Katrina says

Blood Legacy is the 6th book in the Pulse Vampire series, Kailin has kept us on the edge of our seat with this one ... leaving a path of bird seed if you may call it to find our way along the path that Kalina follows.

Kailina is still undecided in love - Being in love with three hot vampires, learning to live her new life , life is just not easy as it use to be.

Blood Legacy is filled with mixed emotions and a roller coaster ride Im sure that will keep you hooked from page one. An ending you will not see coming, I can guarantee you will be flipping the reader looking for more. Twists in character development = this will make sense once you have read it,, and this alone will keep you wandering where it is going !

A turn in events, the storyline taking a different direction. Kailin has kept the reader intrigued with her vivid descriptions and emotions are all well portrayed and put forth.

The storyline keeps you rivited , intrigued, till the very end. As I mentioned earlier, an ending that is certainly unpredictable by any means that will only have you wanting more !!

A great addition to this series, filled with mystery, depth, heartfelt emotions and I guarantee this read will keep the romantic at heart hooked and the mystery will have you baited. I must say Jaegar is still my favourite, Stuart such sweetie but Octavious - has something I just cant describe ** waggles eyebrows ** ..

I eagerly await book 7 ! They just cant come soon enough.. Im excited to see where Kailins characters take her in the next book as it seems they chose to go in a different direction with this one ((lol))

Nikki Archer says

OMG!!! Octavius is like going bad. I cant believe this. Jager is like not feeling!!! Whats going to happen next!!!!

Rita says

This was book six and we are still no closer to finding out who Kal wants. now Stuart is human. Jäger is compelled to forget her and Octavius is evil. The carriers still haven't been found. Will book seven wrap this up? I don't think that I want find out. How does Kal go from kissing and getting intimate with all three with a span of 48 hours. Can we all say Tramp!

Autumn Review says

NO!!!! Jaeger! *tears*

Beth says

Well, I thought, "This is it. Kalina is FINALLY going to choose. (I just hope she picks Octavius!!! or Jeager if not.) The life-blood carriers will be found, and they'll all live HEA." -Ya, I was wrong. There wasn't much solved at all in this 6th book; in fact new problems were added. I found myself taking awhile to read because I was just so frustrated that "everything" with Kalina was still up in the air-and NEVER coming down. I was just really hoping for some closure. I still liked the book and enjoyed reading; but I really hope that Kalina, et. al, will find their HEA and have some closure in the next book.
