Marked: Winter

Gwen Knight , Michelle Fox

Marked: Winter Gwen Knight , Michelle Fox

Welcome to the Shadow World... where vampires are real and blood is a financial asset. This is the world I live in.

Being the baby sister in a family chock-full of slayers isn't easy. My entire life, I've watched my brothers venture out into the darkness to hunt the things that prey on the innocent. Vampires are evil, they tell me, but they refuse to let me fight.

Now, my best friend's life is in danger. She's racked up quite the debt, and the vampire she owes has come to collect. To save her, I need to go undercover as a blood courtesan and sell myself to the highest bidder.

Enter Ethen Rune, an uncompromising bastard with a penchant for, well...me. My family says I shouldn't trust vampires, that they would drain me dry rather than look at me. But to save Tessa, I need his money. I never expected to fall in love with him...

...Or to become a monster myself.

From Reader Review Marked: Winter for online ebook

Edwina " I LoveBooks" "Deb" says

PLEASE DON'T WASTE YOUR MONEY ON THIS SERIES UNLESS YOU CAN GET IT FREE!!

I don't usually say this but all this 5 star reviews are suspect!! The heroine of the story Amelia Winters is to stupid to be believable. She becomes a Blood Courtesan to pay off her friends Tessa's debts who is addicted to being bite by vampires and there blood. OK first clue that Amelia/ Winter's is stupid is you don't put your own life on the line for a junky!! Second you are 22 years old and just in the 2nd year of college and your father has set aside money for your tuition. Third you find out your friend has been lying to you and you continue to put your own life in jeopardy!! This is a Fool!! A Stupid fool. I wish I could get my \$2.99 back for this book. Marked was a total waste of my money!! I can't recommend this series. Yes book 1 Reborn was very good but its written by a different author then bk 2 and 3.

Andrea Stoeckel says

"I find it's those dearest to you who always end up hurting you."

Amelia Winter, baby sister in a family of Chicago slayers, is about to go where no one in her family has gone: to become a blood courtesan to help her BFF out of a jam with another vampire. This is the last thing she wants to do...or is it? Her contract with Ethen Rune could be an education all in itself, if she survives it.

This is another of the blood courtesan series edited by Michelle Foxx and written by Gwen Knight. Its interesting to see another city's vamps and how things are done. Not the strongest of the series, hut Knight's descriptive sense makes up for what might be "lacking" in the storyline

Dmcl says

Love the Blood Courtesans and Gwen Knight's contribution is full of passion, action, heartbreak and reconciliation. If you love vampires and paranormal romance with a happy ending, read this and then read them all.

Beth C. says

Perfect vampire romance book!

Great story with great characters. Full of suspense, danger, lust and plenty of steaminess. But underneath it all was friendship and loyalty and love. Thoroughly enjoyed this book!

Andrea Hubler says

I love the loyalty of Amelia (Winter) always putting everyone above herself. Trying to get some one out of a jam and putting herself in danger she meets Ethen the mysterious vampire loner the chemistry between them is amazing it has a great plot and twist I highly recommend this! Gwen your amazing thank you!!

Lisa Medley says

Sexy and intoxicating...as any good vampire story should be.

MARKED puts a cool twist on the vampire story with the introduction of courtesans. I was immediately intrigued with the idea and quickly found myself swept up in Ethen's pull. Vampire or not, his mysterious, bad boy businessman vibe is sexy as hell. If this is the new world of vampires, sign me up.

Don't miss this one!

Nadine Bookaholic says

Winter and Ethen

Melanie Hawkins says

Intriguing

What would you be willing to do to save a friend? Would you give up your life for another? Go against everything your family has stood for? Those are the things that our lovely Winter has to decide for herself. This story was one of those rollercoaster rides where you were not sure where you were going to go next. Who was bad, who was good? Would these people get out alive?

If you live books that make you laugh, cry, and scream like me, then this is the perfect book for you. You will not be disappointed when you read this.

Until Next Time... Tabi

Amber Koch says

Another amazing book in this series

I really enjoyed that this book was different then the others I've read so far. I mean they all are different from eachother but this one had a very unique plot to me. I lived seeing the relationship evolve between winter and Ethan. Can't wait to get to the next.

Gwen Sargeant says

First off, I could NOT put this book down. I started right before I went to bed and woke up about midnight, I had to continue reading. Before I knew it, 2am was upon me. The book was a lovely story between Amelia and Ethan in their quest to fulfill a contract. I haven't read anything of Gwen Knight before so I had no clue what to expect. I was very impressed with the storyline and ending and I believe you will be as well. I love this genre of books and hope to read more of Gwen Knight in the future.

Soledad Weaver says

Love at first bite

This book was awesome. Very suspenseful, with many twists. I could not put it down. Ethan is the kind of vampire we all want to meet. Amelia is the good friend we all wished we had in our lives. Together they have built a life only they two deserve. This is a must read.???

Terri West says

This book was okay but not outstanding. I would have to question the H intelligence to be honest and the story itself is pretty much as old as time.

Worth a read if you want something light to go to bed on, however not much good if you want a good knife edge experience.

Karen says

Young and stupid

When Winter's best friend becomes indebted to a ruthless vampire through a series of bad decisions, she asks Winter for help. They hatch a plan for Winter to become a blood courtesan to earn enough money to repay the debt rather than going to Winter's slayer family for help.

Ethan doesn't usually attend auctions or bid on the offerings, but he's instantly attracted to Winter. He wins the bid, takes her home and things move very slowly, until near the end. Then the story goes into hyperdrive, ends quickly and could benefit from an epilogue.

Debbie Herbert says

Amelia Winter is a heroine you can't help but love. She's fiercely loyal to friends and family and admits her fear - but does the heroic thing anyway. When she sees her best friend's life in danger, she puts her own on the line to help her.

Ethen Rune has all the attributes you would expect in a classic romance - rich, handsome, and powerful. I love how the heroine taps into his dark history and understands him, bringing light and warmth to his silent and cold existence.

Five stars!

Cherri-Anne says

Don't fall for the vampire... 10 BLOODY FANGS

Your scent, your voice, your blood... I find everything about you captivating. *swooooon* "If I was about to enter the shadow world of vampires and blood courtesans, then, yes, I wanted the whole story." YES! YES! YES! ahem Yes, please Gwen, tell me WHOLE story!! What I wouldn't give to be a Blood Courtesan!! *dreamy sigh* HOLY CRICKETS!! Now THIS is one BLOODY FANGTACULAR & VAMPIREIFIC book!! I ABSO-FANG-LUTELY love, Love, LOVE this book! I love EVERYTHING about it!! Every little drop of it - the storylines & plots, the characters, the humor, the heat, the good, the bad, the ugly, the love for friends & family, the outcome of it all, but especially *dreamy sigh* Ethen. There is so much I could say about it, but I don't want to accidentally let slip a spoiler or 3! Besides I am sure you would much rather read this VAMPIRELICIOUS story than my review!! I know I would! Oh wait! I already did! TWICE!! I was so instantly & deeply enthralled!! In fact, I still am even after reading it for the second time!! When I'm reading, I always highlight possible lines to use to open my review, as well as make notes for various reasons, like key parts to remember, for example. I highlighted so many parts by the time I was halfway through, it was crazy! But I did it for one reason & one reason only - this book has me sunk so deep into it, I not only feel like I am living it as Winter, but that I AM Winter and Gwen is telling readers everywhere how I met Ethen, my Vampire Mate!! "The only mouth on you tonight will be mine." And why the hell does that turn me on?" Oh Winter, trust me! You are NOT the only one! Ethen says possessive things and I get weak in the knees, feel it deep inside me, he growls and it turns me on. "Looked like I was popping a different cherry tonight, and it was going to be bloody." Oh how FANGLICIOUSLY naughty in all the right ways!!! While I have connected with various books & characters over the years, I honestly cannot remember one affecting me quite like this one nor to this degree!! That is the best way I can explain just how much I love it all! It's also all the ABSO-FANG-LUTE proof you need to see just how phenomenally talented and genuinely gifted Gwen Knight truly is! She is so wickedly talented that no matter what book of hers I have read, I have been transported into the story's depth, never coming up for air until I have to because those two little words that I hate so much (The End) made their untimely appearance! I can only hope & pray that Gwen has marked this in her To-Do List titled "VAMPTACULAR Books to Turn into My Own Series"! In no way, shape or form am I ready to say good-bye to these multifaceted characters, the FANGTASTIC world they live, love, play & mate in, nor am I ready to move on! Gwen has me completely, utterly, wholly, madly, truly, deeply, marked and consumed - mind, body, spirit and soul! (ALL puns fully intended)
