Bear Your Teeth Lynn Red

Paprika Lewis is a copper-haired, curvy-and-petite, rabbit shifting smart ass with two BIG problems. First of all, she's got a pair of buckteeth the size of Kansas that pop out every time she has a dirty thought. She might not win any marathons, but when it comes to dirty thoughts, Rika might be a world champion.

Those dirty thoughts are usually about a guy named Thor who happens to be her dentist, which is the second problem. It's great that she can really enjoy her cleanings, but when the guy she's sweet on looks down her throat regularly. Not so hot.

Oh, and Thor isn't just a stormy-eyed tooth expert. He's also the biggest, baddest, alpha werebear east of the Mississippi. Maybe west of it too, it's hard to keep track.

One thing's for sure though. Rika can hardly get her teeth cleaned, or floss at night, without thinking about those thick legs, and that trim waist that she imagines would be just about the perfect place to wrap her legs and let him... Whew! That might be Rika getting ahead of herself, which she does a lot.

Then again, with Thor's dental practice on the rocks, her BEARY big dentist is looking for somewhere else to go. Little does Rika know that he doesn't plan on leaving town without HER!

But Rika – for all her exciting impulsiveness – has been bit once too many times to be the most trusting rabbit in the world. Will Thor be able to prove to her that she's all he wants? Or will Rika's self-doubt—and those damn teeth—keep her from letting this big, bad bear into her heart?

The Jamesburg Shifters is a standalone series of steamy shifter romances you can read in any order you like! Jump on in, the water's... really, really hot!

This novella was originally released as part of the ON THE GROWL anthology.

No complaints here!

Paprika is a bunny shifter with the hots for a town dentist. Thor finally decides to do something about his feelings about a patient. There is a lot of confused emotions between the both of them. Read and find out what happens. You won't regret it.

Rabbit And Bear...Ok

This is a quick funny read. Her teeth buck out and break her retainer when she dreams about sex. He the dentist she goes to see when this happens. and he is the one she dreams about. Enjoy I did.

I had high hopes for this book but I found the writing style boring and the characters annoying.... I found myself dying for it to end

Heather andrews says

Thor could be a weenie I mean the boy needed some balls at times and Rika is not a bashful girl, "one breath, Rika was staring straight at the wall, fist clenched. In the next, she swung around, whap against Thor's jaw. "Why did you do that? After all the stuff we said? You just ran." This one was okay Thor was as alpha as I wanted him to be.

I cannot describe how much I loved all the stories in this series. I laughed so much at times that I snorted, cried and woke my husband up from a dead sleep. I would love to visit the town where the story takes place. I have enjoyed all the stories in this series. I felt as if I was "in" the story. It read well. I liked the characters.
