patrycja polczyk says

I really like this format of the story - telling how Peter solved (or not) given case, but this story was bit too slow for me.

Verity W says

I love these graphic novels so much. They don't have the same depth as a "proper" book in the series does, but they offer fascinating side-insights into Peter and the Folly that work really well alongside the novels. And as Ben Aaronovitch just can't write quickly enough, I'll happily use these to fill in the gaps between novels!

Jenette says

Here's the thing, I know I'm probably supposed to feel for her but I can never be bothered with Lesley. This instalment was certainly another example of the quirkiness of Peter's cases but it lacked the thrill and fun they often have.

Maya says

3.5

LAU?A says

This gets 5 stars simply for the piece on Goya at the end. I really like how the last segments give insights into the story, characters, and locations.
