### **Taneka says**

It took me a while to finish this book. Each story seems to have touched me in one way or another. I saw myself many times in its' pages. This is my first time reading a book from Kryon and I cannot wait to find more information about the entity.

I liked the Parables. I related most to Marla the mouse.

### **Annette Eccles says**

I enjoyed this book but didn't find it as transforming as his book "The Journey Home" which was my favorite.

#### **Excellent**

I love the work of Kryon and particularly the parables. They make so much sense of our lives. More please!

### **Victoria Farr says**

A quick read, 'greatest hits' collection of parables Kryon refers to often.

### **Greg says**

The stories are nice, but not stunning. For readers who are new to spiritual fiction, this collection might have greater meaning, but for those who are more familiar, there is little which is new.
