### Luis says

Pasan las páginas y ni siquiera uno las siente. Es casi hipnotico, y averiguando por ahí me encontré con que este es el primer cómic de J. Luna. ¡Eso explica muchas cosas!

Voy por el tomo 6/15

### Leo says

This comic keeps getting better and better. Be sure to check it out.

### Callie Rose Tyler says

I just wish that more happened or that these issues were longer. So invested in the characters and the relationship that has been subtly crafted. This series is so worth reading!

---

### Jessie H. says

Oh man! That was both amazing and philosophical. I am absolutely loving this comic series! I need to get the next issue ASAP!

### Eric says

I hate... How short, how perfect, how it is everything. The feels, the moments, the laughter... Oh when Ada cried I hated how unfair it was. I hated knowing even though I was reading it on my iPad I knew exactly when I had gotten to the end. I hate. I hate... I hate how much I love this book :P

### Joseph Gagnon says

Ada has a mind of her own. She was screaming because it was the first time she was really using her physical senses. And she was processing all of her previous memories as experience instead of just recording them without impact. That ... is actually something I plan on playing around with in my own writing. It is not a pleasant experience by any means.

Alex is able to coax Ada out of her own mind, and now they are getting ready to leave the motel. Not much happened, but it was very gripping, and the artwork only added to how wrapped up I was in this issue. I'm still not sure where this is going, but I am definitely enjoying the ride thus far.

### **Anna says**

That feeling when it's 3 a.m., you're running out of issues of your new fav comics and you wanna screeeeeam.

Glad I got the rest of them immediately (well, in the morning. I'm not Ada. I need to sleep). Can't wait to read the rest of the series.

And if you haven't started it yet, please do so. You won't regret.=)

### **Shawn Birss says**

This series is great.

### **Sleeping with Ghosts says**

Ada tuvo que ser reiniciada, desprogramada. Por ende, un montón de información hizo colapsar su mente, y terminó a los gritos y pegándole a Alex sin querer. Me recuerda a una versión humanoide de Eva, de Wall-E. La portada es muy sexy, por cierto :\$
