## Attacked! Paul Moxham

Blending fact and fiction, this tale of adventure is set in 1940, just after the Germans invade France. It follows two British officers who parachute into the country in an attempt to rescue a French aircraft designer, a man whose designs could decide the fate of the war.

Split into 6 parts, this account of one of the darkest times of World War 2, told through the eyes of two British airmen, is a rip roaring tale that will have readers eagerly turning the pages right through to the end.

At roughly 9,000 words, Part 1 of the action/adventure serial known as Last Plane out of Paris, is an enjoyable action packed read.

After signing up to hinder the German advance, Bill Edwards finds himself in France after crash landing. He makes his way to the town of Nancy only to find that things are not what they seem.

Why isn't anyone talking?

Why is the plan doomed to fail?

And, with the Germans closer than they had ever imagined, what propels him to travel deeper into France?

Find out now by reading ATTACKED!

## **From Reader Review Attacked! for online ebook**

### **Kristin Rutledge says**

This book was pretty interesting at the beginning, but it was kind of boring and very short and sweet when you get into it. It does not explain everything, and I was bored to death by the continuous conversation.

---

### **Deborah says**

Paul Moxham's Last Plane out of Paris series was great! I have read all six books in the series and look forward to reading more from this author. "Attacked," is the first book in the series. It introduces two young British Officers who fly into France to rescue a French aircraft designer, whose designs could help England win the war against Germany. Join Bill and Jim as they find adventure and action from one page turner to the next. Can they succeed in their rescue with the Germans invading France? Stay tuned for each action packed book in the series.

---

### **Jamie Penwell says**

#### **Lots of action**

This short story was very fast paced fun to read. I love the history of it being around the time of world war 2 talking about the nazis trying to invade

---

### **Inzelet says**

#### **Wonderful book!**

I find this just as interesting and captivating as the other books. I just could not put the book down until I was finished. This book is recommended for everyone who loves brain adventure...lol!

---

### **Steve says**

eh! Well it wasn't terrible.

It was free.

---

### **Dina says**

Grammatical and syntax errors made it a bit difficult to get into properly. Once I got past the difficulty there, the entire book (all 6 chapters) were well done.

---

### **elaine m. suda says**

#### **On a Mission**

Thank you for this exciting story of intrigue. Being in a strange country and having to trust strangers took a lot of courage. I enjoyed the fast-moving storyline and all the characters.

---

### **Attila Ben? says**

Why is this book in 6 parts?! I could understand a 1000-page book being broken up into 6 pieces, but 21 pages for a book?

Despite some totally unrealistic scenarios, the story is mostly okay though.

---

### **Jacquel says**

#### **Very Exciting Beginning of a Series**

This story contains fast-moving action, interesting characters, and a story that takes place during World War II. I enjoyed it.

---

### **Angela Lambkin says**

#### **What will happen now to Jom, Bill and Pierre?**

I found this to be a very interesting story myself about a war in France with the Gestapo and the Germans wanting to fight the French. There may have not been any illustrations within the manuscript itself but the author I thought had used the right words to illustrate this story and was able to keep a reader sitting on the edge of their seat, wondering what will happen next. These are my reasons for rating this as a five star ebook for young adults if I may recommend this for this age level especially or anyone old enough that enjoys reading war stories such as this without any violence. A clean story.

I received this for free and in return, here is my honest review.

Super work Paul! By Sunny
