I just love this novel. After reading this novel i really want to climb Rakaposhi. Amazing love story hovered between two mountaineers. It made me cry when Irsa ws died and Ufaq was in hospital and he needs to have blood. And off course Pareeshay's spirit, was fabulous.

You are the best writer Nimra Ahmed.

Nice novel with different theme. It's a kind of itinerary, based on upper side of Pakistan and mountains of Rakaposhi, Karakoram.

The thing I liked most about it, the mountaineering. The whole plot was really good but it's some downside, too. Like, some parts were too long and the love story was UNREAL at all. Well, it was admirable to read about Ufuk Arsalan, his climbing and deep detailed knowledge of every scene. However, it's saddened to know that real Ufuk Arsalan has been died. Nimra just cheered her readers at the end of the story by kept his alive. The survivor was kenan cene not Ufuk in Muzaffard,2005.

The story of turkish girl was really inspiring.

It is doubtless to say that, this book has power of evoking interest about the beautiful mountains of Pakistan and climbing world. And it really geared me up to visit once for mountaineering and climbing :D

I didn't get, if Nimra Ahmed has some rishtedaar in Turkey, koi na koi connection zaroor hota hai turkey ka :D

Rating 3.5 Stars

Back when I read it, it wasn't bad. Don't get me wrong it is completely fantastic, very exaggerated and almost unbelievable but somehow it makes for an okay read, some parts are written well.

Such a great novel... Calm story. Just love character of Ufaq Arslan. Seemed like true story.

it is okay to read this novel when you are in search of some love-story just to relax your mind. nothing special. no main/special idea. novel filled with dramatic changes in the lives of hero and heroine. this is more towards fantasy that creates a dream world for the teenagers. this DOES NOT happen in the life of normal people :D

however, it was a good time-pass. couldn't help reading till the end in one go!  
some dialogues and phrases are too emotional that made my cry! :')  
good effort!

For a seismophobiac reading this book on 8th october, even though its been 13 years, was a mistake... i first read it almost a decade ago... it was good then... its still a good story now but melodramatic and not to mention exaggerated enough to make you cringe at every single page.... its a different narration though compared to the regular a dime a dozen digest-ic narrations... nemrah ahmed could write even in her wee years....

The novel was quite adventurous and lovely. The first page describing a death scene was making me awful and I was so worried but I kept on reading. It's such a beautiful novel no person can resist! But at the end I was like "WHY NIMRA\_ WHY???? ?"

Anyway all the adventures and all the way to the mountains were so epic I believed for a while it was me doing all the fun and the love story was good but all the time I was thinking that it could be a worse ending like Pari getting married to Saif but the ending was more tragic\_ at the end Ufaq met her Pari but how ???. It's not acceptable nimra, it's truly not.

But even though u r still one of my favorites and I'm never gonna regret that\_ ever ?(^o^)?

Yet another love story but the whole struggle to climb Rakaposhi and defeating death every time were something you won't be able to forget. After reading this book I so want to live through the whole experience that is described but it is more easily said than done.

## Great novel

## Ifrah says

Apart from the tangled love story, the detail about Rakaposhi made me fell in love with mountaineering.

## **Sidra Feroze says**

There is more of a fantasy in this novel.. When I started reading the novel I was like lost in those places beautifully defined in the novel. There were tragedies that may frighten you from summittting the high mountains .. Though the novel contains more information about hiking. The end describes the passion about the mountain-hiking lovers. Overall it is a good piece of work!

Beautifully written, making us to fall in love with The Karakoram, especially The Karakoram Ka Taj Mahal. Its like a fairy tale where the prince comes to see his fairy who has been waiting for her whole life! The ends

whoever tragic. The deaths of Irsa, Ahmat and others made sad, but no matter that's actually what life is. You don't know what's there waiting for you.
