Darcy & Jon

Darcy and Jon go through difficulties in their relationship as well as more murder cases.

Plotting and characterization are good.

Enjoyable to read

I couldn't stop reading this set of books. I'm going to get the next Frankston see what happens . You will enjoy them too.

Terry says

Cozy, fun stories.

I chose this rating because I enjoyed the light cozy mysteries. They make you want to curl up in a comfortable chair and keep reading. I would recommend these books to anyone wanting a light mystery, a little romance, all with small town humor and characters we have all known.

Sharon Samms says

Really enjoyed reading this set and I can't wait to read more Darcy Sweet books! I hope you enjoy them too.

Lyn Jenkins says

Sweet entertainment.

These 4 books ARE as goo as the first 6. While not being totally non stop, they are extremely well written. Now for the rest of the series.
