NAS(Niggas Ain't Shit) Jessica N. Watkins

Most men cheat. As women, we've all experienced that. Yet, some men cause hurt beyond infidelity. Some men are so ruthless, conniving, and reckless with love that they selfishly destroy the lives of every woman that is unfortunate enough to cross their path. Some women haven't experienced this level of deception. Those women should consider themselves lucky. However, the unfortunate that fall victim to these magicians of trickery and manipulation aren't so lucky. To these women, unfaithfulness is a cake walk. Aaliyah, Tabitha and Jaleesa are examples of these women. Sometimes you can see a man's games from a mile away. Unfortunately, Nas and Moses put much effort in disguising their deception as unconditional love. There is no question that love is presumed to exist somewhere in these relationships. Yet, the drama that comes along with Nas and Moses' love is life damaging, and Aaliyah, Tabitha, and Jaleesa eventually learn that bad men love love too.

Fall into this gritty tale of deception, that goes far beyond petty unfaithfulness and lies, that will leave you realizing that some men simply ain't ****

This was a good book, however the ending left much to be desired. I wanted to know what happened next how did the characters deal with the aftermath of their decisions? Also, I don't typically care for books that follow several different points of view I feel if that many people need a point of view then they should have their own book and story line, but I was able to follow all the characters on their journey. I just wish the story felt more complete the ending was abrupt.

One of her best

I Can't wait for the sequel!!! It is a definite page turner! I Couldn't put this book down. I can't wait to find out what happens/happened to the remaining characters.

Good Book

This was a page turner, however I was expecting a more detailed endings. I wanted to know what happened to the characters. I am not sure if she is going to do a part 2 but it needs to be. Overall it was a good read.

Page turner

I was surprised at how much I enjoyed this book. I like urban lit, but not street lit. In street lit every man is the head of a cartel and every chick, his ride or die. This was a nice mix. I was almost ready to be done with this as soon as I learned he was a high school drop out who identified himself as a "street nigga". I decided to continue when she was identified as a very smart girl who's situation of being a teenage mom was the only thing keeping her from higher education.

Jessica Watkins never disappoints me...Very eventful. Its was hard to put down. This book is a perfect example of how we can give our all only to get bs in return. Nas got what he deserved, however I is that I could have read details of his karma. It was still a great read.

Wow!!!

This is my first read by this author and I am impressed. Great character and story development. I felt like I personally knew each character. Nas was definitely a force to be reckoned with. I can't wait for the 2nd part. Wait, there has to be one coming right?

Great read!!!

one of the best books I have read in a while. Jessica went in on this one. Characters were REALISTIC people in crazy situations...something missing in Urban Fiction right now. Read it straight through and loved it. Actually liked Nashiem's character. He was coldhearted and let it be known that he wasn't sh!t. He went all out to get rich and in certain ways I respect that. Moses was cool but he was a fraud rappin it but not living it. Really great read.

Page Turner!

This book was awesome, I really enjoyed it... The author definitely keeps you engaged. I like that it was quick and to the point.

In this day and age cheating is not unfamiliar. Unfortunately some men go above and beyond to hurt the ones that matter most.

Nas and Moses are your typical men. They both have familie but can't seem to leave the street life and all the drama it brings outside of their home.

Aaliyah, Jaleesa & Tabitha are prime examples of loving these type of men despite the situation. As lies & drama unfold these ladies will soon find out that their NAS!!!!

Hats off to Jessica!! This was my first story by her and definitely won't be my last. The first pages pulls you right in with the drama and carries it all the way to the end. I love that the setting took place in my home town. My emotions were all over the place. I can't wait to see what else these characters have in store

And is definitely the dude you don't want to find yourself in a relationship with. Aaliyah and Tabitha would soon learn the hard way that this man is only for self. While his boy Moses will also learn in which way his loyalty should truly lie

This was a really good read. I found myself yelling at the male characters as well as the female characters because they truly had me wondering what they were thinking. This book left me wondering a few things.

Good Read

If u like her Secrets of a Side B**** you will like this too. It's hood with realistic plot. Great characters that u can love and have

Blkstorm says

This book was so good!! Nas was the true meaning of a ninja who ain't squat. I couldn't believe how he controlled everyone around him with his lies and manipulations. As the book ends, it makes me think if it's really over. Despite the ending, there's some serious revenge in order. I can't wait to see what happens next.

Wow dirty ass niggas

Wow dirty ass niggas

You reap what you sow. This book had so many twist and turns, I didn't know what would happen next. Hopefully there will be a sequel. I loved all of the characters

Theresa Dorsey says

Good read.

I really enjoyed this book. I constantly keep waiting to see what you do with these characters. Just want you to know as a fan of your writing still curious about these characters they came in between your books and there story is not lost amongst you fans. Please let us know how there story ends.

Nicole says

Whew! When a man is selfish and cares about no one but hisself he'll do anything to anybody! Great read!
