake, but after three years of carefully molding the highly narcissistic Cooper Barnes into the "athlete influencer" of the year- I quit.

He won't care anyway. Whether they work for him or sleep with him, women have always been expendable to the billionaire baller. Even me.

COOPER

What is wrong with Ursula Owens? It's like she woke up one day this whole new person. A woman I don't recognize.

One day she was my quirky, highly organized assistant, happily managing my entire life for me. The next she is handing in her resignation with no warning and no good reason.

Good thing I know what I want. I may have met her by chance, but I'm keeping her by choice. Just maybe our love story is fated after all.

Wolf is a full-length, standalone romance. It is Book Two in The Nighthawk Series.

THE NIGHTHAWK SERIES

Gunslinger (Book 1)

Wolf (Book 2)

Diesel (Book 3)?

Wolf: A Sports Romance (The Nighthawk Series Book 2) By: Lisa Lang Blakeney

Doesn't Disappoint!

Wonderfully written LOVE Story!

He doesn't SEE me until I give him my notice...

Then, it's like the blinders are suddenly OFF, & he's finding he cannot live without ME!

But, is it a case of too little too late...

Or, has he woke up at just the PERFECT Time!!

I was granted an ARC of Lisa Lang Blakeney's "Wolf: A Sports Romance (The Nighthawk Series Book 2)" via Booksprout; I recommend this book to others based upon its own merits. All opinions expressed within this review are uniquely my own & freely given!

Until next time... Happy Reading!

Howling for Wolf!

ByB C Booklover on September 19, 2018

Format: Kindle Edition

This is another wonderful sports themed romance by the talented Lisa Lang Blakeney. I have read all her books including the 1st Nighthawk book Gunslinger, which I loved, can't wait for the next one, Diesel. Of course, this can be read as a standalone but why miss out on a great series?

Our lead characters have been together for 3 years but not like you might think. Ursula Owens has been the most amazing PA to Nighthawks football star, Cooper Barnes, gorgeous, self centered, alpha a\$\$hole, for her entire working career. He barely seems to appreciate her. She has spent almost every minute of the last 3 years of her life doing anything and everything he needs or wants and she has finally had enough! Time for her to have a life with some free time in it that doesn't revolve around a certain self centered, unappreciative football player! Maybe go out, finally find a boyfriend, get drunk, whatever!!! He won't even miss her, right?

Wrong! Cooper is shocked to say the least, maybe even devastated! Why would Owens (his pet name for her!) leave him? Hasn't he been the best, most generous boss? What is her problem, surely she can't be serious! Well, she was & then maybe she wasn't..why did she want to leave again???

I have to tell you, these 2 were fun to read about. Their interactions were pretty hilarious, much laughter while enjoying this book. There is range of feelings here-sexy, steamy, silly, funny and so much more. Ursula/Owens sure gave as good as she got..she was a badass & I loved her character. Coop truly seemed to be the typical good looking, arrogant jerk right from the start but could there be more to him than meets the eye? There could! There is some great back & forth play between Coop & Owens which just made the story for me. There are many, cool, interesting secondary characters that contributed so much to the story. I especially liked a chapter where Ursula & her sisters 'cut loose' & Coop crashes their fun..so good, sooo very

funny.

There is a great twist running through this plot which culminates towards the end with a satisfying Ahhhh! Loved it.

I whizzed my way through Wolf in a few lovely hours, parked on my couch...didn't want to put it down. Lisa's writing style just flows seamlessly and goes down easy. This is a definite recommend. Might have to read it again!

*I recieved an ARC of Wolf for my unbiased & honest review of it.

M says

Highly entertaining story with very amusing banter between Coop and Owens. Nana and Owens' sisters' interactions in the book were hilarious too. There are steamy sex scenes towards the end but most of the book is about their relationship and their background story. That was a good twist on the accident. I wish there was more elaboration on Coop's background story. Overall - very good; read it in one sitting. [I received an advanced copy of this book and voluntarily chose to review it.]

Kathleen R. says

I do believe i'll be starting a list on authors that have managed to keep me awake long after my preferred bed time. Lisa Lang Blakely will be on that list. Wolf was a short read. I started it in the morning and by the time I finally put down my kindle to attempt to sleep, well, I had finished the book. It was interesting. It was engaging too. Completely different from what I've come to expect from this author, as I've had the chance to read the majority of her books.

I'll admit that I haven't read Gunslinger before getting my grubby little fingers on Wolf, but I do own it, and i'm thinking that now I should start from that book so that I get a better idea of who the Nighthawks are. This book was fun, I liked the fact that for more than half of the book, Lisa Lang Blakely concentrated on who the characters are rather than the supposed chemistry that exists between them. I was intrigued, and that's what kept me wanting to keep reading.

Only, as I kept reading, hitting that 60-65% mark, I found that things progressed incredibly fast. We get hit by so much information all at the same time, and I know that had this book been a full length rather than a novella, it would have made a huge difference. In that 30-35% left of the book, we get the backstory of Coop and Ursula, we finally understand why the book is called Wolf and we have the growing chemistry that is built between these two.

Yes, I may wish there was more to this book, but it was still captivating. It still made me want to keep reading and it was completely new for me from this author. I'm more than a little curious to find out what she'll come up with in her next release.

3.5 Stars

This was hard for me to rate because it felt really disjointed. The first two thirds was so different than the last third.

When billionaire sports star Cooper finds out his assistant of 3 years wants to quit, he has to decide if he wants her in his life and to what end.

So the first part was witty and funny and fast paced. I was really enjoying the back and forth. The two POVs was good but because the chapters were not alternating POVs and they weren't labeled it took some time to figure out who was narrating.

Once the 'big reveal' happened I felt like the main parts that made up Coop (being aloof, sarcastic, distracted) completely vanished and he turned into this super sweet, caring man with nothing to lose. And Owens turned into a young, innocent submissive.

The story was entertaining and fun and I liked the back story that played out through its entirety but it just wasn't solid for me.

Johnnie-Marie Howard says

Holy amaze balls. I floved this story from page 1 till the end. I couldn't get enough I kept wanting more and more with every page turn. No tissues needed maybe for the droll that will be no doubt coming out of your mouth, and the edge of your seat will now be your best friend. Move over Saint, Roman, and the Kings a new Alpha is in town and is way hotter. Lisa has done an outstanding and amazing job writing this story the way the story line is the characters all of it. This story really grabs at you from the start and holds on. I really loved how the ending turned out I really thought it was going in a different direction then what it really did. The banter the whole story was really one that I couldn't stop laughing and enjoying over and over again. The story has this realistic feel to it just by the way its told. I read this story in one day hell one sitting I honestly couldn't get enough. I felt like a fly on the way and really enjoyed that. I could have more Copp and Owens by the end I really wanted more. MUST READ trust me when I say you want to read this over and over again.

I received this ARC in exchange for my honest thoughts, I was in no way told what to say this is all me, myself and I

RoseyLovesBooks says

Executive assistant Ursula Owens knows there's nothing she can do about her attraction to her handsome boss Cooper. Coop is the last guy that any woman should get involved with and Ursula plans to quit her job. Ursula's nana warns her that if she quits, someone else will snatch up Coop, her Mr. Right, but Ursula insists there's nothing between them. Or is there? Superstar tight end for the New York Nighthawks, philanthropist, and self-made billionaire Cooper Barnes trusts his beautiful assistant Ursula to plan his entire life. When Coop jokes about firing Ursula and she begs him to, he laughingly tells her "As if you'd ever leave me." When Ursula quits, Coop can't stop wondering why and can't sleep so he calls his friend Saint. Saint can't stop laughing after he hears the story and tells Cooper "She's not just your employee, dummy. She's a whole lot more." After Coop tucks a drunk and sleeping Ursula into bed, an indescribable urge comes over him and he says "Don't go anywhere just yet. We're just getting to know each other." Will Cooper be able to convince Ursula to stay and be his?

Lisa Lang Blakeney delivers a hilarious, drama-filled and steamy story full of lovable characters that will totally suck you in

April Symes says

Ursula Owens is super hardworking and is the very dedicated PA to the world's most self-centered boss Cooper Barnes, superstar tight end for the New York Nighthawks. She's worked herself ragged for 3 years making Cooper look the best. Now that all her hard work has paid off so much to the point that he's being named "Athlete Influencer of the Year", she's had it. She plans to quit right after the award ceremony. Its not like Cooper will miss her or even care, right ? She figures it will be fine, after all, it's not as if Cooper even

notices her or cares about her anyway, right?

Well it turns out she's wayyy wrong because Cooper doesn't take her quitting well at all. Could his friend, Saint, be right --that Cooper has real feelings for her? Oh thats not right...right ???

This is a steamy, witty, hot romance story that will have you rooting for the main characters from start to finish.

My Rating: 4.5 stars *****

Merry Jelks-Emmanuel says

Owens is Coop's PA and he can't live with out her. She makes sure that his life runs smoothly. When she decides it is time to leave him he goes into full panic. Coop realizes that over the three years she has been with him, she has come to mean so much more than his PA but there is an even closer connection that ties Coop and Owens. Will these two become more than employer employee and will that pesky reporter cause problems for Coop?

I received a free copy of this book via Booksprout and am voluntarily leaving a review.

Madeleine East says

Wow! Just absolutely wow. This is my first book by this author and I am in love!!! This book was not what I was expecting it to be. It was even better. I totally fell in love with Owen and Coop. I could not stop reading. Looking forward to many more books by this author.

Aimee Dennis says

This is the 2nd book in the Nighthawk Series and just as with the Lisa's other books, did not disappoint. Ladies, get ready to buckle down with this one because you are not going to want to put the book down once you start. Fast-paced, great characters, humor and sexy time to boot. Totally recommend this book to others

Ursula has been working for Cooper, as his assistant, since she graduated from college. She has decided it's time to move on and rekindle her theater passions. Cooper has always said she can easily be replaced so finding a replacement should be easy; or so she thought. Cooper, on the other hand, is flabbergasted when she puts in her resignation and is not having any of it. Will Ursula find Cooper's perfect match and pursue her dream or will Cooper keep Ursula wrapped up in his world?

Valeen Robertson (Live Thru Books Blog) says

3.5 stars

Ursula Owens is the hardworking, dedicated PA to the world's most self-centered, narcissistic boss, Cooper Barnes, star tight end for the New York Nighthawks. She's worked her ass off for for three years making him look good and now that all her hard work keeping him in line and organized has paid off so much that he's being named "Athlete Influencer of the Year", she's done. She plans on quitting right after tonight's award ceremony. She figures it will be fine, after all, it's not as if Cooper even notices her or cares about her anyway, right?

Well it turns out she's wrong because Cooper doesn't take her resignation very well. Is his friend, Saint, right that it's because Cooper has feelings for her? Of course not...

Wolf was snarky fun and I enjoyed it. It wasn't as long as I had been hoping for, though, and not as developed as I prefer. I wanted more of them in an actual relationship, as they didn't get together until nearly 90%, but their working relationship was snarky and witty and their banter was obviously filled with sexual tension. And the little twist the author threw in? Pretty sneaky stuff, but in a good way. I can't wait for Diesel's story next (*Diesel*).

ARC via Booksprout for an honest review.

Debra Richardson says

Wow...This book was Hot, Sexy, and Romantic. A really fast pace compelling read that hooked me from start to finish. Amazing characters that are really sweet and perfect for each other. Off the charts chemistry, witty banter, and bits of humour thrown in make this book an exciting, worthy read. Highly recommended. I received a free copy of this book via Booksprout and am voluntarily leaving a review.

Karen says

Totally not not your average sports romance but a well written fun and quirky relationship with a twist that is quite special. I enjoyed this book well into the night so beware. It's hard to put down.

Pelusa Rivera says

I received a free copy of this book via Booksprout and am voluntarily leaving a review. This was a cute story Ursula has been Coop's Pa for a couple of years and now he realizes that she means more to him than just his PA. but how much more?
