Amara: The Rebirth

Zathyn Priest

Amara: The Rebirth Zathyn Priest

Legendary vampire, Emrys Amara, changes Matthew's destiny when he's thrown into a world of kidnap victims, werewolves, deceit, and the rebirth of the greatest vampire clan in history.

Matthew and his husband Dean are slayers, trying to end a chokehold Amara half-breed vampires put on Nottingham and kill the leader, Amdis. A diary supposedly written by legendary Emrys Amara is sent to them, yet they doubt the orphaned vampire could have survived the demise of his clan. Meeting Emrys proves them wrong. Matthew falls deeply; Dean's jealousy takes a sinister turn.

A chain of events involving kidnapped children and werewolves follows as Amdis teams up with another vampire clan. Can Matthew and Emrys save the children while rebuilding the Amaras as the greatest vampire clan in history?

Note: was originally a serial fiction that was never completed and is no longer available. It has been re-worked and included in the MLR title Amara: The Rebirth*

Alli says

Loved this, a great story with some great new ideas about the origins of vampires. I am always a sucker for true mates

Mtsnow13 says

Awwww. A VERY satisfying read! Wonderful twist on vampires and shifters, and I fell in love with the world-building. Highly recommended to lovers of fantasy and paranormal! Thank you for an excellent story, Zathyn! Looking forward to more *happy smile*

Trisha Harrington says

I love Zathyn Priest. No joke, I love him. He always writes amazing books that never fails to make me fall in love with the story and the characters. Amara: The Rebirth is no different. It's an amazing, funny and sweet book that has made me want to read more from this world and these characters.

I want to start off by saying there is no cheating in this book. Yes, Matthew is married, but it's not what people think. But, if I'm going to be honest, I would not have hated this book if Matthew had cheated on his husband. I mean, I **despise** cheating in book, and I avoid it whenever I can, but this one of those cases where it would not have driven me mad.

Amara: The Rebirth is an amazing vampire story, and one of my overall favorite books in the genre. The MC's are very lovable, especially Amara. Their relationship is so sweet and they're so cute together. I think I might have awwed a couple of times while reading this. And Matthew's dad is really easy to like after a while. It took a bit of time for me, but I did see that he loves his son and that he was able to look past what he was being told and believe his son. I love it when that happens and it endears me to a character.

Then there's Dean, Matthew's husband. I don't think it will shock anyone who's read this when I say I don't like Dean. Like him? I despise him. He's an ass, and I wanted him gone so many time it's not even funny.

Bookwatcher says

It's very funny, and also VERY romantic (Amara and Matthew are a great couple!). Also original! The only reason it's not a 5 stars for me is how juvenile it is. How Amara behave, and also another character (can't say his name, don't want to spoil something of the plot!). I like more mature characters, not how Amara is... I didn't enjoy much, the explanation of how he is a eternal teen because he was so young when he was turned... BUT that's my personal opinion, and I would certainly recommend it because it's very good :)

Also... I liked that **there is no cheating**. Reading the blurb I was worried, because Matthew is married when the story start, but I must said that if you fear it don't worry... His marriage is long gone... He will not cheat his husband.

Bex says

[- England is pretty small: Nottingham is 127 miles from London and you'd never even think of flying as an option when you can drive it or get the train in about 2 hours. I don't think Nottingham even has a commercial airport... Shame such an inconsistency slipped thro

Skye Blue ?*~??(`?`?)~*? says

Very good read.

I put this off for so long, thrown by the cover. IDK why it looked sci-fi to me.

But I am very glad I finally read this.

The story had me hooked right away.

There were two paces to this book. The first half was a little slower paced than the second half.

I enjoyed the first half, which was mostly the get to know you and fall in love section.

When the romance portion was starting to come together, I thought it was going to start wrapping up.

But that is where all the action started.

I liked the vampire wars, and werewolf story lines. It changed my opinion from a 3 star to a 4 star read.

This was picked for me to read in a challenge, and I very glad that it was.

Very enjoyable story.

Erica Pike says

I just finished reading this book. I followed it while it was a blog serial, but the author took it down before it was finished people someone was trying to steal it. So, I was very excited to revisit the characters and read past the point that I'd read (which had been changed and polished). I was especially curious about who the fourth character was on the cover. Oh my gods, I laughed so much when that fourth character joined them.

For the longest time, Zathyn's One of Those Days was my favorite of his, but now it's had to step aside for Amara: The Rebirth. This is beyond a doubt the best M/M paranormal I've ever read.

Old review: I'm following this read - it's amazing, like everything Zathyn does.

Caroline Brand says

REVIEWED FOR PRISM BOOK ALLIANCE

4.5 Stars

In 1773 a young boy leaves his home on a message and never returns. He is snatched from the streets by a member of the Massimo vampire clan and held captive, as a blood source and sex toy, for the next two years. As a bargaining chip for more land his 'ownership' is transferred to the Amara clan, a peaceful group of vampires who will love and cherish him, lead by Master Mihangel Amara.

The Amara clan prides itself on only 'changing' worthy and gentle humans into vampires. When Mihangel turns Aled he condemns himself to a life of unrequited love. Aled, now known as Emrys, loves and respects his master but will never forgive him for not asking his consent thus never returning his overpowering love. For the next 167 years they live side by side until in despair and desperation Mihangel tricks Emrys and leaves him alone in the world.

Dean and Matthew have been married for two years and work together as vampire slayers. Their latest job sees them searching for the elusive and powerful Emrys Amara. When they finally meet up with the vampire their lives change quickly and drastically.

Matthew is attracted to this beautiful vampire and feels it in the depth of his soul. He feels as though he has found his destiny and his soul mate. For those of you who are not keen on cheating, and I am one of those, fear not. Matthew and Deans marriage was over before it even began. Dean is a crook, completely dishonest and totally narcissistic. He married Matthew for his familys money and treats him like a fool but Matthew has been too ashamed of the situation to leave him.

Zathyn writes with such power and feeling that by 5% in this book had me in tears. Emrys is stunning in body, mind and soul and the love that he first tries to return to Mihangel and then succeeds in giving to Matthew, his true soul mate, is beautiful. The more that Matthew returns his love, the more confident he becomes and he is soon able to step us as the true leader of the Amara clan. For their love to survive and the Amara clan to rebuild they must first fight and defeat the rogues.

You are led through an enthralling story that takes you through a dark and secret side of the world where you meet not only vampires but werewolves and ghosts. There is fear, death and destruction but always there is the Amara gentleness. Matthew takes Emrys from total desperation to soaring heights as their love story unfolds and it will give you tears, laughs and a few moments where you want to kill Dean before the end of the book! Highly recommended!

Kinny says

Wow, this has got to be Zathyn Priest's best yet. When he does eventually finish I hope he publishes it for e-book purchase. The graphics are beautiful and very detailed, the storyline magnificent. Perfect blend on drama, comedy, touching moments. It will rouse the entire spectrum of emotions which are mostly positive. I have yet to meet a Zathyn book I do not love.

Deeze says

I fell in love with the writings of Zathyn Priest back in 2012. When I saw Amara the Rebirth was finally available I was more than a little excited.

That excitement carried on for me as I read more and more of this Vampire story. I admit my Vampire reading is not great. I've read a few but none really stand out as anything new. This story however gave me so much more than the average Vamp read.

I was pulled into the story immediately. Hearing how Emrys came to be and all he endured up till meeting Mathew pulled at my heart. Watching them fall in love gave me a sense of peace. The ride they took me on gave me thrills, and meeting Leo melted me into a puddle of goo lol.

It's hard to say more on this story as I would hate to give even the smallest part away. But rest assured this is a full bodied well rounded story with wonderful characters you can believe in just as I have come to expect from this author.

The emotions in this story are strong. I was reduced to tears and made to laugh. I had violent urges towards some people and others I wanted to hug. Never was I left bored or uninterested.

It has been a long time coming but the wait was worth it. Zathyn Priest is one of my favorite story tellers. I wish he wrote more but then sometimes it just pays to have to wait, and in this authors case I will gladly wait for as long as it takes.

Susan65 says

Why I'm always amazed at the superior storytelling by Zathyn Priest, I do not know. Some of my all-time favorite books are by this author, but, yet again, I find that his ability to breathe life into his characters, and make me really care about them, takes me by pleasant surprise. This book was no different. The prologue alone made me fall in love with Emrys Amara (nee Aled Tudor) but also broke my heart. His story is a difficult one, and his sadness lasts way too long. He does eventually get his HEA, but he suffered tremendously to get there.

Emrys Amara was born in Wales as Aled Tudor in the 1700s. He was kidnapped by vampires as a child, used and abused for two years by the Massimo Clan before being rescued by the Amara Clan and mated with the Master Amara. The Amara vampire clan is pure and non-violent and only those exhibiting those qualities are turned. Emrys was turned at age 16 and will, for eternity, appear as a red-headed boy while in his human form.

When we meet Matthew and his husband Dean, you are instantly drawn into a relationship that has gone sour. Not only has it gone sour, but it's at the rancid point, and Dean is just an awful, awful man. He has zero redeeming qualities, and I was rooting for Matthew to kick his lying, cheating, and gold digging butt to the curb. Some might have an issue with the cheating aspects, but I did not. Matthew gives the marriage his all until he learns the truth about Dean, and that truth made the marriage null and void in my mind.

What makes Emrys: The Rebirth such a great story is the fact that it's a whole story, the complete package. You become completely invested in the characters and want them to win this battle that's raging on. You have full and complete characterization; you "know" these people inside and out...the good ones and the bad ones. And the story isn't predictable. That, in and of itself, grabs me and won't allow me to stop reading until I've finished the whole book.

There are some surprises and twists. Some that made complete sense and others that threw me because I just

didn't see them coming..at all. So do yourself a favor and read this book. If you love a good paranormal romance that's more brilliant storytelling and world building and less sex, then this is the book for you. You don't even realize that there is very little sex in the story because the prevailing theme is more paranormal romance and less erotica. That just works for me, and I am sure Zathyn Priest's fans will love to add this little gem to their collection.

Cindi says

My #1 Favorite Book of 2014.

Zathyn Priest stopped by On Top Down Under and discussed his art, his books and his writing process. You can find the interview here.

Full review can be found at -

I have been a huge fan of Zathyn Priest since I was first introduced to the LGBT genre. He was actually the first author whose work I read in it. I have since read everything he's written - more than once - and my love for his writing continues to grow with each new release. The Curtis Reincarnation is (and forever will be) my all-time favorite M/M book.

With that being said -

Matthew and Dean are vampire slayers. They are also married, though no one would ever say their marriage is a good one. Dean is the ultimate ass. He's constantly berating and criticizing Matthew but Matthew stays in the marriage. He stays, even knowing that Dean is cheating on him. He stays because he doesn't want to deal with the shame of walking away. This changes when he and Dean meet the elusive Emrys Amara.

Emrys is the most powerful, and pure, vampire in existence. He is the only survivor of the Amara clan. When a diary of Emrys' is sent to Matthew and Dean, Dean is convinced that Emrys exists. Matthew doesn't buy it. He's convinced that the diary is a forgery and that Emrys is long dead. The last entry in the diary was in 1942. If Emrys Amara were still alive, wouldn't he have made his presence known before now? Would rogue vampires be on the loose, and growing in numbers daily, if the legendary Emrys Amara were still around?

That doubt disappears the day Matthew meets the vampire face-to-face. There is a connection between

Matthew and Emrys that can't be denied. This ultimately leads to the end of the marriage to Dean and one of the sweetest love stories Zathyn Priest has written to date.

There are rogue vamps that need to be taken care of, missing children, and even werewolves.

The characters are all amazing. Emrys is adorable. I fell head over heels in love with him and this love grew the more I read. Then there's Matthew, who only wants to be loved. He thankfully finds that love in Emrys. There's Vic, Matthew's father, who everyone would love to have as theirs. And then there's Dean. Dean is a character you will love to hate, and believe me, you will hate him from his introduction. The way the Dean thing was resolved was perfect.

I've had a couple of people ask me about the cheating aspects of this story. If you're not a fan of cheating in your books, you have nothing to worry about with Amara: The Rebirth. Yes, Matthew falls in love with Emrys while he's still married to Dean, but I assure you that you will be on Matthew and Emrys' side from the very beginning. Don't allow that part of it to keep you from reading this book.

There's a lot of humor, a bit of violence, and a lovely love story between two very special men. You'll fall in love with some characters and hate others. You'll laugh a lot and I can guarantee more than a few sappy tears. You'll probably cringe a couple of times but in the end, you'll be glad you read this.

This is another outstanding book by Zathyn Priest. He simply can not write a bad book.

Highly recommended.

Update on 05/13/2014: Original review of serial fiction removed from "merged" review.

Bubbles Hunty Honest & Direct Opinions says

I'm a huge Zathyn Priest fan. Ever since reading Slayer's apprentice way back when. I even loved Liquid Glass which was half historical flashbacks, two things I normally hate and he made me love it.

That said I can't get excited for this book because the blurb does nothing for me. And I strongly dislike the cover. It seems like it's from a 90's computer game. All the faces look the same and are really vague with no real detail. And none of the hair works for me, it's just off when I look at it. And I'm confused why the unnatural red colored hair is blowing in the wind but the other long haired guy is just laying flat?

I don't know, I just don't feel as excited about this as I should, I'm going to wait for some reviews before deciding to read or not.

Erin says

God I love Zathyn Priest! This book so didn't disappoint. I can't wait for more (especially Leo...hint hint!).

Monika says

My first reaction after completing this book.....**HOLY CRAP! I LOVED THIS BOOK! I LOVED EVERYTHING ABOUT IT!**

The MCs, Emrys and Matt were perfect. The evil bad guys were more than bad making the fight between good and evil intense, add that to the struggle to achieve the all important HEA and you had me. This was one of those books I didn't want to put down or see 'The End'. My favorite character was sweet, lovable Leo! That boy captured my heart, I'll miss him.

I was looking for a good vampire story and this one fit the bill perfectly! A must read for those who love Vampires and Shifters.

Bravo Zathyn, you did it again!
