Fans of Diane Mott Davidson will love these 25 cozy mysteries chock-full of amateur sleuths and detectives as they investigate murderous mysteries and cozy crimes!

**Lights, Camera, Murder** by Nikki Haverstock: Beautiful reality star, handsome producer and tiny rescue dog solve the case of an onset murder.

**Two Dead Love Birds** by Elisabeth Crabtree: Romance, obsession, and murder are in the news when intrepid reporter, Kat Archer, becomes one of psychic matchmaker Ashley Byrd's clients

**Ghost of a Chance** by Cate Dean: Welcome to Holmestead, England ~ where an American ex-pat, an archaeologist, and murder turn this picture postcard village upside down.

**Hook, Line and Stinker** by Maggie West: Can fifth-grade teacher Lily Thistle solve a murder her first day of school in her new seaside town?

**The Grrr-eat Tiger Chase** by Alannah Rogers: When a 500-pound Siberian tiger is stolen from a roadside attraction near the small town of Ashbrook, New Hampshire, it's up to amateur sleuth Beatrice Young and her three crime-fighting cats to solve the case.

**Death Line** by Geraldine Evans: Jasper Moon, a seer who failed to foretell his own murder, involves DI Joe Rafferty in a tangled web of deceit.

**Murder Any Witch Way** by N.M. Howell: When a paranormal festival comes to Brimstone Bay and a dead body is found in the haunted house, clever witch River Holloway must find the killer before the local witches are falsely accused of murder.

**Gnarly New Year** by Anna Celeste Burke: Kim and Brien's most excellent honeymoon adventure gets gnarly when murder and mayhem arrive along with an unwelcome visitor on New Year's Eve.

**From Mangia to Murder** by Caroline Mickelson: The grand opening of the Mancini Private Detective Agency is ruined when a party filled with family, friends, and food aplenty turns fatal, and the word on everyone's lips went from mangia to murder.

**Breezy Friends and Bodies** by Anne R. Tan: When Raina Sun loses her grandfather's journal in a mugging incident and a family friend dies under mysterious circumstances during Chinese New Year, she is drawn into another murder investigation where family secrets don't die with the dead.

**Blue Moon** by Colleen Cross: Helping an ex-con could prove deadly, and accidental death pays double!

**Bed, Breakfast and Bones** by Carolyn F. Dean: Amanda Graham inherited a rundown bed and breakfast, a

starving cat, and some dead guy who's buried in her garden!

Deathbed of Roses Book 2 by Alannah Foley: When dashing celebrity gardener, Simon Sinclair, is found dead on the Barrington-Bowles manor estate, Scott winds up a suspect. But was it the infamous Lakes Killer, or was the man's murderer a lot closer to home?

Mercy & Mayhem by Ava Mallory

## **From Reader Review 25 Mysteries To Die For for online ebook**

### **Ellen White says**

Great selection, good length to these cozy mysteries. For me they were new authors, with a different approach to The Who, What and Why. Definitely worth getting, for one would enjoy them all.

---

### **Mary Fearnley says**

#### **Wonderful!**

I loved this book of various authors' stories. They are quick reads and enjoyable. I got to sample different authors. Now I'm looking for more books like this.

---

### **Jeri L says**

#### **A Variety of Mysteries all in one book**

There's just about every type of mystery in every type of setting in this compilation. When I first picked it up, I was expecting 25 novellas. Yes, there are a few short stories, however, the majority are full length books. I love reading different authors and series. This book has given me plenty of opportunities to get to know several new (to me anyway) authors. I've tried to rate as many stories as possible on Good Reads and even wrote some reviews. Enjoy, but don't expect to finish this book over a weekend!

---

### **Bonny Millard says**

#### **Great Diverse Selection of Murder Mysteries!**

I have never had so much fun reading mysteries involving Italian culture, French culture, British culture, and American culture! Some books included were actually full length and some were short, but all types of mysteries were included with differing genres.

---

### **Tracey Pedersen says**

25 Cozy Mysteries in one box set, who can say no to that for 99 cents? This is a collection that I'm really enjoying and I'm leaving my review in case I forget once I get to the end. So far I've read the first four books and I have to make myself put it down or I'd sit all day and read. I'm familiar with only two authors in this set so it's been great for me to read some other works. The mysteries are good and I haven't guessed them before the end which makes me happy. I hate it when it's obvious who did it! Don't miss this box set while it's such a reasonable price. One of the books on their own will cost you this much!

---

**Nola Arganbright says****Good stories**

An eclectic group of cozy mysteries for lovers of the genre. These are well written stories and complete works by great authors.

---

**Reader43 says****25 short stories or novels - entertaining**

From 25 writers, a collection of stories from the normal to paranormal. Vastly entertaining and all different. Cosy mysteries to murder mysteries, I enjoyed the variety and new authors. For anyone who enjoys a good story and a great read.

---

**Karie says**

Mercy Mares is a travelling nurse who receives an assignment in a small town, where everyone knows everyone's business and most are related somehow. This cozy Mystery has Mercy on a dementia wing of a nursing home. I felt like I was in the story with Mercy, when a patient's husband is murdered and she's the prime suspect. The characters straight across the board are all wonderfully developed. Nubbins, one of the residents, along with Betty were my two favorite secondary players with Mercy.

There are points where my heart aches for Mercy, when it seems as though the town is all against her. Whereas, in the total opposite end of the spectrum I found myself laughing at the events and antics that happened. While I did figure out part of the "who done it," it didn't take away any of the enjoyment of the reveal. I do look forward to Ms. Mallory's next installment in this cozy mystery series. 5/5 stars. \*\* Cross posting to My Reading Reality \*\* This will be on ongoing review as they are read

---

**Bonnie Dale Keck says**

I read this a while back not sure what happened to the review, as usual with collections there are some 4/5 and unfortunately some 1/2 or 3's; I read it because Anna Celeste Burke, which reviewed separately when came out as 5 {have all her books} and there were a couple of other decent or better stories but been a while and chromebook isn't pulling it up for me to glance back through and not finding it on amazon.

---

**Tiersa says**

There were some great books in here - and some I couldn't get past the first few pages. Interesting collection for an easy read.

---

**Lois says**

I enjoyed reading all the different stories written in various styles with the authors special slant on the stories. Some I enjoyed more than others but I would recommend this set to any mystery lover.
