A crash reverberates throughout the land. A nurse named Hana, who provides medical care in North Africa, is surprised when a stunningly handsome man who had been transporting relief materials is brought in wounded. It is Alim El-Kanar, a great hero from her home country. He is the sheikh who brought prosperity to his country, yet he is considered missing after having disappeared. Why is he here? If he is truly who she believes him to be, his presence alone puts them all in danger. Behind the scenes, Hana is determined to prevent the hands of evil from reaching him.
