Victoria Paige

## **Fire and Ice: An Extended Epilogue** Victoria Paige

*\* This is not a standalone and expands on the events at the ending of Fire and Ice that ran concurrently with Beneath the Fire.*

Jack takes drastic measures to mitigate his fears with Maia's risky job and his fiancée is furious. When two strong-willed people clash, sparks will fly. Will his jealousy and overprotectiveness burn their relationship to ashes or will they transcend these challenges and share an extraordinary love?

\* Strong sexual content and language. Short story erotic romance, 12,800 words. Ebook also available for download on this GR page. Free on Smashwords.

# From Reader Review Fire and Ice: An Extended Epilogue for online ebook

## Gracey says

HAHAHA

Jack and Maia are just a one heck of a couple.

They are not perfect but definitely **right** for each other. And their Happily Ever After made me *SIGH*. I wish Maia and Jack could have a baby soon though XD I definitely want more from them but I think this ending is just too perfect to spoil. lol Good thing the next book is about Derek :) WEEE so excited!

Thank you Miss Victoria Paige for this extended epilogue :D

---

## Amelyn Randall says

Sexy action is packed in six quick chapters.

It's exactly what I wanted for Jack and Maia and then some. Be sure to read Fire and Ice (Guardians #1) and Beneath the Fire (Guardians #1.5) to get the most out of this little book.

Click on the Goodreads link to find out where to get this book. Look into the author's review, and she's listed links to where you can find it. It's free everywhere it's found.

P.S. If you also love yourself some Viktor Baran (my very favorite Victoria Paige character), he's in here, too.

---

## Dina says

Ms. Paige, bravo! I normally don't like small novellas, but since this is only an extended epilogue to a story that I've already loved and characters that I can't seem to get enough of, this was a delicious surprise!

I LOVE how your words fall into an easy pace that settles the reader into a need to continue reading!

And, trust me, if you get the chance to keep the banter between these two up, I guarantee, I'd wanna read each and every word you'll be putting for these two.

It was HOT!! It was filled with action. I was crying for that small scene between Victor and Maia.. the whole thing was worth it!

Great job ;)

---

## Aarati says

This short story is an extension of a part of the epilogue of Fire and Ice. Jack takes drastic measures to soothe his fears of Maia's risky job, which leads to a friction between the two. His jealousy and over-protectiveness threaten to burn their relationship into ashes. He has to meet Maia in the middle, or he might end up losing her forever. A reference to this story is given in the first novel. So if you have read the first novel, you already know what'll happen. If you haven't, then, well you can read it and find out.

Jack McCord sure did not make it into my list of favourite literary characters. But for those who love an overbearing, overprotecting, alpha male, you'll probably love this book.

---

## Malinda says

4-4.5 stars

This was a very good addition to the story Fire and Ice. It actually takes place during the end of the story line of Fire and Ice, showing Maia and Jack learning more on how to deal with each other when they have a disagreement and then a little later, their wedding. This isn't a standalone but if you've read Fire and Ice then this is a must read. :D

### Where to download for free:

#### Barnes and Noble

<http://www.barnesandnoble.com/w/fire-...>

#### Download it at Smashwords:

<https://www.smashwords.com/books/view...>

**Goodreads:** This is an epub version readable on iPad and Nook. *download ebook.*

<http://www.goodreads.com/ebooks/downl...>

#### My blog: PDF format

<http://victoriapaigebooks.files.wordp...>

### Is this book a standalone?

No. This book is the only one in the series that is not a standalone. The events here will make more sense if you have read Fire and Ice because the timeline falls under the ending of that book. Some events from Beneath the Fire are also mentioned here.

### Do I need to read this before Silver Fire?

No. All my other books are written as a standalone, however you will realize some foreshadowing in this book that would make sense once you've read Silver Fire.

---

### **Missy says**

A sweet closure.

A hot sexy possessive man, a strong sexy woman, and some hot steamy sex!

So love when you get a sweet little novella that gives you a little more of a happy ending to a romance.

The hot passion and strong wills of both Jack and Maia is not enough to derail their love.

A nice sweet read like icing on a cake.

---

### **Charlie says**

Love Jack and I think he might be learning to let Maia do her thing but I can see his jealousy may pose a problem still LOL.

---

### **Ann says**

Over the top, jealous, possessive HOT! Loved it.

10 Sizzling Hearts for Heat

I am slowly becoming addicted to the Alphas that Victoria Paige writes. I want to live in her imagination. I can see a long term fan stalking fan girling relationship Victoria. Sorry but you were warned. Only thing now is I can't read fast enough. I am so ready for Derick's book. Can I call in sick??

---

### **Lisa ~ Books Are My Drugs ~ says**

This is just a bit of a follow-up from the ending from .

Jack invests in AGS without telling Maia and she (predictably) isn't happy about being left in the dark. The rest is basically just their make-up sex.

---

### **Dyndyn says**

Just perfect! Exactly what I needed to wrap things up nicely for Jack & Maia. I love these two & I can't seem to get enough. Hope to still see them in the next books of the series.

A must read after Fire & Ice!

---

### **Arlyn says**

Though, I thought it had a slow start, by the end I was into Jack and Maia's story. Maia kick's ass! Literally. For a living. She neutralizes dangerous criminals...While most men would be intimidated by such physical prowess, Jack is comfortable enough with his masculinity to accept the fact that his woman can physically demolish him at will. In fact, it turns him on. But make no mistake, he's the one in control in the bedroom and has no problem bringing her to her knees....HOT

---

### **Karen ~ Divhine says**

This is a short, well-written book with action and romance. Maia and Jack are one of my favorite couples and they complement each other very well. Maia is self-sufficient and in control and therefore she frustrates Jack at every turn. Jack will always want to protect Maia and has to realize he cannot control Maia completely. Great story – great couple! Waiting anxiously for the next book in the series.

---

### **Cam says**

A free epilogue on Jack and Maia after Mexico and leading up to the wedding. Enjoyed it.
