## **How to Trap a Leprechaun** Sue Fliess , Emma Randall (Illustrations)

Legend has it that if you catch a leprechaun, he'll grant you a wish. But, be careful! Leprechauns are full of trickery. To catch one, you'll need to be clever in crafting your trap. Grab some glitter and glue and get prepared for your wily holiday visitors!

On the night before St. Patrick's Day, leprechauns show up to steal your treasures and then disappear as quickly as they came. However, if you're careful you might be able to catch one and then he'll grant you a wish. You'll have to be sneaky and set just the right trap to trap a leprechaun.

Sue Fliess's read-aloud text and Emma Randall's whimsical illustrations will provide much fun for young readers eager to catch their very own leprechaun! But beware: leprechauns may leave you with nothing but a cardboard box and a shoe or two.

Sky Pony Press, with our Good Books, Racehorse and Arcade imprints, is proud to publish a broad range of books for young readers—picture books for small children, chapter books, books for middle grade readers, and novels for young adults. Our list includes bestsellers for children who love to play Minecraft; stories told with LEGO bricks; books that teach lessons about tolerance, patience, and the environment, and much more. While not every title we publish becomes a *New York Times* bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

## **Monique says**

Cute “holiday” book with nice illustrations. Instructions for a leprechaun trap are included in the back.

## **Peacegal says**

Hip, cute, and colorful story. It wasn't formatted very well in e-book, but I think the paper edition will make for much more enjoyable reading.

## **Jennifer Strong says**

Omg so cute!

---

## **Jennifer says**

Yes! A St. Paddy's picture book that will work for storytime.

## **Ami says**

My boys loved this book. We've set a number of Leprechaun traps over the years and our only disappointment in this book was that there weren't really new ideas on how we can improve our traps, but they loved that our experiences were so similar - gold painted rocks, boxes and sticky floors, even a shoe and a note left behind!

We also loved the fun, colorful illustrations, although I will admit that the biggest giggles came from the fact it looked like the leprechauns were farting rainbows. :-)

**Lindsay says**

Ooh, a not horrible holiday book!!

---

**LizzyBerry says**

So hard to find St. Patty's books for storytime so when this one popped up on B&T I had to order it. It didn't disappoint! I'll be using it next week for storytime.

**Angela says**

Really fun book for St. Patrick's day. Good leprechaun activities in the back matter for educators and parents

**Steffanie says**

A really cute rhyming Leprechaun picture book! The pictures are gorgeous, the story is great, and there is information about the folklore at the end of the book! I will definitely be able to use it for storytime.

**Tracey says**

An adorable story.....perfect rhymes, colorful illustrations and a craft activity at the end will engage kids!

---

**Casandria says**

The illustrations in this are adorable! And I love the idea behind it--letting kids' imaginations run a bit wild. The author's note at the end encourages parents to let their children build their own "leprechaun traps".
