Somewhere South of Normal is a collection of stories and poetry from False Key, the island of dreams and nightmares, shifters and mermaids. Shed the humdrum mainland routine.

Escape into our adult fantasy. Arrive by rust bucket, summer squall, or overnight coach. You can raise a glass with locals masquerading as humans, or slip into extravagant costume for our parade. Until we find you appetizing. We do love our visitors.

Disclaimer: This anthology is intended for Mature Audiences. Contains violence, adult language, and sexual content. Fantasy, Horror, Supernatural Romance and Poetry

Entertaining!

This is an anthology of ADULT Fantasy Short Stories featuring the very unusual visitors and residents of False Key, a fictional island in Florida's Keys. It has everything I love about anthologies - a clever mix of nine writers' styles and imaginings in lengths that actually let you finish a story and get on with your life when you need to. You will encounter shape-shifters, mermaids, angels and even regular humans who enjoy some unusual "hobbies." You will laugh, maybe cry, most probably cringe, and certainly be surprised and entertained! Highly recommended!

Note - if books were rated, this would be an "R" for S, V, SC, AL - all executed in good taste, of course ;-)
Enjoy!

Serena Schreiber says

Creating the world of False Key for my authors friends to play in has been the most fun I've ever had writing. Nine authors brought their characters and creativity, humor and sinister intentions to my little island. I sincerely hope you'll have as much fun reading Somewhere South as we did conjuring it into life. As Sutton Shields said, "I keep thinking it's a real place." And, we hope, so will you.

Contains fantasy, supernatural romance, poetry, violence, adult situations and language. Intended for mature audiences.

REVIEW TO COME

kathleen j spalding says

I love False Key, and hope to "vacation" (contribute a story) there every year! Somewhere South of Normal is an Adult Fantasy anthology of short stories and poems regarding the unusual visitors to and residents of the fictional island of False Key. Try it with an open mind, like a new dish, the local "flavors" are quite exotic. ;-D
