### Estefany says

Al fin terminamos la película sin embargo no me acuerdo de este final que abre el meollo de todo el asunto con Boruto. Creo que a la final nos sorprenderá lo que este chico puede hacer y o lo que será capaz. Aunque sigue pareciéndose a su padre notas la diferencia y eso es refrescante.

### Liz (Quirky Cat) says

[

I'll admit that I was hoping to like this volume more than I actually did. That being said, more than seventy five percent

---

## **Shaun says**

Volume three finishes the Boruto movie arc. I like the addition of Boruto receiving his “curse” mark at the end of his battle with Momoshiki. I am excited to read the next few volumes as this will be all new material from both Ikemoto and Kodachi. Boruto has matured since volume one, but I have a feeling he still has room to grow. The supporting cast is fun and I can’t wait to see both Sarada and Mitsuki grow. Great volume overall!

## **Timmy De Leon says**

**"No need to be impatient....Focus on the road ahead, not the steps of those who walk beside you. " - Gaara**

The most epic thing to happen in this volume is the battle between Naruto, Sasuke, and Boruto against Momoshiki Ohtsutsuki. And Naruto combining his Tailed Beast Mode with Sasuke's Susanoo is totally awesome and out-of-this-world (literally!)

## **Marianna Rainolter says**

I quattro Kage con Sasuke e Boruto sono faccia a faccia con il temibile Momoshiki che ha rapito Naruto per impossessarsi della volpe a nove code. Il ragazzo dovrà mettere tutta la sua forza per poter salvare il padre e scoprirà di essergli più simile di quanto mai immaginerebbe. Insomma, per quanto Boruto la rimena che lui non è come Naruto, è impossibile non notare la somiglianza tra i due e anche molti punti della storia si collegano a fatti di Naruto; lo dico come un qualcosa di positivo per la serie, o comunque personalmente mi piace molto questo aspetto, questo parallelo tra Naruto quando ero lo scapestrato ragazzino degli inizi e suo figlio che è cocciuto e indomabile come lui. Bella questa parte di combattimento e anche la “Profezia” dello stesso Momoshiki che spero venga sfruttata e non dimenticata lungo la via. Poi il resto del volume mostra la vita quotidiana della nuova generazione e introduce la prossima (dis)avventura di Boruto. Per il momento la serie e mi piace e nonostante tutto sono spinta a continuarla quindi speriamo bene...

## **Nidah (SleepDreamWrite) says**

Another good volume.

---

## **Brandon St Mark says**

A really good volume and wrap up to the first arc. So far, Boruto is better than the beginning volumes of Naruto, but not quite as good as the volumes near the end. I'd say these are about Sasuke Recovery levels of good. Which I guess make sense since the first few volumes of Naruto had to set up and develops the world, whereas Boruto can just focus on plot and character development from the get-go.

Would definitely recommend this!

---

### **Victor Hdez says**

Buena primera historia de pelea verdadera

---

### **Elias Alexander says**

This world is the best to be in. Not as good as the original story but better than nothing. Boruto is growing. And I still love that sasuke is still a part of the story. And naruto is so grown up. I'm so proud of him. He has come so far. Living his dreams.

---

### **Chris Lemmerman says**

This is one quick read. I think I finished this in about half an hour.

We get the conclusion of Boruto's battle with the invader from the previous volume, ominous portents for the future, as well as Sasuke being super creepy, and then the start of a new adventure as Boruto gets a new mission.

One thing I do enjoy is the fact that because Naruto already took most battles to 100, Boruto has to find new ways to top that, and it's super-fun to see what they come up with. There are at least two stupidly cool battle moves in this volume.

---

### **Evelyn says**

We're getting back to the fun action from a trademark Naruto series, and I appreciate that we delved into the topic of mixed clan blood.

Boruto has traits from the Uzumaki clan and the Hyuuga clan which give him unique abilities. However, part of it seems over powered for the first couple volumes of the story. With Naruto, he had tremendous power but very little control thus giving him plenty of room to grow. Boruto is starting out at a the genin/chunin line but he's fighting with the Kage. Unrealistic even with his abilities especially when the enemy is holding their own against all five Kages plus Sasuke at once.

But the story is moving on and hopefully it will be more believable.

---

### **Aly says**

I know I'm not the target audience for this, but as someone who grew up on Naruto, even stepping back into

this world a little bit is enjoyable.
