Theresa says

this was a research project i surveyed books on dinotopia for students, this was an interesting project of over 15 books that i read in quick succession

Molly says

A wonderful, fantastic series. The authors do a good job to keep their writing and voice congruous throughout the various books.

Nicole Haan says

Loved these as a child. Beautifully imagined world, swashbuckling adventure. Multiple authors for refreshing different writing styles.

Beka says

A story about a possible escape route from the island? Of course it's interesting and fun to read.
