One Bright Star Kate Sherwood

It's Christmas time. Time for family, celebration, and anxiety. The new baby is a blessing in Jeff, Evan and Dan's lives, but he's also one more thing to worry about. Jeff isn't sure society will accept their nontraditional family, Evan isn't sure what he has to offer the baby, and Dan... well, Dan's Dan. He's got PLENTY to worry about.

I thought I was going to leave the series on a cute happy note...but NO!!!

I'm almost getting emotional right now with all the happenings from this novella.

Man, if you are a Dark Horse fan you have to read this!!! (Or if you are a big Chris fan like me)

One more short to go...

I'll miss these guys! <3

This works great as an epilogue to the series. I guess if you wanna read one short, this would be the one to pick. It shows everyone together for Christmas about a year later. The baby is now 9 months old and we see Chris and his new HEA and Dan and Evan and Jeff and how they have decided to create their own HEA. ♥?

Debra says

It was really nice to see the three men at their best for a change. Again, the short free stories seem to have the best communication between the men.

The addition of the baby to the family is finally forcing them to make some decisions that they have been skirting. It was great to see Evan and Dan acting like adults and the three men finally openly discussing their future.

Seeing Ryan and Chris was a surprise, since their relationship status was very vague in the last book, but I found the short time Robyn was there to be quite annoying. Other than that, I was happy with this a finale to the series, leaving the men moving forward as a solid family unit.

Isabel says

Beautiful ending for a great series! I'm very happy to have the opportunity to meet Dan, Evan and Jeff, and all the other characters!

They have a sweet love story and I am very sad that I have to say goodbye!

“I promise to love you both, with all my heart,” Evan said, and he slipped the ring onto his finger. “I promise to fight for you both,” Jeff said, then added, “And to figh

I absolutely and completely adored this. It was funny, emotional, and a little bit crazy, exactly how Dan, Evan, Jeff, R.J., Tat, Anna, Robyn, Chris, and Ryan are. And I loved it. There's no drama or anything, but it still feels fundamental because it shows what a great family all of them are forging here.

Thanks so much for all these free treats, Kate Sherwood!!!

This is probably the most “agreeable” part of the whole series. This was the only part of the series where Dan isn’t overly dramatic and Evan doesn’t look like the third wheel at all (which needs a lot of manipulation unfortunately)...still though, this series needs to rest and I’m glad that it went out with this wonderful little novella.

Cory says

Sniff, Sniff....that's me boo hooing because there are no more books for me to read about Dan, Evan, and Jeff.

It's Christmas in this final installment and it was just really sweet and a great way to end everything. I've always loved Dan, and I always liked Jeff, but Evan had to grow on me. After reading this I can't imagine those three not being together. What a wonderful happy ending! :)

Tina says

The Dark Horse Series is one of my favorites and I love Dan, Evan and Jeff dearly. To see them again in this short story was awesome. Their interaction with baby RJ is so lovely and heartmelting, I wasn't able to stop grinning.

W00t! Chris and Ryan are a couple. Finally! They are so cute together.

I would love to see all of them again in a future installment. Will I get the chance to read Dark Horse #4?

Sadonna says

Imagine my surprise today when I head over the ARe to see what new books could possible be there and a NEW Dark Horse story comes up! YEA KATE!!!! Thanks for this lovely look into RJ's first Christmas with Dan and Evan and Jeff. LOVE LOVE LOVE these guys. And of course the rest of the gang is there too along with a lovely surprise from Chris.

Can't get enough of this series. Seeing this holiday story today was just perfect. And free to boot!

Thanks Kate for helping to make it a Happy Thanksgiving today. You rock!

First I have to say that I am very thankful to Kate Sherwood for writing *The Dark Horse* series and having so many free shorts to help complete the story.

This one ties up a few things left open in the last novel, decisions on living arrangements, decisions on showing/acknowledging their relationship more openly and of course baby RJ plays a huge role now.

There is a real family now, with many, many people included in the family, Anna, Chris, Ryan, Robyn, Tat and even Owen and Tyler (and I'm sure I've left some out).

The whole baby thing might have been a bit too much sugar for me, but I was happy for all of them and so glad it all worked out.

Bev says

That's it. The end of the series, and what a blast it's been!! This little novella was great, it tied up lots of loose ends, had a few surprises and rounded everything off really well. 5 stars and a huge , thank you to Kate Sherwood for writing it and my lovely Tina once again for recommending it. Wonderful.

Kaje Harper says

This is a completely emotional rating - I love this Dark Horse series and these three guys, and in this free short story we get everyone's POV, and many beloved secondary characters coming together for the holiday. It was sweet and lovely and a little poignant and made my throat catch, and I give it 5 stars. This is *not* to be read until you've read all the three novels and the other short stories, so I'll spoiler the rest and just say, "Thank you, Kate Sherwood, for another lovely, and free, moment with the guys I've come to adore."

The UHQ Nasanta says

You know the most horrible thing about short stories that fall in between series or afterwards? Sometimes you realize how self-indulgent the author is to have released them. So, while I was happy to have new material to read of this series, as opposed to rereading which I had been doing last week, it was too sappy for me to enjoy.
