All of the mist and legends of wizards which is elves etc. that come from history past come to find out are true and have just been hidden for centuries. There are two worlds earth and another magical world that are linked by portals and magic is once again roaming earth. James brown stone is a class six bounty hunter who chases down criminals are use magic to do evil. Bobby Childers says

Brownstone strikes again.....

This is the 3rd book in the series and it keeps getting better with each book. James Brownstone along with Shay and Allison all come alive on the pages. James and Shay find out that they each have a lot to offer someone, if they only would allow themselves to caring. Damn good book.

Lois Alston says

Wonderful story

James had to think and plan a lot in this one, loved it. Really enjoyed the scene through the woods and the outcome, especially when the female marine got Esteban, hoorah!!!!

Douglas B. Hull says

A team?

Great job. Is there a possible team? Kinda think James, Sky, and Allison would kick ass. Will James find out his past, just who he is? All these things and others make this a story.

Frank Bertino says

The Painful Learning Curve

If you come after Brownstone, pray that the Cops or Marines get you first. Even his mercy comes with a lot of pain. I very much enjoy the action on top of action. Snarky humor abounds as James takes on many enemies at a time. Shay is puzzled about James' feelings for her. Shay is a complete puzzle to Brownstone. He has no clue. Feelings for people are new for him. What do you suppose the amulet is trying to whisper to him? I look forward to the next book.

Sandy Chapman says

Unexpected twist and turns and awesome dialogue gives this book a supreme rating!

Book 3 of the series really highlights how truly Unbelievable Mr Brownstone is. After his dressing-down at the clan's Japan home base, which included the loss of his hand, Jiro Ikeda returns to his position, still leader of the American branch of the Harriken. Tasked with taking James Brownstone out for the disrespect he showed to the Clan (killing the whole LA branch), Jiro puts out a bounty starting at a half a million dollars for Mr Brownstone's head. This brings every assassin out of the woodwork along with some assassin want-abes. James sends Shay to make sure Alison's safe in Virginia while he takes on, what sometimes seems, the entire LA underworld. Lots of action and adventure along with some unexpected twists that had me laughing out loud and cheering James on. Always love the Author's notes at the end of his books, sort of like the whip cream on top of a fantastic dessert. But including an interview with James by Michael within the Author's notes was like having a cherry and nuts ? added too. Hope Micheal doesn't leave us waiting too long until the next book comes out! Bad enough having to wait for the next Bethany Ann series!! LOL ?!!

Chung Low says

Impossible!

James is just going to have to live with memories of his rare signed BBQ books. They were roasted in his house fire. Caused by Harriken syndicate who thought it was disrespectful to turn kidnap squad into room temperature displays. Going back to Brownstones house to kill his dog Leroy was indeed a ill plan.

Marvin Fields says

Good read thought ever page.

This was a very engaging story that fits in well with the two previous books and continues to develop the characters and the story line. I enjoyed this book and the ending fits well with a reluctant hero who does what has to be done, to save the ones he loves. This is a good read, I enjoyed every page.

Ann Zdunczyk says

Love it

James is being hunted by everyone that thinks they can take him down. He even has the Marines helping him!!! He is going to end this one way or the other!! Love the Author's Notes by the way!!

Travis Anderson says

Great Story

Loved this addition to this arc. Loved how the Harriken story fleshed out in this book, great story, characters, and action. Great addition to the storyline, and timeline. Loved it and going to get the next one. Keep up the good work. I Love your books

Jeff Eaton says

Excellent

Excellent as always from Michael. Our sense of humor is very similar. I enjoy a story, that makes me laugh out loud. With characters that come alive, not from their strengths but their weaknesses and flaws. That is the truth of humanity.

Veronica says

I. LOVE. BROWNSTONE!!!!!!

I was laughing sooooo hard!!! ??? Thank you, Michael, for your awesome sense of humour to offset some of the heavier, gorier events.

The plot development is excellent, of course and as expected, with some fun twists, dark characters, and a very ticked off James Brownstone.

The author's notes are a MUST read. Also very entertaining.

Jim Guldner says

Still enjoying his writing

I liked the story, and the way Shay took care of the PMC issue at the end. I look forward to how these 3 characters will evolve, and the various dances around relationships should be entertaining to say the least.

I enjoyed the interview epilogue, but I'm not sure how much I want to continue hearing about bar-b-q. Oh well, now I'm off to read the 1st Shay novel.

Marcy A. Vonderwell says**Good Solid story**

This is the third book of the series. It is a solid story with a simple plot: don't mess with Brownstone or his dog or his kid. A decent amount of action, zero sex, and a happy ever after ending. I enjoyed reading it on the plane ride. I look forward to reading more from this author. Warning, you do need to read this series in order.
