**Magic & Mystery** Annabel Chase

*Welcome to Starry Hollow, where spells were made to be broken.*

Ember Rose, descendant of the One True Witch and New Jersey transplant, is settling into her new life in Starry Hollow, along with her precocious daughter. It doesn't take long before Ember finds herself smack dab in the middle of another mystery. Someone is turning the town's most eligible bachelors into frogs, starting with her cousin Florian. Aunt Hyacinth insists that the newspaper investigate alongside Sheriff Nash because 'everybody knows werewolves track meat, not suspects.'

Can Ember manage to catch the culprit or will these young princes of Starry Hollow be trapped as frogs forever?

*Magic & Mystery* is the second book in the *Starry Hollow Witches* paranormal cozy mystery series.

This is a full-length, humorous cozy mystery novel.

Books in the series include:

Magic & Murder, Book 1

Magic & Mystery, Book 2

Magic & Mischief, Book 3

Annabel Chase is also the author of the Spellbound Paranormal Cozy Mystery series.

## **Starry Hollow**

Starry Hollow, a place so magical that you can have people turn into frogs and have ghosts as butlers. When bachelors start turning into frogs Ember is put on the case for the paper. In looking into the case, she meets some interesting new people.

Need to read to find out how, who, and why these men become frogs.

## **Ember, Marley, and PP3 Have a Home**

Nice that the title is a play on the title of the first.

Still getting to know the town's characters. Some of them have been turned into frogs, much to the town's dismay. These aren't normal frogs, these are the town's elite.

How Ember figures out who the culprit is and how it's done, right beside the sheriff no less, is cute.

Ember and Marley seem to have found a home at last.

## **Ember is on another investigation**

Someone has turn Starry Hollow's most eligible bachelors into frogs. When Embers own cousin is turned into a frog her aunt wants her on the case. Sheriff Nash is willing to take Ember along for interviews of the women each guy has dated lately and they find that list to be long.

This is a review for the Starry Hollow Witches books 1 through 6, as I read them all one after the other so feel a series review is in place.

This series had a different feel to the Spellbound books. For a start Starry Hollow takes it's place in the world at large and time has continued to move forwards. The magic appears to be different dependant on the users and has a slightly different feel to it. Ember (like Emma in Spellbound) does arrive though from the human world and finds out she is a witch from a rather special family. There she discovers a matriarchal aunt,

cousins, nieces and nephews and a whole cast of weird and wonderful townsfolk, including some rather handsome new suitors. Ember and her daughter discover the delights of a new world, along with solving some murder and mayhem on the side. The world is delightful and I recommend these books highly for a spot of light reading that will surely distract from the day to day of reality. Fun and engaging.

While there is no murder in this one, there is still a mystery. Someone is turning the town's most eligible bachelors into frogs. Including Ember's new boss, Alec Hale. And no kiss from a princess will be changing them back anytime soon. Ember works with Sheriff Nash to find out who the guilty party is. Another well told story, and a quick fun read.

Such a fun and witty read! I love the characters - a single mom from Jersey who has just learned she's a witch, a ten year old daughter who is wise beyond her years and two hot paranormal love interests - how can you go wrong? and I want to go to the Wish Market - the author has a great imagination!

Ember Rose, Marley, Alec, and the Sheriff are back in this amusing mystery. Someone is turning men into frogs in Starry Hollow. Alec assigns Ember to investigate for the paper and the sheriff decides to have to come with him so they can interview people together. While this is going on, Ember is being taught how to use her magic. A most fun read with a cast of wonderful characters that I'm looking forward to reading about in future books in this series. Delightful.

#### **Ember's Starry Hollow adventure continues ....**

.... with a really amusing tale.

Some of the bachelors from town were turning into frogs. They are the main players in town, unfortunately one is a Rose.

Florian is one of the first to be turned and at the dinner table too.

The hunt is on for the culprit.

Luckily for Sheriff Nash, Simon the butler at their home has a list of girlfriends. They put all the frogs' lists together and start to question the ladies.

All is not what it seems and when Alex, Ember's boss is turned it leads her to an unexpected answer.

This has some fantastic moments in the story that had me giggling more times than not. Joyous, fun, creative with wonderful characters, what more could I ask for. You get some more insight into the family, coven and life in Starry Hollow along with catching up with PP3 and Marley and a new addition to the characters.

I loved it, couldn't put it down, can't wait to dive back into Starry Hollow.

Since I don't normally write reviews unless I have something specific to say, here's the break down of how I rate my books...

1 star... This book was bad, so bad I may have given up and skipped to the end. I will avoid this author like the plague in the future.

2 stars... This book was not very good, and I won't be reading any more from the author.

3 stars... This book was ok, but I won't go out of my way to read more, But if I find another book by the author for under a dollar I'd pick it up.

4 stars... I really enjoyed this book and will definitely be on the look out to pick up more from the series/author.

5 stars... I loved this book! It has earned a permanent home in my collection and I'll be picking up the rest of the series and other books from the author ASAP.

#### **And she does it again! Another amazing mystery!**

I loved this book as much as I liked the first one I like that Ember is starting to get her magic on. Who doesn't love a great mystery with lots of magic? Everyone does!!! I never saw it coming, who would have thought... No spoilers go read it yourself!!! You will fall in love

I loved it!! I am enjoying all of Annabel Chase's works and this one is as good as they get. I read it in one sitting and I can't wait for the next one in the series.

Ember Rose is fun and a breath of fresh air. I read a lot of deep dark mysteries and police procedurals and I need a fun break at times. This author is perfect for my needs. She gives us fast moving, intriguing and well written stories. I highly recommend all her works.

### **Freakily Awesome and Extraordinary**

Fantastic Siri. This author writes several series in the same magical world. One of them is this one the story hello series. Another is the spellbound Siri's. Another is spell slayers academy in which that one is similar to Harry Potter as it is a magical university. These books are as entertaining as it gets. I put them right up underneath Perry Potter books.

Sorry for any grammatical errors. I use voiceover with Siri to dictate as I am blind. I read a lot of books and in this genre these are becoming some of my favorite. You will not be disappointed. So far I have immensely enjoyed every book from this author I have read. Check them out

### **More magical fun**

Ember's cousin Florian suddenly turns into a frog during dinner, and they need to find out who cast the spell and how, in order to turn him back. The sheriff lets Ember tag along because she will talk to the same people anyway. Fun watching them get little digs in at each other for entertainment.

## **Adrienne Testa says**

Amusing with several laugh out loud moments. The town's most eligible bachelors are being turned into frogs. The love them and leave them bachelors have made a name for themselves in Starry Hollow and someone is out for revenge. Ember Rose is on the case, as a journalist and a friend. She's trying to uncover the trust, as she adjusts to living a life as a witch. Its a fun read, with likable characters.

### **Excellent follow through**

This second book is as good as the first as Ember settles into her new home in magical Starry Hollow. She's picking up new witchy skills, learning a new job and hot on the trail of a magical mystery. I like this series better than than the other set in this world, though if you like this one, I'm sure you will like it too.
