## **Josephine Lost** Rebecca Gahagan

*Looking back on that day, December 16, 2012, I wish I would have enjoyed it more. If wishes were fishes, right? Everything was so simple then. If I had known my whole world was about to spiral out of control, I would have called in sick to work and slept the afternoon away.*

Nineteen-year-old Abigail Thornton's family means everything to her. Her quarreling brother and sister, her ailing father, and her overbearing mother matter more to Abigail than anything in the world.

That is until one fateful December day changes her life forever. Betrayal and death sweep through her family and life as she knows it will never be the same.

Abi is drawn into a battle waged for eternities between the Arkos and the Scrios. Abigail is the Arkos' Chosen Soldier and with the help of Harrison, her Guardian, she fights the ultimate battle to save the souls of mankind. Abigail's sister, Josephine, falls in with the Scrios, the enemy bent on destroying the world.

If Abigail succeeds in her mission, she must battle her sister and leave what's left of her family forever. Should she fail, she will cease to exist, and the world will fall into an irreversible darkness.

In the midst of chaos, she finds a love truer than she's ever known and the courage to defy those whose only mission is to destroy her.

But will it be enough? Will she be able to save the world from a terrible fate? How will Abigail be able to fight a sister who she once loved?

Join Abigail as she finds her way in *Josephine Lost*!

### **A.J. Paris says**

Great first book!! In the line of the Twilight series; however, main character is humble, not insecure, and she does not have to change to be with her true love. Characters are well-rounded and likable. So many fun and good things about this book. Definately a good read.

---

### **Kari says**

i am reading this book and i am almost finshed and i love it. a must read!

---

### **Corrina says**

This is a strong first book, for both the author & the series. Well developed characters & back story. The scene is well set to lead you into book two, however there is plenty of action, so you don't feel as if you are just reading a "set up" book. Even though it is marketed as Young Adult, I enjoyed the fact that there was no teenaged angst, nor doormat characters. Also, the romance it contained is kept at a low enough simmer, and inter-spaced with enough butt kicking, that most guys will enjoy it too.

No spoilers from me, go read it yourself!

### **Katherine says**

This was a good book. It was an interesting twist about angels and demons. It did remind me a little bit of the Prophecy of the Sisters trilogy by Michelle Zinc because sisters are on opposite sides and only one can survive. I really liked the heroine, Abi (Abigail) because she is strong-willed, smart, strong, and caring. Readers can relate to the characters. The writing flowed but there were words missing and or having the same word repeated. It was a quick read but I do wish there was more action. The downside to this book was the insta-love between Abi and Harrison. Ya hes been there her whole life invisible watching over her but

still, he doesn't know her as best as he could. It will be interesting to see how Gahagan will take this book to the next step in the next book. I hope Harrison is alive! Come back Harrison!

### **Ally says**

Sooo.... I liked the concept of the book, but it was a little lacking in the quality department. There just weren't as many details as I would have liked there to be, and therefore it made the book somewhat hard for me to get through since it wasn't quite up to par for me. BUT, I did like the whole plot.

### **Maria V. Snyder says**

This is a debut book that has lots of potential and engaging characters. It's a YA fantasy and the main girl finds out she's the chosen soldier and she has five days until the big fight. This is definitely the first book of a series as the ending is not quite an ending, but one of those to be continued... Rebecca has become an email friend and I wish she was one of my writing students because she has the talent, but needs more polish and I always enjoy helping other writers :)
