Commanding Her Trust Lili Valente

Blake Roberts is falling hard for his old flame and won't stop until Erin is his. He doesn't simply want her body; he wants her submission, her abandon, and the wounded heart she's trying so hard to hide.

He wants all of her and he's pulling out all the stops--in the bedroom and out--until she surrenders.

For Erin, what started as a charade has become all too real. She's never experienced anything like the savage bliss she's discovered in Blake's arms. He tests her, dominates her, and if she doesn't gain her freedom, soon he'll own her--body and soul.

She has to escape even if running from Blake feels like running from the only home she's ever known.

Warning: *This book features a Dominant alpha man who will push your boundaries until you beg for more. Read at your own risk. Cliffhanger Alert: This steamy read ends in a cliffhanger. If you don't like being teased, steer clear. The entire **Under His Command** series, Erin and Blake's complete love story, will publish in February and March of 2015.*

OMG....HOT...HAWT...HOTTEST!! If you enjoyed the novella - you will absolutely LOVE the second book in the Under His Command trilogy. Blake and Erin's love story will not be easy and there is a great cliffhanger at the end of this one too. This series keeps you guessing and the sex just keeps getting hotter and hotter. I am a true fan of Lili's books for LIFE!! You do NOT want to miss out on this series if you enjoy hotness in both your male lead and your romance!! Thanks to the author for a ARC for this honest review.

This was really quick and uber hot. It can stand alone but you'll probably feel just a touch lost so I'd suggest reading them in order.

I received an ecopy in exchange for my honest opinion.

Sandra Shipman ~ Two Book Pushers says

Commanding her Trust starts off right where Controlling her Pleasure ended...in the middle of nowhere. Blake needs to get to his cabin so they can relax and talk more about what needs to be done. He doesn't want to feel for Erin but when you have a connection to someone even after 8 years it's hard to let those feelings go. Erin is dead set on not going through with Blake's plan, the tattoo means too much to her future and she wants to hold onto it for her past...

Blake tries to keep his distance from Erin so the sex doesn't get out of control but Erin has other plans. She wants him, she craves his dominance and it's part of her plan. The next 24 hours is a whirlwind of hotness and emotions. Trust is a deal breaker to both of them. There is a secret lingering and its a biggie. Can Blake get Erin to trust him? Can he trust her? Will the emotions be too much for them?

This novella is full of punch. You have the secrets, suspense, sexiness and emotions. I can't wait to see what the next 24 hours is going to be like in that cabin. I have a feeling it's not going to be easy.

Quotes:

“I’ll tell you one more time,” he rumbled. “Stop. Or there will be consequences for disobeying me.”

If we’re going to give each other pleasure, I need you to trust and respect me. To want to obey me because that’s what’s going to get you off the hardest.”

A smile that promised everything naughty and nice, and everything Blake hadn’t dared to hope for.

My thanks to the author for providing me with a free copy for an honest review

In part two of this series our two characters are reconnecting and also learning more about each other in a carnal way.

Blake shows Erin that not all Dom's are like her ex-husband, and both realise that perhaps they had never really stopped loving the other.

However the trust is broke and Erin flees. Both end up hurt and feel pain, but for different reasons.

We get another cliff hangar ending and I really cannot wait to read the conclusion and I really hope they get a HEA.

5++ STARS!!

Commanding Her Trust is book 2 in Lili Valente's Under His Command series, the continuation of her amazing telling of the love story between Blake and Erin. Book 2 picks up right where we left off with Erin trying to make her escape from Blake which left us wondering whether or not he would be able to stop her. Well, indeed Erin's efforts are thwarted and as they both begin to communicate with one another, it becomes apparent that the connection between them remains despite the passage of time as well as their inner attempts to hide how they truly feel.

As Blake's love for Erin floods back to the surface, he begins to imagine a possibility of reclaiming "his woman" and beginning a new life together. The compatibility that they share, both inside of the bedroom, as well as out, continues to escalate. As Erin senses Blake's feelings, her initial thought is to play along with him only long enough to make her escape. But as the hours pass and the strength of their new bond to one another intensifies, Erin begins to hope for more between them as well. Although she continues with her inner struggle of whether she can take the chance of placing her trust in another man, Erin starts to believe that Blake is different. But when the faith she has begun to entrust to Blake is shaken, will Erin choose to stay or will she run from the only man who has ever truly made her feel safe?

OMG! Lili Valente's has done it to me again, completely captivating me and capturing my undivided attention page after page. Lili has guided me into Blake and Erin's world keeping me completely riveted and immersed. The hot, steamy and electrifying connection between this dominating alpha male and his submissive is imbedded with amazing passion. The rekindling of the deep emotion shared between these two characters is absolutely entrancing making them both believe in the possibility of second chances. Lili has once again left me hanging with bated breath as I anxiously await her (what I KNOW will be) amazing and mesmerizing conclusion to this outstanding series.

I really liked this part. Getting to see Erin and Blake reconnect was sweet. I hate that Blake was a jerk and went behind her back to find out what she is hiding rather than wait for her to explain. I hope he can make it up to her in the next book.

Holy hot cliffhanger, book lovers! After reading Controlling Her Pleasure by Lili Valente, I could not WAIT to get my hands on Commanding Her Trust, the second book in Lili's Under His Command series. Let me tell you, this book did not disappoint. Talk about off-the-charts hot, this book absolutely scorches. Every single scene is alive with the passion that Blake and Erin have for each other.

Blake and Erin have moved forward in this book. Although their desire for each other is always simmering just below each interaction, each of them knows that their relationship cannot move forward without inspiring trust in the other. If they are to get past the events that have brought them to Blake's remote cabin, they have to start being honest with each other. But when Blake takes his role as Dom to a level that has Erin retreating, it's going to take a lot more than passion and the love that hasn't gotten any less powerful to make a go of it.

I am on the edge of my seat waiting to see what Lili has in store for Blake and Erin. Claiming Her Heart (Book 3) can't get here quickly enough, but, in the meantime, another 5+ smoldery stars for Commanding Her Trust.

Sofia Almiroudis says

We were left wondering at the end of *Controlling Her Pleasure*, "Will Erin get away?" No way, if Blake has a say. In *Commanding Her Trust*, the title says it all. Throughout the book, Blake is trying his hardest to get Erin to trust him. He is still determined to alter her tattoo in order to help sever the tie he has with her, but the more time they spend together, the more Blake starts to fall for Erin again. Erin is determined to get Blake to fall for her again, getting him to let down his guard so she can get away. What she doesn't expect is old feelings resurfacing and allowing herself to consider a future with Blake again. Rekindling their love for one another definitely was not what either of them expected the weekend in Blake's cabin would bring, but neither could deny what they were feeling. Erin couldn't believe that the boy she loved so long ago was now the man of her dreams, a hot, domineering sex god she always wanted. Blake couldn't believe his mouthy, rebelling, first and only love enjoyed being a submissive. Erin however has a secret she is afraid will destroy what she and Blake have found again. Is there enough trust among them for secrets to be shared? Will Erin and Blake have their second chance at love? This novella was filled with raw emotions, lust, dominance, surrender and learning to trust.

Commanding Her Trust by Lili Valente is the second book in her debut series *Under His Command*.

****WARNING** This review may contain spoilers for previous books in the series! You have been warned!**

So we pick up where the cliffhanger from the last book left off...

Erin and Blake had just shared a very passionate Dom/Sub moment in the SUV on the way to the cabin in the mountains and something Blake did irked Erin beyond belief so she tries to get away, half-naked in the freezing cold mountains. Not so smart but she is so mad at him. He is just blown away by how deeply they are connected and how after eight years apart they both have entered the D/s world and fit so well together.

He has given her till Sunday to decide on the tattoo alteration - he is still bound and determined to make changes to hers and sever that ethereal connection he feels with her. As the hours roll by they begin to bond again and their feelings awaken from where they've been buried over the years. Some truths come out and things start to feel good between them until an overheard conversation causes the betrayal to flare up again. Dun-dun-dun!!!! The story continues in book three, *Claiming Her Heart*.

April ♥"LOS" ♥ says

While on the surface this book is about the relationship between a Dom and sub it is actually much more than that.

Blake is rediscovering feelings for Erin that he thought he had buried deep in his heart and he is quickly

changing his mind about their weekend together. He is starting to think that they may be able to make a future together, but does he really know the woman that Erin has grown into?

After 8 years apart Erin never stopped loving Blake, but she has secrets that he may never accept. As much as she wants to explore a relationship with him she overhears a phone call that forces her to question his motives.

Without giving Blake a chance to explain, Erin does the one thing guaranteed to piss him off...she runs.

Ok so I'm gonna make one review for the entire Trilogy (yes, I'm on the team that finish all books, no matter what).

This Trilogy is so confuse, that the reading rating match with it. Half of readers from book one, didn't come back for the rest of the Trilogy.

It's TMI in so short story.

We have second chance romance, highschool sweetheart, BDSM (with a Dom who allowed to be cuffed, WTF?), psico ex husband, child from another mister, stepbrother romance...

Anyway... With all that, the heroin had only 24 years old! I mean... What? She didn't see the hero in 8 years! And in this short Trilogy, you can enjoy a lot of sex scenes, almost in every chapter! At the beginning, was hot... But than I was like: OMG, again?

Not to mention the sperm that smells just like green apple! Gross!

Another holding on to the seat of your pants addition to a hot series. Ms. Valente had done an excellent job of writing a book I could not put down.

We start right where we left off, Blake catching Erin before she gets away. Off to the cabin to change that tattoo or not? Love is rekindled until a big secret comes out. Will they resolve it? Will they part? I can't wait for the conclusion!

I love that at the start of the book it points out this is a cliffhanger ending. That saves me from getting mad.
