I actually read past this volume, the main girl and guy are shy and popular, and then she yelled. I was all like "YAY! SHE SAID SOMETHING!"

Yona says

It is so cute manga

Chrissy♥Dev says

The entire volume was sent on these two looking at each other walking away in the halls, trying to say a word to each other or even looking at each other. Yea I just can't continue to read this manga when theres so much better out there, the pace is too slow for me and no character building throughout so far. This is a pass for me.

Yousra & Books says

Yup, I spent 3 days reading each and every volume of this manga !
Suiren is the cutest Takane no hana I've ever seen. This manga is beautifully drawn.

Romina Rudas (City of Word) says

Ojala algún dia me calme con los mangas shojo escolar pero es que amo

Hardian says

Honestly, it reminds me of a love story in junior high school, the very first, young, love experience. So it's rather hard for me to think of their love as committed and serious one. As there are some sweet moments though I wish I could get rid of this doubt of realistic point of view that it's just their first love, they're still young, and then they'll grow up, meeting many other people with new loves and commitment, etc.

Regardless, I enjoyed the time the pov changed to such secondary characters as Ryosuke or Koharu, the-not-so-rival-in-love character. Perhaps because in such a perfect world which is just about time for the two main characters to get together, it requires more feeling to empathize the character with the unrequited love story.

Also perhaps that the author quite surprisingly developed her character pretty well.

Leana says

Hibi Chouchou manga, která je prost? a jednoduše roztomilá. Asi nenajdu lepší slovo, které by to lépe vystihovalo. Suiren a Kawasumi jsou tak nejistí a sotva promluví pár slov, ale oba jsou prost? neodolatelní.

Samantha wickedshizuku Tolleson says

This volume begins with Chapter 15-21.

That's all for now until I hit editing mode...
