**Vengeance of a Witch** Suza Kates

A WARRIOR FIGHTING HER FATE

Paige Reilley is ready for combat, with the evil Amara, their army of demons, and above all . . . the unwanted love her coven's prophecy has planned for her. As former military, she's no stranger to war, but the arrival of a new man in her life brings a much greater threat than potential romance.

A MAN WHO BRINGS HER TRUTH

Chris Decker was recently discharged from the Ranger Battalion stationed near Savannah. Once he spotted Paige, however, he had a brand new mission. She's the one woman he's searched for most of his life, but the news he carries is sure to destroy her.

A DESTINY THAT WILL FOOL THEM BOTH

Facing confrontation on all sides, Paige and Chris agree to become allies and deliver justice to those most deserving. Neither gives a second thought to the attraction growing between them, but fighting against love may be their fiercest battle yet.

## **Sheryl says**

### **Another great read**

Ms Suza has done it again!

The Savannah Coven Series is exceptional!

Each book is a great read alone, but sequentially an on the edge of your seat with excitement to get to the next book.

I love this series and this author you will never be disappointed.

---

## **Gitte says**

Paige is one of my favorite witches. so I have looked forward to reading what Suza Kates has decided to do in her book.

It took me by surprise! It is so much better than my - very high - expectations! I loved it! Suza Kates tells a great story . It hooks you on the first page and keeps you turning the pages over and over again until it culminates in a very surprising end.

If You have read at sc books, you will know, that Paige is Kick Ass and stands alone with no fear. I will not tell you, if she stands alone in the end - or like her sisters find her sole mate. Read the book!

I highly recommend that you start at the beginning of the series. Whisper of Witch. Although all the books can be read on their own- they are so much better if read as a series. You will end up getting to know all the witches and like me waiting in suspense for the final book: Annes book.

I can't wait!!

---

## **Tammy Reed says**

### **Another great one!!!!**

### **Another great one!!!!**

In keeping with the series this book keeps you on the edge of your seat waiting for the next twist. Can't wait for the next one!!!!

---

## **Dorothyb says**

I am a huge fan of Suza Kates and her Savannah Coven series. I love all of her books so it's no surprise I give her a rating of 5. But like alot of you at one time I had never heard of her. I had never read her books but once I read the first one I was hooked. Her last book kept my interest as much as her first and when I finished it I wished I had the final one downloaded in my Kindle. I am not a very patient person and I can't

wait to find out what happens in the last installment. Suza always has a way of surprising her readers, blindsiding them with something they did not see coming and surprises us. One of the reasons her fans love her books.

---

### **Anjeanette says**

Unfortunately, I did not have the time to devour this book. Turns out that was a good thing because I was able to absorb every moment in the story. Suza continues the masterpiece by building up the final showdown one witch challenge at a time. Paige didn't go down without a fight and she sure as hell wrecked havoc for the Amara. I cannot wait for the final series installment and the necessary series reread to prepare myself for the obliteration of the foul Amara.

---

### **Deb Pare says**

This whole series was great if you like stories about witches.

---

### **Brad Haslem says**

#### **Awesome**

I have loved this series. and this latest release did not disappoint! Bravo Suza Kates! now just don't make us wait too long for the next one! :)

---

### **Deb Smith says**

#### **Witches, Demons & Prophecy all wrapped up in strong women & the men who fight for and With them**

I cannot get this series out of my mind. This is the next to last 'challenge' for the witches of the Savannah Coven. This one involves the fierce warrior, Paige. She has watched & waited for her challenge and she is ready...for the battle. She is determined not to give in to the 'falling in love part of the challenge like her sister witches have. Falling in love, or having any kind of relationship is not going to happen. But fate steps in, in the form of a fellow soldier, Chris. A man as fierce, as strong, & determined as she is. As the world of humans & the Amara begin to clash around them, Paige & Chris must follow not one prophecy, but two. So come along on this incredible journey of discovery. Of things evil, of where the battle for the world is headed & the battle for not just Paige's life but her Love. p

Kate's writes a fast paced, intricate story. It is a love story. It is a story ultimately about good and evil and the battle that rages behind the scenes. Her characters are well developed & I have come to care what happens to them. I am waiting impatiently for book 9 but I don't want to let go of them either. If you have not begun this series you must get started. If you pace yourself you could catch up in time for Anna's story in book 9. Highly recommended!!

---

### **Christine Calabrese says**

I've eagerly awaited this book...only to devour it instantly! It managed to keep me intrigued (most series become tedious & predictable by book three). I can't wait for the next (and last!) book!

---

### **Heather the Queen of (Smut)Books says**

Definitely the best of the series. Most authors run out of steam this far into a series but each installment gets better, grittier, and just more everything. I could not put this book down. This series has become one of my favorites and Suza Kates a writer I will always want to read.

---

### **Marcy says**

Suza has done it again.

I had some bittersweet moments reading this book knowing its the next to last in this series ,I didn't want it to end.

Paige has been my favorite from the start and her story was wonderful. Chris was the perfect match for her in everything I love how he was also part of her past and knew her as a little girl and brought everything full circle for her.

This is a must read my favorite by far.

---

### **Patricia says**

With this being the second to the last in this spectacular series I have mixed feelings. I couldn't read it fast enough yet I am apprehensive since I don't want to see it end. Although now that I completed Page's story I'm more than eager to begin Anna's and the final installment in this series.

Page is definitely a warrior and ready for her challenge...well all except the introduction of the man in her life. We learn a lot about Page in this book and what has happened in her life to mold her into the warrior she has become.

Chris is an introduction that she fights yet when she learns details about him and her past it makes for a very intense relationship.

With the author setting us up for the final battle I can imagine how emotional and intense it will be. The question is will we her readers survive the battle she will be putting us and her coven of witches along with their males through?

This is one of the best series I have ever read and look forward to what the author has up her sleeve for future series.

Five stars does not begin to describe how endearing and magickal this series is. THESE ARE MUST READ BOOKS!

---

## **Erin says**

The further we get into the series, the harder it is to review without spoilers...but I can say the one part we can tell by the description (and process of elimination) is that we can FINALLY read out story about Paige!

I couldn't wait to find out how Ms. Kates would tackle this one, since we've come to learn that with each witch's trial, comes a true love, which appears to be a part of the process. We also know that Paige is EXTREMELY against the idea of true love -- or any love, or any man in her life other than the men already close to the coven.

I have to say, as tough as I thought it would be for Ms. Kates to not only tackle the issue of Paige's true love/trial, but also make it believable...she did not disappoint! It was quite a struggle for Paige, and every thought she had and choice she made was very believable, and made perfect sense with the story. And there could have been no better potential love for this author to have created than Chris Decker.

As for Paige's trial...even better. Not your average trial, as the added twist to WHY this trial was so important (other than the obvious defeating evil thing) was something that I didn't see coming, and was the perfect addition.

Of course, with this book also comes sadness, because it means there's only one book left. But I am very much looking forward to the final, most likely HUGE battle we are going to see next!

---

## **Scott Love says**

WOW! This was a wonderful read! The last book was really intense and we had to deal with the loss of one of the witches (or so we thought). This one had a lot of action but had a lot of dealings with the heart. Why bring that up you ask? Because this is one of the big reasons I love this series and Suza's writing. She builds up the characters when they are support characters then, when it comes to their trials, we delve deeper into what made the character. The last book dealt with Kylie, the most innocent of the witches and she ended up with the darkest trial up to that point (I thought). This one we have Paige, the combat vet, the one who's seen the darkest side of humanity yet she ends up with the biggest emotional storyline. I won't give spoilers because I don't want to ruin it for you.

The characters are absolutely fantastic! You'd swear you know someone just like them, the only difference is that they are witches. I've said it before, but they just keep on getting stronger. It was really nice to see the hardcore Paige soften up a bit and find out why she is such a ball-buster.

The stories have always been good and this one is no exception. Good action, good drama, and a little bit more romance than the others (not a bad thing at all). Suza can certainly spin a tale! I'm actually a little bummed because there is only one trial left so the series is nearly over. This is one of four series I really look forward to (really bad because one of my others is also on it's last volume). Give it a shot, you won't be disappointed.

---

## **Amy says**

I love this series and I loved Paige's installment. She and Chris are worthy partners.

Dying to find out how it ends with Anna!

---
