## **From Reader Review Hank: The Life of Charles Bukowski for online ebook**

### **Steven says**

Bukowski was a fascinating guy. Cherkovski knew him, so there's a lot of personal stuff in here. Cherkovski also handles Bukowski's many contradictions very well.

---

### **Tony says**

Just about perfect biography about Hank, written by a close friend. Highly recommended for all the friends of a Dirty Old Man :)

---

### **Aleyda says**

So far, so weird and dark. And cool. Very.

---

### **Richard Nicholson says**

Nowhere near as indepth as the Sounes book, given Cherkovski was a friend Bukowski and likely had tinted glasses

---

### **Jennifer Blowdryer says**

this book is controversial and shouldn't be - it's a priveledge (sp?) to know more about the man, his father really tried to extinguish him and it was spectacularly bad. The relation he had with small press publishers is so entwined, noble people. Many writers player hate or imitate this guy, maybe because he made it look easy - it wasn't.

### **Lefty Right says**

Pretty much all of this we know from his work. Really a rehashing of his books in lesser words. An interesting aspect is reading the insights into his poems.
