## **The Billionaire's Dare** Lauren Hawkeye

What happens in New York...

Evangeline Wyatt, the brand new “team behaviour manager” for Miami Thunder, doesn’t have time for a relationship. At least, that’s what she’s told herself since being burned by one of the Thunder’s biggest playboys. It’s the height of humiliation when she finds herself stuck accompanying said ex to a New York kink club to keep him out of the tabloids. But when she meets a sexy, slightly familiar looking stranger with whom chemistry instantly sparks, she finds herself letting go... only to be reminded why her rules were there in the first place.

Nick Aitken is the star rookie of the New York Vikings, a team with a longstanding rivalry against Miami Thunder. At first he approaches the admittedly delectable woman only because she’s with one of his biggest opponents. But what ignites between them is more than he can resist...

Evangeline is certain that they’re all wrong for one another. Nick’s not so sure. But he’ll do anything for a second taste...

Anything. “Evangeline, I dare you...”

## **From Reader Review The Billionaire's Dare for online ebook**

### **N. Kuhn says**

Holy cow. This was a sexy book. I loved that Nick and Evan were from different teams. It certainly led to some interesting drama. I was a little off put by the title. Nick is a football player, not really a billionaire.. but, hey, it's just a title.

"I think you're under the mistaken impression that you have a say here." His dominance was sexy. Nick knew what to do and say to heat things up!

Evan wasn't a complete submissive. She was strong, independent and let's just say, her punching someone was my favorite part in the book (besides the sex!)

Being tied up has never sounded as sexy. The ending will leave you cheering and smiling. This was a great read! I honestly wish that there had been more of an appearance from the Dare's, but this is still one hot, sexy, energized read! It's worth it.

---

### **Brianna at Renee Entress's Blog says**

4 Stars!

I liked this book. This is a super short read, but packs quite a punch and is a great addition to the Dare to Love series with a cameo or two from some of our favorite men and/or women in that series. This book is a super steamy book about how one night and one encounter can tilt our world on its axis and forever change us.

This is Nick and Evangeline's story. Their meeting was accidental. Their night of passion was of epic proportions. Can two people who have everything going against them find a chance at love? Get ready for one hot, sexy and unforgettable ride with Nick and Evangeline when they find that a night of passion can also turn into everlasting love.

I recommend this book.

### **Joy Zaharia says**

I was given an ARC of this book for an honest review. This is definitely one explosive read. It was so hot, I couldn't put it down.

Meet Nick Aitken, star rookie player for the New York Vikings. He's in a rut and knows he's missing something in his life - until he sees her...Evangeline Wyatt. She's the team behavior manager for his rival team, the Miami Thunder. To make things more interesting besides the fact that they met at a BDSM club and he vouched for her without even know who she was, is that she's assigned to "babysit" her ex-boyfriend, star Hank Ryder. Hank is definitely a man Nick cannot stand - nor could I. I wanted to punch him in the nose!!!

You DO NOT want to miss out on this great, quick read...and that's putting it mildly. You will need a cold shower to cool down once you've seen the chemistry between Nick & Evangeline. It's steamy. I DARE you to read this!!!

---

### **Renee Entress says**

4 star

The story has laughs, pain, and heartbreak.

This is Evangeline and Nick's story. Evangeline is in charge of keeping an eye on her ex. When he goes into a kink club and she tries to get in behind him she can't. Nick comes to her rescue. But when sparks fly with Nick can they indulge just one time or will the fire burn out of control? Can they make something work as they are on rival teams? Will it be worth the blowback if they are found out? How will the Ex take the news?

I wish the book was longer. I recommend this book and can't wait for the next one from this author.

---

### **Melissa Mcdaniel says**

The Billionaires Dare was a fantastic short read. Nick Aiken plays for the New York Vikings. Nick is a Dom, and hasn't find anyone at his BDSM club to catch his intrest in a while.

Evangeline Wyatt is the new behavior manager for the Miami Thunder. Her biggest pain in the butt is her ex Hank who is a a royal JERK!

One night by chance Hank drags Evan to a BDSM club and she isn't allowed in, but Nick vouches for her and she is let into the club. The one stipulation is she is Nick's for the night to look after. Sparks instantly fly between the two until she figures out who he is, and knows that she will be playing with the enemy.

This book keeps you enthralled all the way through. I couldn't put it down waiting to see what would happen next. For a couple who meets in a BDSM club, Evan has a thick back bone, and with Nick's support stands up for her self.

This book was an amazing quick read. I would highly recommend you to one click it!

### **Judy C says**

I was gifted his novella but would of bought it anyway. I love the Dare series and was so happy when I found out about these Novellas. What's not to love football, steamy sex, and a hot alpha male!!! Evan works for the Miami Thunder basically as a babysitter of her ex boyfriend and Nick works for the New York Vikings. She and Nick have-an immediate connection but they have a problem when she realizes he works for the Vikings. What a smoking hot story I just wish it was longer but a must read

---

## **loves 2 read romance says**

I was gifted a copy of this book for review. This book may be on the shorter side however it is packed with scorching heat. Evangeline is basically a babysitter for her cheating pain in the backside ex. He is a jerk that has no problem humiliating her.

Nick is immediately attracted to Evangeline. However once she discovers his name she bolts. When he sees her at a football game with the team's rival he decides he wants her no matter the cost.

The chemistry between these two is amazing in just a few pages Lauren Hawkeye has written not only a unique story but also wrapped the ending nicely.

---

## **Wendy Hodges says**

I'm loving these add on Dare To Love series add ons, each one has a great story either a family member or linked to the thunder team. this one is a team link, a member of staff, looking after a team player (whos also an ex lover)and a rival team player. these stories work, they feel like part of the main series. the Dare family crop up in some way in most of them, which is an added bonus, this one by Lauren Hawkeye is easily as good as the main Carly Phillips series, in fact all the add on authors have done a great job. I would recommend getting and reading these, it can be a bit of messing about if you cant normally get kindle worlds books but there are ways.

---

## **Alex says**

Lust Love & Football

These are a few of my favorite things! This book is HOT!

Nick and Evangeline (Evan) meet under very unique circumstances and feel an instant attraction to each other. Evan has very focused plans for her career and being with Nick would derail everything. Nick on the other hand is looking for a new submissive and wonders if Evan is that person.

There's a lot of story packed into this novella. We have the chance to see the relationship grow between the two of them. We get to watch them grow individually and realize that they are worth fighting for. And most importantly, we get to read some sexy and sizzling love scenes between them.

I can't wait to read the other stories in the series.

Side Note: My favorite phrase in the story is "arousal at DEFCON levels". I have to find a way to use that in a conversation.

## **Anita Byars says**

I received a ARC for an honest review. This new story continues The Dare To Love Series with quite a bit of Sizzling Chemistry for you to enjoy. Evangeline Wyatt or Evan as she prefers is the Teams Behavior Manager and has the unpleasant task of trying to keep her ex-boyfriend a Professional NFL player out of

trouble when she follows him into a New York Kink Club. As she is stopped at the front door she is in need of a pass of her own to enter. Nick Aitken star rookie for the New York Vikings the opposing rival team comes to her rescue and she is allowed to enter. Nick doesn't know who she is, but he is not about to let this feisty gorgeous creature out of his sight. Evangeline is enthralled by the handsome sexy man who came to her aide but she has a job she is suppose to do and tries to go after her ex but with one touch from this sexy stranger the sizzling chemistry between them sparks to life. When Nick brings on more heat in the form of a head to toe lightning bolt sizzling kiss she knows she is in trouble but it isn't until someone mentions the New York Vikings in regards to the sexy hunk beside her that she flees into the night. Nick doesn't know her name but he is not about to let this be the last kiss between them. You are going to Love this story it is Sizzling Hot and you will not be able to stop reading. The chemistry between these two is delicious as well as heart pounding. So get comfortable and start reading you probably going to want to read it more than once.

---

### **Gale says**

This story was “hawt”! Evangeline Wyatt and Nick Aitken have to deal with her working for the Miami Thunder, a competing organization, and Nick playing for the NY Vikings [think: sports rivals]. Dealing with that alone could be mind-boggling but Evangeline also has to deal with some pretty heavy issues. I won't go into detail but she is one strong woman. And Nick is an amazing supportive “alpha”.

I loved this story, it was fast-paced, deep, very sexy, and fun. And did I mention sexy? Another great read from Ms. Hawkeye!

---

### **Susan A. says**

**\*\*I was gifted this ARC in return for a review\*\***

Overall I liked this short story. It was well paced, had the instant attraction I adore, the bit of sassy mouth female and dominant male ... gentleman mixed with caveman, and the HEA in the end.

Evan is working in the male dominated world of professional football where she is seen as just a few steps up from a cheerleader. Just because she got the job doesn't mean she gets the respect. Nick is on a rival team and finds himself enthralled immediately.

They face opposition from both teams and fans in order to be together, but they can't fight the attraction they feel for each other.

I have to say that together Evan and Nick burn up the pages ... the chemistry between them is amazing!!

The copy I saw did need some polish editing, but that is to be expected with an ARC. I suspect that when copies go on sale that the issues will be resolved.

## **Joyfully Reviewed says**

It was Evangeline Wyatt's dream to work for the NFL so she certainly didn't mind starting at the bottom with the Miami Thunder. Her current position is titled 'team behavior manager' though in all honesty Evan believes the job is nothing more than glorified babysitting. Evan figures she did something bad in another life because her current charge is NFL darling Hank Ryder, a total pain in the ass and Evan's ex.

The team is in New York for a game so of course Hank insists on going out late to a BDSM club of all things and Evan is forced to accompany him to keep him out of trouble. A problem with her entry into the club is solved by a hot stud that comes to her aid. Evan quickly realizes she's playing with fire because the guy is none other than rival player Nick Aitken of the New York Vikings. Surviving the night without incident is a close thing since the chemistry between them is electric. Thank god Hank was too occupied to notice and behaved.

When Evan and Nick meet again she's not on the clock and their time together is explosive. From then on they steal every moment they can to be together. In the meantime her working relationship with Hank is becoming more and more contentious and unpleasant. Between a career with the Thunder and the love of a Viking Evan's in hot water. Something's gotta give.

There's a whole lot of scorching hot love in *The Billionaire's Dare*. This Dare to Love story features a clever plotline, witty dialogue, and honest emotions between the characters. Sexy, erotic encounters are balanced against ugly, offensive confrontations and make a superb drama come alive. *The Billionaire's Dare* is a truly pleasurable read. Enjoy.

## **Bonnie Rediske- says**

I am still breathless from this book! Evan is a pretty little blond who is trying to break through the barriers in an all male work arena. She has to be strong, a fighter and her choices can make or break her career. What she does not bargain for is running into the sexiest man alive while babysitting a complete moron. Nick pushes every boundary she has and she is just left wanting more. This book begs to be devoured in one sitting as it just flows so fast and there is never a moment where it slows down. Great little lunchtime read, and leaves you with just enough time to squeeze in a quickie before getting back to work! HOT HOT HOT!

---

## **Brittany says**

**\*\*I recieved this as an ARD for my honest review\*\*\***

Oh my word. HOT! Nick and Evan don't meet under normal circumstances. She is responsible for her ass hole of an ex boyfriend when she meets Nick. She doesn't realize that he is one of the players for the rival team. Because of this, she allows herself to get lost in the feelings that he brings out. Until she figures it out. Then she does everything she can to avoid him.

The story continues....but no spoilers here. ;)

Seriously though, yes this is a short read, however, it's more than complete and worth it! Lauren does a fantastic job of making it so it's not rushed and feels complete. You won't be disappointed reading it!
