THIS BOOK CONTAINS ADULT SITUATIONS, LANGUAGE, AND SEXUAL SITUATIONS. IT IS RECOMMENDED THAT ONLY THOSE OVER THE AGE OF 18 READ THIS BOOK.

Christmastime is just around the corner and the ursithrope residents are going to celebrate the beloved holiday no matter what dangers lurk nearby. No one is more excited than panda-shifter Louisa Xiong, who is eagerly waiting to experience her first American holiday.

Presley is looking forward to the possibility of meeting her brother-but not all reunions will be as welcomed. A certain wolfy duo is still struggling to come to terms with something that took place not so long ago, and they must settle upon an agreement of where they stand with one another-just an alpha and a beta, or more? Breslin Connor may be out of sight, but he isn't out of mind. Everyone knows he'll be back eventually and though they all yearn for a white Christmas, the truths they're about to discover may turn Kadenburg red.

Kandenburg Revealed

As Christmas is approaching, the residents of Kadenburg are somewhat letting their guards down to celebrate the holidays. The Lycanthope's have left and are strategizing their upcoming epic battle. Many secrets become revealed. Presley finds out who her long lost brother is. The humans are being pawns for the Lycanthope's. The Ursithrope's need to step it up and prepare for the upcoming battle. Friend or foe is becoming harder to recognize. The Ursithrope's need to all band together for any hope of surviving the upcoming attack. In my opinion, the best by far of The Kadenburg Shifter Series! Can't wait for book 5!

Carmski Pescod says

If I could live anywhere in the world it would be in Kadenburg. I read these books & I feel like I'm home! I love every one of the character, they are all just that well written, they are super! These books you all need to read, you won't be disappointing.

Tracey says

Omg this series is fab, the mix of bear shifters and werewolves, MF relationships and MM too, did I mention I adore Rutley and Dimitri, of course Lorcan and Presley too!

There's so many twist and turns in this book, I occasionally had to go back to recheck I got it right!

The characters are totally lovable, the suspense is held in air, plot twists and new developments to keep you on your toes. As always though leaves you wanting more!

If you haven't become addicted to this series yet, you really should!

5 shifting stars

Debbie says

Following on from the previous book, Kadenburg Revealed is the fourth in this series. It really helps to have read the previous books before you read this one.

Its nearly Christmas in Kadenburg and the residents are all getting ready, Beau has gone off somewhere with Sammy, and left Louisa with the Bameys. She has set her sights on Greg, the half breed. Until he betrays her, and she ends up discovering that Breslin is up to no good, and plotting and planning the downfall of

Kadenburg. Pres and Lorcan are awaiting the birth of their cub, and Pres dreams more of Liam, Lorcan's big brother, but this time, he reveals a surprise and a huge shock! i tell ya, i did not see that one coming!! I also did not see the other shock coming, that one is HUGE< GINORMOUS and total streak of genius!! We get a couple of new characters, Arnold and Natalie are still not giving in, BUT praise the Lord, Rutley and Dimitri finally give in to their feelings. they also find little more about Kia and what she is all about.

steamier, twistier, turnier and downright OMG in places, this book has to be Ms Ridender's BEST ONE YET!! seriously, i cannot fault it. the story gets off straight away and does not let you go. i was nearly late for work, i HAD to finish it in one sitting! These books are seriously good, and you really must read them!

i wonder how long i gotta wext one, because this story is by no means finished!!

Louisa says

wow each book is better than the last if that is possible. This is the fourth book in The Kadenbrug Shifter's series which I love but this book is my favourite so far.

T.E. Ridener weaves her magic ones again and we find ourselves back in Kadenburg and its Christmas Time. Presley is still pregnant and eager to find out who her mysterious brother is that she learned about in "Siege of Kadenbrug" you do find out in this book OMG if you are a fan of this series you will love who it is. Louisa and Greg romance heats up only to hit a snag when Greg's old flame shows up and Louisa catch's them kissing. Will Greg be able to convince Louisa that she is the only woman for him.

Dimitri and Rutley are still dealing with the side effects of their union with the mysterious Kia. The wolves finally give into their feelings for one another. Thank you Ms Ridener its something we have been wait for since book 1.

Will Natalie and Arnold get a second chance at love or is Arnold stubbornness going to leave both with broken hearts.

The Breslin tries to spoil Christmas and the happiness of the town with his evil plans but Louisa and Greg mange to put a cog in the works when they spot a women being attacked in the forest - who is she and can she be saved.

What can I say but this book was so deliciously awesome and hot that it got devoured in one sitting - I stayed up late to read it as I had to know what happened.

Can't wait for the 5th book in the Series Reclaiming Kadenburg

You Rock Ms Ridener

Victoria says

The fourth installment of the Kadenburg series takes a step away from the external action and focuses on the complex relationships between each of the characters, setting up for what is sure to be an exciting fifth book in the series. Secrets are revealed, alliances established and a couple of really good "finally!" moments. I

can't wait to see what happens next.
