## **Ride Hard** Brook Wilder

He'll strip everything from me, and he's just getting started.

It was supposed to be a simple delivery—until Joel Lasseter forced me off the road, held me up, and told me he was taking whatever he wanted.

I want to say that I resisted.

I want to say that I put up the good fight.

I want to say that I never saw him again.

But none of that would be the truth.

*Stripped* is a full-length, standalone romance novel with steamy hot sex, NO CHEATING, strong language, a happily every after ending and NO CLIFFHANGERS. Contains dark and disturbing themes, and over the top sexiness that may be uncomfortable for some readers.

**Also included is a BONUS book: OUTLAW'S BABY**

I was actually enjoying this read, bad ass MC bikers who have soft spots for women, protecting them without the alpha bullshit but then something I absolutely fucking detest happened.....it ended on a fucking CLIFFHANGER!!!

Enough said....

Well written storyline with well defined characters that had great chemistry! I look forward to reading more from Brook Wilder and I added her to my list of must read authors!

I voluntarily reviewed an advanced reader copy of this book.

I enjoyed the story line and the characters. Carla was a great little innocent girl and Joel just had to have her. I can't wait for Ride Rough. Ride Hard was to short.

### **Heather says**

Stripped, by Brook Wilder, was a good read. The author's writing continues to grow as she writes and that is evident in this book. The characters have solid chemistry and the story flowed well.

---

### **Lynne says**

#### **Good new series**

A slow but interesting start to the series. Joel & Carla meet unexpectedly with them both doing the same thing. High jacking a shipment. Trying to break free from her slimy boss Maurice & debt, she meets Joel & his crew to help move the shipment. Of course sparks fly between these 2. Onward to the next book for continuing story.
