[Siren LoveXtreme Forever: Erotic Ménage Romance, M/F/M/M/M/M, spanking, HEA]

India Brooks is living the life in Chicago. She's a successful businesswoman. Her best friend, Aspen, is being hunted by the Russian mafia. To send a message that they mean business, they come after India, abduct her, assault her, then leave her for dead. To save India, her brother Silas and Aspen's men, send India to the town of Pearl and the safe protection of five guns for hire.

Ford Montgomery and his team, Grey More, Fisher Lent, Fenton Lewis, and Flynn O'Connor, have just about had enough of dangerous, life-threatening missions. When their friend calls in need of protection for his sister, they of course bend the rules. But once India arrives and they see the damage that has been done to her, all five hardcore soldiers feel exactly the same thing. They want to protect her, get close to her, and take full advantage of the time they have together. But they are scarred men, and despite their capabilities, they feel India is out of their league. Will India head back to Chicago, or take a chance on her five American Soldiers?

Note: This book contains excessive violence against the heroine.

While i enjoyed it, I prefer her Dare series. I red this one as it had 5 men for one woman as the Dare series has 3 men loving one women. Story wise it is good with the men caring and taking care of India (love that name)and showing her how they come to love her. The sex begins happens too soon as she not yet recovered properly and the men do ask if she is alright and she says yes, she would like to continue.Of the 5 men only 3 were described fully that you get to know them and they interact more with India then the other 2 men. Even these 3 have solo sex scenes with India. The sex scenes are good but it works better with 3 men as during the first sex scene in the book, 3 men have sex with India together, leaving the other 2 men just standing there and watching. After the first men are done then the other 2 men gets their turn with India while the first 3 men cheer them on. Just goes to show that more does not mean better. Would i read anymore in the series? Yes but only after the complete the dare series first.

I liked the India's character. She is independent and fierce when she has to be. She is an intelligent woman. I love those traits in my female lead. She is wise enough to think at times before she acts or talks. I loved that she wasn't a virgin like all of the other stories. She has some experience. I loved the five hot alpha males in this one. The way they immediately react to her. And the dogs too. They were sweet. Ythe sex is scorching. I did look forward to find out what happened to her. I'm glad to hear read that she has her own hot men.

2.5 Stars

This book just didn't do it for me. I didn't see the connection between any of them and Fenton was a complete asshole throughout the book. The dogs were the best part.

I enjoyed this one, but it wasn't necessarily love it.

Good

A good read with a good story line. Well written. If you enjoy reading menage and romance with a touch of intrigue then you will enjoy this one.

while I love Pearl and her inhabitants, this chapter was the most fantastical. A lot of disconnect in prose to reader, at least for this girl.

Dixie's stories are so wonderful. This different tale, has sweet, strong India being kidnapped and beaten and abused and left for dead. (there is graphic description of her beating) so I skimmed that part. While she's in and out of consciousness, her brother and Dimitri transport her to a five man ex Special Ops team, who will protect and help her heal. Ford, Grey, Fisher, Fenton, and Flynn served with her brother and are happy to help his sister stay safe. She's in bad shape, and the guys watch over her, take care of her needs for first two weeks before she truly wakes up and begins to figure things out, and continue her recovery. Each hard core man is tender, caring, and protective, as are the three German Shepherds. This story is different than the usual Dixie story, because here the main focus is the aftermath of her attack, and the love and deep feelings that came with her recovery and the men's tough walls wavering as love crept into their "armored" hearts. I enjoyed the change of pace, the super hot sex, and the emotional excellence that was so well written. Highly recommended. E N J O Y !!!
