## Lessons in Love Emily Franklin

It's Love's senior year at Hadley Hall, and she's stuck sharing a dorm with the evil Lindsay Parrish, who's imposing way too many rules during her reign as head monitor. On top of that, her handsome boyfriend, Charlie, has gone back to Harvard, and her ex, Jacob, still insists on giving her the cold shoulder.

On the bright side, Love's mom is offering her the chance to work for an indie music label in New York City. Suddenly, Love's future's looking bright again. Until, that is, the newspaper publishes a photo of Charlie on the gala circuit- with another girl. Obviously it's time for some lessons in love...

## From Reader Review Lessons in Love for online ebook

### **Melanie Gin says**

It won't be fair to rate this because I was not aware that this was a series- the last book of the series at that- so I was really confused.

---

### **Manoja K. says**

When I first started the series, I thought hey it's average. But as I made my way through the series Love started to grow on me, and I found myself loving the characters and her relationships.

I'm happy with the way the series ended. I wish there was a little more family drama, but the book ends with Love finding someone. I really liked Jacob (not a fan of Charlie at all!) but my feeling changed as the story unfolded (let's just say cultural stereotypes of musicians are correct). I like how the ending was sweet (maybe a little bittersweet), but not so final and it leaves it open. I felt like the relationship at the end was forced and came out of nowhere (it seemed like a turn that had to happen after the Charlie and Jacob revelation), but the ending was satisfying nonetheless. Love finally got a happy ending.

---

### **Kristen says**

Another bomb - within the first couple of pages they said the "B" word and the A word. Wish they would have a label on these books rating them R for language.

---

### **Ericka Nicole says**

This is actually a nice book! I still have not read the rest of the book, but I like it. I felt connected instantly though I have a lot to catch on and read later :D Love and I share the same passion, which is writing.

---

### **Blerta says**

Love is out of Hadley Hall and ready for freshmen year collage and she is stuck sharing a dorm with Lindsay, which whom Love hates because Lindsay want to be head monitor. The boyfriend she got last summer, Charlie has left for collage and Jacob, Love's ex, never talks to her. Now her mother has found a job for her in NYC and there in a newspaper is her boyfriend Charlie and another girl. Love wants to get to the bottom of this so read the book to find out the secret, Charlie has been hiding.

---

### **Jenny says**

This is the 7th book in a YA series that I read. I have to re-read the entire series whenever another one comes out. I haven't always been this forgettable...just since I started grad school.

I recently re-read the entire series. I think this is perhaps the final one. Or at least for now. Normally it at least gives you the title of the next ones. This one doesn't. It didn't work out quite how I expected but it was still pretty good.

---

### **Belicia Buena-Terrones says**

Well this book was really somewhat confusing atsomeparts but over all I loved it because ive been with this series for about two years or more and the ending was amazing though kind of messed up and completely out of the blue. I did the horrible thing which I do with books I read the end about 2 chapters in. I knew what was going to happen the whole time but I still enjoyed it. Its sad to see the series end but IT was a sigh of relief at the same time. All in all I recommend this to people who like romance. but its more than that its about figuring out your life and all that good stuff. Plus the main character wants to be a writer so that was exciting. Its a good series read it lol

---

### **Vicki says**

This book explored some really cool concepts that I think every teenager or even young adult faces when they are transitioning from one phase of life to the next. However in relation to the rest of the series it was a bit of a disappointment. It's considered the last book in the series but so many questions were left unanswered!!!

---

### **Mari says**

i put off reading this series for so long but when i started it, i just couldn't stop. there's something about love bukowski that draws you in, makes you want to get to know her, makes you want to BE her. this book was the perfect ending to her story although who she ended up with was a bit unexpected. but then, life's like that... live in the moment and all that hoo-larkey.

---

### **Jennifer Wardrip says**

Reviewed by Jennifer Rummel for TeensReadToo.com

Love's just about to start her senior year. She's feeling nostalgic and thinking deeply of all the last firsts passing her by. Love's also trying to cope with dorm life after living with her father.

Love's focused on her writing and wonders if she's got what it takes to be a writer. She's dying to get into a

super-exclusive writing class, but first she has to write a short story that will change the professor's mind.

Now that Love's found her family and is sorting out those relationships, she's starting to focus on her love life. LESSONS IN LOVE forces Love to ask herself questions about her relationship with Charlie and also her feelings for Jacob. In asking so many questions, Love forgets to live in the moment, especially as it's not the moment she's imagined.

Emily Franklin writes another thought-provoking episode in the saga of Love.
