Lightning's Last Hope

Joanna Campbell

Lightning's Last Hope Joanna Campbell

Before Thoroughbred, Ashleigh Griffen lived at Edgardo, her family's farm in Kentucky. Nothing could be more perfect than life on the farm with her family, her favorite horses, and her best friend, Mona. Ashleigh loves helping with the horses--and dreaming of becoming a jockey some day... Can Ashleigh protect Lightning?

Ashleigh Griffen thinks horses are the most wonderful animals in the world. She can't imagine why anyone would want to hurt a horse. So when Ashleigh discovers Lightning living in a filthy stall on a neighbor's farm, she can't ignore the horse's suffering.

Ashleigh knows Lightning isn't her responsibility. But Ashleigh is sure that Lightning's life is in danger if she stays with her abusive owner. How far will Ashleigh go to save the beautiful horse?

Ashleigh says

My fav book when i was a kid ! only because it related to me :)

Lauren S. says

The book is amazing. I really loved the book. I like quick reads, personally. When I read a long book that takes me longer to read I start to lose interest. . I love this book because it's a quick read book. When I read quick reads I feel like I don't have as many details to remember. The book tells some details that you wouldn't actually do. When you have a horse tacked you wouldn't leave it unsupervised because it could roll on it and injure themselves or ruin the saddle. I tried my best to ignore those but I'm always really cautious about those things because I have left a horse unsupervised and tacked and it broke my bridal.

Kelly says

I have read many books from the Thoroughbred series, and this is the one, for me, that stood out. A story of an abused mare, and Ashleigh going to rescue her, could be seen as cliche, but for me, it was a wonderful story of courage and love.

Of course, I did read this book many years ago when I was a lot younger, so reading it again I may see it differently, but I'd prefer to see it the way I did when I first read it, as a child.

Kate says

[close] I expected the Ashleigh series (a spin off of the Thoroughbred series) to be written for a younger audience, since it is a "prequel" series, but even though Ashleigh was younger the story was still good for readers who had watched Ashleigh grow up in the Thoroughbred series.

Rivkah. says

I thought that this was a sweet story.

Jana Tenbrook (Reviews from the Stacks) says

A great read for middle-grade and middle- to upper-elementary readers, especially those who love horses. Campbell's series is well-written, engaging, and filled with enough horsey details to keep any young horse fanatic entertained.
